Joseph Joseph

**Kitchen | Bathroom | Utility**
Spring 2018

## It all started with a chopping board.

Twin brothers, Antony and Richard Joseph, grew up in a family with a long history of design and manufacturing. Originally set up by their grandfather in the 1930s, the family business specialised in the production of glass components and the brothers spent part of their summers working in the factory.

In 1999, having both trained in product design, the twins embarked on their early careers. As a sideline to their jobs, and with the support of their father, they utilised the capabilities of the factory in Birmingham to develop their own range of contemporary glass chopping boards.

But what started out as a fun project soon became the seed of a new business idea. After early success with their bold, colourful designs their entrepreneurial spirit kicked in and, in 2003, the Joseph Joseph brand was born.

Whilst glass chopping boards were just the start, the brothers were also designing other innovative kitchenware products and this gradually developed into a broader range of housewares.

What quickly became a key foundation of the brand was a simple observation - many tasks around the home could be made much easier and more enjoyable with a little intelligent thinking. It was this problem-solving approach, and the ability to combine it with a distinctive design aesthetic, that created some of their most iconic kitchenware and has made Joseph Joseph one of the world's most progressive houseware brands.

There's something special about a Joseph Joseph product that sets it apart from the competition. First it engages you with its distinctive design; then it captivates you with its functional benefits; finally, it assures you with its high-quality materials and attention to detail.

Joseph Joseph's ability to blend innovative design, contemporary styling and a distinctive use of colour is unique within the industry. While many brands concentrate on just one of these aspects, Joseph Joseph focuses on the whole user experience - creating products that work beautifully and are a pleasure to have around the home.

Since 2003 the brand has expanded successfully into many product areas and it continues to explore new houseware categories. It may have all started with a simple glass chopping board, but Joseph Joseph is now one of the fastest growing companies in the worldwide housewares market and it continues to earn accolades and awards for its unique, innovative designs.

# Inventions for the home

At Joseph Joseph we love solving everyday problems through intelligent design.

Whatever the challenge, or wherever in the home it occurs, we apply the same inventive thinking to everything we do. Our mission is to create desirable products that enhance everyday life and stay true to our philosophy of creating *Brilliantly Useful Design*.

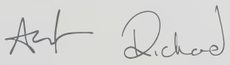
This spring we're delighted to bring you our most comprehensive range of products to date. In the following pages you'll discover inventive designs not only for the kitchen and utility room, but now also for the bathroom too.

Key innovations include a brand new collection of kitchen gadgets, for preparing everything from avocadoes to zucchini; a stunning dry food storage solution, which takes stacking to a whole new level; and an expanded range of practical but smart utility products, all designed to keep a variety of kitchen essentials in order.

This season, some of our biggest-selling chopping board designs get a refresh too. Both Index™ and Cut&Carve™ are sensitively reimagined in beautiful, natural bamboo. Not only do these products look stunning on the worktop, but they also retain all of their unique, category-leading features.

Following the successful launch, in the autumn, of our very first range of bathroom products, we're expanding the collection with an additional colourway. Now these revolutionary designs have an even broader appeal and should suit just about every bathroom colour scheme.

These are just some of our own personal favourites from this exciting season. We're sure you'll have yours too, so please read on. But before we go, we'd like to wish you all a happy and profitable 2018.



*Antony and Richard Joseph*

## GoAvocado™
3-in-1 avocado tool

Designed by Griffik
Design registered

Preparing avocados can be difficult, messy and even hazardous if using a sharp knife. This handy gadget though provides the complete avocado preparation tool, allowing you to open, de-stone, scoop and slice all in one. It features a fold-out plastic blade, a stainless-steel pitter, a curved slicing head and an ergonomic, soft grip handle.

Dishwasher safe.

## Poach-Pro™
Set of 2 egg poachers

Design registered

This inventive design allows you to cook professional-style poached eggs in water, without the mess. The two-piece design effectively creates a cling-film/plastic-wrap pouch, which neatly holds the raw egg as it cooks, ensuring an even shape and a mess-free pan. What's more, the pouch allows you to infuse your eggs with other flavours, such as herbs and spices, whilst cooking for a delicious alternative to traditional poached eggs.

Dishwasher safe. Cling film/plastic wrap required. Full instructions included.

Allows you to infuse eggs with herbs and spices

## Nest™ Colanders
2-piece set with easy-pour corners

Design registered

Nest™ is the ultimate collection of practical, space-saving kitchenware. Each product in the range has been cleverly designed so that the individual elements within each set can be stacked neatly together, thereby occupying the absolute minimum amount of space.

This set of two colanders feature ergonomic vertical handles that leave one hand free for operating the tap and ensure they remain upright and stable if placed in a sink. Their angled corners make emptying food easier and the vertical holes allow liquids to drain away quickly. The two sizes nest neatly together for space-saving storage but also allow you to wash and drain different foods separately.

Dishwasher safe.

## Helix
### Ergonomic food presses

Design registered

Unique twisting action makes crushing easier

Helix Potato Ricer - perfect for mashing a variety of cooked vegetables

Most hand-held juicers and presses require strong hands to operate and their vertical squeezing action can often be awkward to use. With the Helix range, however, the squeezing force is applied horizontally, which is much more comfortable and utilises the power of the shoulders as well. In addition, the unique, twisting mechanism multiplies the force used, which means you get more squeezing power from less effort. The 2-piece design is made from stainless steel and nylon and can be separated for easy cleaning. The Helix range includes a garlic press, potato ricer and citrus juicer.

Dishwasher safe.

Helix Garlic Press - crushes multiple cloves at once

Helix Citrus Juicer - ideal for squeezing lemons and limes

(7 x 1¾ x 2¼ inches)

## Spiro™
### 3-in-1 hand-held spiralizer

Design registered

Many spiralizers can be fiddly to use and they often create piles of messy noodles. Spiro™, however, makes spiralizing super neat and easy with its clever, compact design. It comes with two styles of spiralizing blade – coarse and fine – for different noodle thicknesses, plus a handy grating blade. It features a soft-grip lid, for easy turning, and two guide arms that help keep food straight as you twist.

Most importantly, it has a clear base that collects food as you cut – keeping everything nicely contained and your worktop cleaner. After use, the three blades and the lid store neatly together with the base for compact storage.

Dishwasher safe.

## Handi-Grate™
### 2-in-1 mini grater and slicer

Design by Goodwin Hartshorn. Design registered.

This beautifully compact mandoline has razor sharp stainless-steel blades, set either side of its design, for grating and slicing small foods such as garlic, ginger and mini vegetables. The design features an ergonomic handle, a non-slip tip and a sliding finger-guard on one side for added safety when slicing. It also comes with its own protective sheath for safe storage.

Dishwasher safe.

**(20049)**

**Dimensions** 28 x 5 x 2 cm (11 x 2 x ¾ inches)

## Handi-Zest™
### Mini zester with integrated blade wiper

Design by Goodwin Hartshorn. Design registered.

One of the problems with conventional zesters is that it can be tricky removing all that precious zest from their blades after grating. Handi-Zest, however, comes with its own mini blade wiper that neatly collects any remaining zest from the back of the blade. Using the wiper, simply slide the zest along the length of the blade to the hole at the end where it can be easily removed. The design comes with its own protective sheath for safe storage.

Dishwasher safe.

## Prism™
### 4-in-1 box grater with storage container base & lid

Design registered

This neat box grater combines four types of grating blade into its pyramid-shaped design and comes with a base for collecting grated food and a lid for storage. The sharp stainless-steel blades are perfect for grating a variety of foods such as cheese, vegetables and whole spices or even zesting citrus fruits.

The handy, snap-on lid means that any unused grated food can be conveniently stored in the container for another time and, after use, the entire blade section can be flipped over and placed inside the container for extra-safe storage.

Dishwasher safe

**Dimensions** 15.5 x 19 x 5.5 cm (6 x 7½ x 2 inches)

Conveniently grate straight into container

Perfect for storing unused grated food in fridge

## Multi-slice™
### Multi-function cheese plane

Design registered

This stylish cheese plane incorporates two handy blades in one useful tool. The main blade is perfect for slicing medium cheese - such as cheddar and emmental - and features an embossed surface to prevent slices sticking. The secondary blade is much finer and therefore ideal for shaving hard cheese such as parmesan. The design also features an ergonomic, easy-grip handle.

Dishwasher safe.

## Twist Grater™
2-in-1 etched grater with adjustable handle

Design registered

This versatile grater has been designed to adapt to different grating tasks and foods with ease. Firstly, it has two different styles of etched stainless-steel blade set either side of its grating surface. Secondly, its handle has two different grating positions for maximum convenience.

With the handle locked in the straight position, it's ideal for grating directly over plates and dishes. But when you twist and lock the handle 90° it creates a naturally sturdy shape for resting on the worktop, providing more support when grating larger quantities of food.

It comes with a reversible plastic sheath that protects the blades when stored but can be flipped to allow you to collect and measure grated food. Available in three colours and blade configurations - Coarse & Fine, Extra Coarse & Ribbon and Star & Extra Fine.

Dishwasher safe.

## Multi-peel™
Multi-function peelers

Designed by Goodwin Hartshorn
Design registered

Multi-peel™ is a comprehensive range of four highly-effective peelers. Each tool has a high quality stainless-steel blade, multiple added functions and ergonomic, easy-grip handles. The range includes two different straight-bladed peelers for everyday use, a serrated peeler for soft skinned fruit or vegetables and a julienne peeler for more specialised requirements.

So whether you need the perfect blade for preparing potatoes or one for adding the final flourish to culinary masterpieces, the ideal tool is in your hands. All peelers come with a protective blade guard.

## Disc
### Easy-clean pizza wheel

Design registered

This handy kitchen gadget allows you to divide up pizzas, pastries and sandwiches effortlessly with its circular stainless-steel blade. The ergonomic design includes a clever non-slip silicone palm grip that can be reversed to create a handy blade guard for safe storage. But best of all, when it comes to clearing up, the blade simply pulls out from the case, making it very easy to clean.

## Can-Do Plus

### Can opener with integrated ring-pull hook

Design registered

Can-Do Plus is a clever, compact opener that makes opening most types of can quick and easy. It has a large, easy-twist mechanism that locks itself on to the lid as you start to twist and an easy-release button for disposing of the lid after removal. It features a single, smooth handle for extra support and has an integrated hook at the end for prising up the metal rings on ring-pulls cans.

Suitable for left or right-handed operation. Wipe clean with a damp cloth.

## Rocker™

### Garlic crusher

Designed by Goodwin Hartshorn
Design registered

By using downward pressure and a 'rocking' motion, this stylish tool breaks up garlic cloves quickly and easily, forcing the pieces up through the array of small holes in its base. The crushed pieces are then held in the curved design, allowing them to be spooned or scraped conveniently into a pan or bowl.

Additional cloves can also be crushed at this stage before emptying. Rocker™ is easy to clean under running water but is also dishwasher safe.

Available in a range of colours or in brushed metal.

To crush, rock back and forth over clove pressing firmly

## Scroll™
### Silicone garlic peeler

Designed by Griffik
Design registered

Peel garlic quickly and easily with this simple, elegant design. Simply insert whole cloves into the centre of the roll, place down on to the work surface and then roll several times backwards and forwards with the palm of your hand. The polished silicone surface inside quickly removes the garlic skin leaving perfectly skinned cloves ready for chopping or crushing.

Unlike other silicone garlic peelers, Scroll™ can be completely unrolled which makes filling, emptying and cleaning much easier.

Dishwasher safe.

Roll to peel garlic cloves

Unrolls to fill and empty

**(20059)** *USA only*

**Dimensions** 28 x 5 x 2 cm (11 x 2 x ¾ inches)

## Shred-Line™
### Stainless-steel garlic and ginger grater

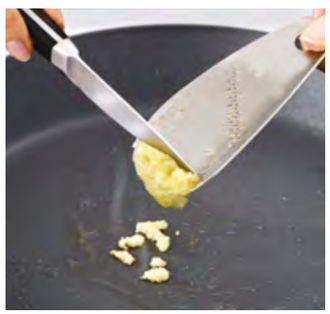
Designed by Griffik
Design registered

Make authentic homemade garlic or ginger paste quickly and easily with this neat kitchen tool. Its sharp, double-action cutting teeth make short work of cloves and fibrous ginger roots and its smooth surface makes removing the pulp easy. Its versatile design means it can also be used for grating nutmeg and other whole spices.

As it's made from stainless steel, Shred-Line™ can also help remove garlic odour from fingers when washing by hand.

Dishwasher safe.

Makes garlic and ginger paste fast



Add straight to a pan

Shred-Line™
**(20039)**

**Dimensions** 11.8 x 5.7 x 1.2 cm (4¾ x 2¼ x ½ inches)

## Clean-Press
### 2-piece easy-clean garlic press

Designed by Goodwin Hartshorn
Design registered

The unique, 2-piece design of this garlic press makes the task of crushing garlic cloves much easier and less messy. Like a conventional garlic press, whole cloves are forced through a pierced extruder plate by squeezing the two levers together. Unlike conventional presses the two levers can then be separated enabling the top one to be used as a handy scraping tool for removing crushed garlic from the front of the extruder plate. The remaining skin or pulp can then be removed with the tip of the lever from the extruding chamber. The unit can be washed under running water where its cone-shaped holes prevent any remaining garlic pieces from being trapped.

Dishwasher safe.

Clean-Press
**(20067)**

**Dimensions** 3 x 19.3 x 4 cm (1 x 7½ x 1½ inches)

Easy to crush

Easy to remove skin with tool tip

Easy to remove garlic with tool edge

Easy to clean

## Milly™
### Mess-free salt & pepper mill

Designed by Morph
Design registered

Styled to look like a salt & pepper shaker, this playful design turns the conventional salt & pepper mill on its head – literally.

To use, simply invert the unit and twist the base to grind. The extra-large holes in the cap allow the grounds to fall out, but when the unit is placed down, the cap helps capture and contain any excess salt or pepper.

A clear acrylic window in the body means you can see exactly what the contents are and when they are running low, and the unit is easy to fill and clean. Its tough, ceramic mechanism is also fully adjustable to grind from fine to coarse grain.

Wipe clean with a damp cloth.

Simply twist base to grind

Removable cap catches excess grounds

Adjustable ceramic mechanism

Remove base to fill

## FlavourBud™
### Marinade injection tool

Design by Griffik. Design registered

Ensure moist, flavoursome meat and poultry with this handy preparation tool. It comprises a hollow stainless-steel nozzle that is attached to a soft silicone bulb. Simply squeeze the bulb to fill with marinades before injecting them deep into the centre of your favourite meat.

After use, the nozzle can be removed for easy cleaning and then reversed so that it stores safely inside the bulb.

Dishwasher safe.

FlavourBud™
**(20035)**

**Dimensions** 13 x 5 x 4.5 cm (5¼ x 2 x 1¾ inches)

Infuse flavour into meat and poultry

Squeeze to fill with marinades

Nozzle stores safely inside bulb after use

Compact when stored

## Delta
### Ergonomic folding masher

Design registered

Conventional mashers can be awkward to store due to their long handle and mashing head that are fixed at right angles to each other. Delta solves this problem as the head can be neatly folded flat after use. Before using, simply lock the mashing head in position with the small sliding collar located on the shaft. After use, slide the collar back up the shaft and secure it at the base of the handle.

As well as being easier to store, Delta is also more efficient to use. Its curved mashing plate is designed to fit better into the edges of a pan, which means more potato is squashed with each plunge of the masher. Suitable for non-stick cookware.

Dishwasher safe.

More compact when stored

Slide collar along shaft to lock mashing head

Mash right up to the pan edge

Delta
**(20095)**

**Dimensions**
Folded: 10 x 10 x 30.5 cm (4 x 4 x 12 inches)

NEW

## YolkCatcher™
### Egg-yolk separator with collecting base

Design registered

Separating egg yolks when baking can be messy and time consuming. This clever design, however, allows you to quickly and easily separate multiple yolks from the "white", saving you valuable preparation time. It separates up to 6 eggs at once and includes an integrated egg cracker and a collecting base to catch the egg white. Simply flip the lid after use for space-saving storage.

Dishwasher safe.

Container base catches egg whites

Pouring spout

Flip lid for space-saving storage

Separate up to 6 egg yolks from their whites

YolkCatcher™
**(20115)**

**Dimensions** 13 x 7.1 x 13.5 cm (5 x 3 x 5¾ inches)

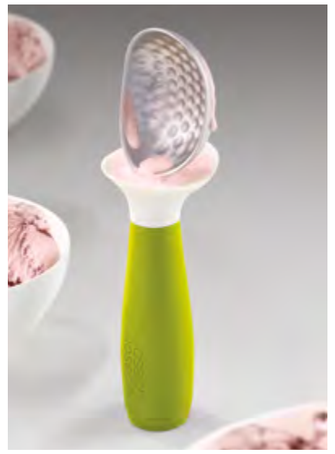
## Dimple™
### Non-drip ice-cream scoop

Design by Griffik
Design registered

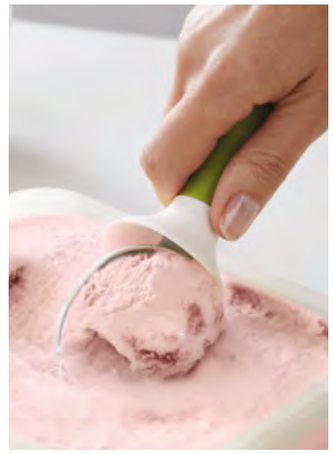
Create less mess when serving ice cream with this thoughtfully designed scoop. Firstly, it has a plated zinc-alloy head with a faceted surface which helps release scooped ice cream more easily. Secondly, the tip of its weighted handle is flat which means it can be stored upright between scoops, rather than placed down on the worktop or stuck into tubs.

Lastly, it has a flexible silicone collar that catches any melted ice cream and drips before they run down the handle, leaving you free to enjoy your favourite dessert without sticky hands or worktops.

Dishwasher safe.



Collar catches drips when stood upright



Easy-release scooping head

## Catcher™
### Citrus reamer with pip catcher

Design by Graeme Davies
Design registered

Ensure you get the whole juice and nothing but the juice with this innovative citrus reamer. With conventional hand reamers, the extracted liquid needs to be strained before use to remove any unwanted pips and fruit pulp. The design of Catcher™ helps eliminate this problem with its soft rubber cup underneath the reaming head, which catches any debris whilst allowing precious juice to drain through.

More comfortable to use than a horizontal hand juicer, Catcher™ is perfect for all kinds of citrus fruit.

Dishwasher safe.

**Dimensions** 16.5 x 8.5 x 7 cm (6½ x 3½ x 2¾ inches)

## Elevate™ Kitchen Tools
with integrated tool rests

Concept by Gillian Westley
Designed by Derek Roberts
Design registered

The Elevate™ range of kitchen tools has been specifically designed to improve hygiene and minimise the mess made by placing utensils onto kitchen surfaces during use. Each tool has an innovative, weighted handle with an integrated tool rest, ensuring that when an Elevate™ utensil is placed down, its head is always raised from the work surface.

The Elevate™ range comprises a variety of essential kitchen tools - including spoons, turners, tongs and spatulas - in a host of materials. Tools with nylon heads are perfect for use with non-stick cookware and are heat-resistant up to 200°C/392°F. Those with silicone heads are heat-resistant up to 270°C/520°F.

**Elevate™ Nylon & Silicone**
Nylon tools are available individually or in a variety of sets, which come stylishly boxed, making them an ideal gift. The Elevate™ Carousel Set comprises six tools from the range with a rotating storage stand. Made from tough ABS plastic and with a non-slip rubber base, the carousel is perfect for storing on the kitchen worktop.

Simply twist the top of the unit to rotate for easy tool selection. All Elevate™ Nylon tools come with heat-resistant silicone handles.

Tools - dishwasher safe.
Carousel - wipe clean with a damp cloth.

## Scoop™ Plus
### Colander

Design by Morph
Design registered

This simple but effective kitchen utensil allows you to scoop, drain and serve food straight from a hot pan or baking tray. It's available in two sizes, both with silicone handles and each with their own individual features.

The large version incorporates small pan hooks on the underside of the tool head that allow you to conveniently rest it on the side of a pan as it drains. The small version has a specially designed front edge that makes it ideal for scraping food from non-stick baking trays. Both sizes are heat resistant up to 200°C/392°F.

Dishwasher safe.

## Twist™
### 2-in-1 silicone whisk

Design registered

reddot design award
winner 2012

This innovative product incorporates two essential whisks in one stylish design.

As a flat whisk, Twist™ is ideal for mixing sauces in low pans or for making gravy in roasting trays. Its silicone-coated steel wires are suitable for non-stick cookware and are perfect for combining ingredients together, preventing them from burning on the bottom of a pan.

With a simple turn of the handle, Twist™ also becomes a highly effective balloon whisk, allowing egg whites to be whipped into perfect peaks. Twist™ can be easily dismantled for cleaning and, after use, can be closed flat for convenient storage in a drawer. Its silicone-coated wires are heat-resistant up to 270°C/520°F.

Dishwasher safe.

## Nest™ Utensils Plus
### Compact kitchen tool set with magnetic storage stand

Designed by Studio17 Design
Design registered

reddot design award
winner 2012

Nest™ is the ultimate collection of practical, space-saving kitchenware comprising a unique range of food preparation sets. Their innovative design allows the individual elements within each set to be stacked together, thereby occupying the absolute minimum amount of space, wherever they are stored.

Nest™ Utensils Plus is the latest update to this range. Comprising five essential kitchen tools, this innovative design now comes with a separate storage stand which holds any utensils that aren't in use. When nested together, each tool is held securely in place by small magnets in the handles. This colourful set not only looks great, but its compact design eliminates the need for an additional utensil pot.

All utensils are heat-resistant up to 200°C/392°F and are dishwasher safe.

# Knives & Cutting

## LockBlock™
### Self-locking knife block

Design registered

For parents with young children, safety around the home is paramount. And when it comes to sharp kitchen knives many people feel happier hiding these items away in a drawer.

But then the drawer needs to be secured, the blades can be easily damaged and the knives can be dangerous to take out when needed.

LockBlock™, however, provides the perfect solution. The innovative design locks knives safely inside the block and requires an adult-sized hand to operate it, meaning that most children aged 5 and under will be unable to remove any knife*.

As each knife is placed inside a knife slot, its blade is held securely by the unique Cam-lock™ mechanism. Pulling on a knife only increases the force of the grip so knives cannot be simply forced out of the block.

CHILD-PROOF* MECHANISM
DESIGNED FOR PEACE OF MIND

*In tests 96% of children aged 5 and under were unable to remove knives. This product is not a substitute for adult supervision. Always keep knives away from children and never leave a child unattended.

To remove a knife from LockBlock™ the release button, situated on either side for left and right-handed operation, needs to be firmly pressed.
But due to its position and the force required to press it, only someone with an adult-sized hand can do this.

The mechanism inside won't damage expensive knife blades as it has a smooth rubber surface so it holds the knife blade without scratching. LockBlock™ includes a set of 6 high quality knives that are made from Japanese 420J2 stainless steel and have precision, taper-ground edges for effective use.

These knives are made from Japanese 420J2 stainless steel and have precision, taper-ground edges for effective use. Their ergonomic handles have a textured, non-slip grip and a large bolster to help protect fingers. They are also colour-coded to match their corresponding knife slot.

Knives - wash and dry by hand.
Block - wipe clean with a damp cloth.

## Rota™
### Folding knife sharpener and honer

Design by Studio17 Design. Design registered.

The unique, swivelling design of this stylish knife sharpener provides two key features. Firstly, when opened out, it creates a safe, ergonomic handle to hold when sharpening. Then, when finished, the handle folds neatly away again, creating a compact unit that stores easily in a drawer. It has coarse and fine ceramic sharpening wheels for maintaining knives with a variety of blade conditions from dull through to damaged edges. Non-slip feet on the base give added stability.

Suitable for most types of stainless-steel knives. Not suitable for serrated or ceramic blades. Wipe clean with a damp cloth.

## CookBook™
### Compact folding bookstand

Designed by Damian Evans with Bernard Sinclair
Design registered

The problem with most bookstands is their bulky size and awkward shape which takes up valuable space when not in use. The unique design of CookBook™ avoids this, as it opens and folds exactly like a book, which means it can be stored neatly on a bookshelf until required. When opened, the bookrests, page holders and back stand automatically fold out, providing solid, angled support for most sizes of book or even a tablet. A non-slip foot at the base of the spine keeps the unit safely in place on the work surface during use.

Wipe clean with a damp cloth.

## TriScale™
### Compact folding digital scale

Designed by Morph
Design registered

HouseBeautiful AWARDS 2013
Gold Award

This unique digital scale brings a whole new meaning to the concept of space-saving kitchen gadgets. When open, its three arms provide a stable platform on which to place bowls and other items for weighing. When closed, the unit folds down to an extremely compact size, enclosing and protecting the screen and controls, which makes it perfect for storing in a kitchen drawer. It has an easy-to-read LCD display, touch-sensitive controls and an auto power-off feature.

A convenient 'add and weigh' function also allows multiple ingredients to be measured in the same bowl during recipe preparation. The scale weighs/measures in the following units: g, lbs oz, fl.oz and ml.

Powered by 1 x 3V CR2032 battery (included).

## SwitchScale™
### 2-in-1 digital scale with reversible lid

Designed by Morph
Design registered

This multi-functional digital scale is a versatile kitchen device which offers two options for weighing. You can either place items or bowls directly on to its top, or flip over the integrated lid to create a measuring bowl for weighing loose ingredients or liquids. Featuring an easy-to-read back-lit LCD display and touch-sensitive controls, it's ready to weigh both liquids and dry foods in the following units – gms, lbs, ozs, fl.ozs, mls up to a maximum capacity of 5kg/176.4 fl.oz/11lb/5000ml.

A convenient 'add and weigh' function allows multiple ingredients to be weighed during recipe preparation and an auto power-off feature maximises battery life. It also has non-slip silicone feet.

Bowl - hand wash. Scale - wipe clean with a damp cloth. Powered by 3 x AAA batteries (included). Internal mechanism 2-year guarantee.

Quickly weigh whole items by placing on lid

Flip lid to create bowl scale

# Baking

Stainless-steel dough cutter

## Duo Bake™
2-in-1 preparation tool

Design by Morph
Design registered

Comprising two handy baking utensils in one compact design, this clever tool simplifies the task of dough preparation. Firstly a silicone bowl scraper allows you to get every last bit of mixture from the inside of the bowl. Then a stainless-steel dough cutter makes short work of slicing through your dough, with measurements etched on the blade edge to help you divide it up into evenly-sized pieces. When you're finished it also makes the perfect tool for cleaning up your work surface too. Both tools attach neatly together magnetically for compact storage.

Dishwasher safe.

Silicone bowl scraper

Measurements for even cutting

Magnetic design fits neatly together

**Dimensions** 14 x 13.5 x 1 cm (6¾ x 5½ x ½ inches)

*Also look out for...*

**Tilt™**
Ergonomic mixing bowl

See page 42

Mix as you sieve

Handle removes for easy cleaning

**Dimensions**
Large 41 x 20 x 7.5 cm (16 x 7¾ x 3 inches)

## Shake-it™
Self-tapping sieve

Design registered

This simple design makes sifting flour quick and easy with its single-handed operation. As you shake, the sieve handle gently rocks from side-to-side in your hand, stopping sharply as soon as it reaches its furthest point. This movement cleverly simulates the process of tapping the sieve with your other hand, causing the flour to fall. As some recipes benefit from flour being sifted and mixed at the same time, this ingenious design ensures one hand is free for stirring and folding as you sieve. Available in two sizes, it features a fine stainless-steel mesh and the handle can be removed for easy cleaning. Dishwasher safe.

Shake-it™
Large **(20054)**

## Fin™
Silicone bowl scraper with integrated foot

Design registered

This flexible silicone bowl scraper is both useful and hygienic. Its curved form is perfectly shaped to fit the sides of mixing bowls and it has an integrated foot that allows it to be placed down during use, preventing the scraping edges and food touching your work surface. The design also includes a hanging hole for versatile storage. All in all, a great baking tool that reduces mess and improves hygiene. Dishwasher safe.

Store upright between uses

Fin™
**(20076)**

**Dimensions**
12.5 x 2.5 x 12 cm
(5 x 1 x 7 x 4¾ inches)

Shaped to fit the sides of mixing bowls

## Glaze
### Refillable silicone pastry brush

Design registered

When glazing food before baking, it can be time consuming and messy having to keep dipping your pastry brush into a bowl of glaze mixture. This simple, clever design solves this problem as it has a squeezable, silicone base that can be filled with a variety of glazing liquids. Conveniently, this also allows it to stand upright between uses. It comes with two interchangeable heads – one for egg wash and one for sugar glaze or milk – and has flexible, silicone bristles which are hygienic, easy to clean and won't fall out into your food, unlike natural brush bristles.

Dishwasher safe.

Easy to fill

Non-dip brush creates less mess

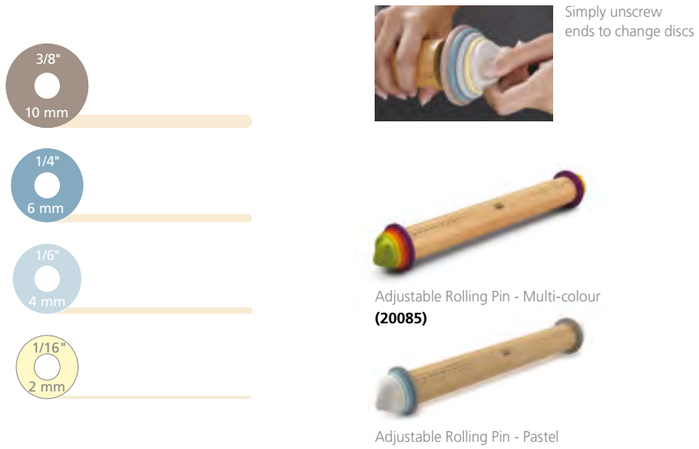
## Adjustable Rolling Pin

Design by Damian Evans

This innovative rolling pin takes the guesswork out of preparing biscuit dough, pizza bases and pastry. It comes with four sets of removable discs that raise the rolling surface by different amounts, to create exactly the required pastry thickness – either 2 mm, 4 mm, 6 mm or 10 mm (1/16, 1/6, 1/4 and 3/8 inches).

Now available in a sophisticated new pastel colour palette, this ingenious device also ensures that pastry or dough is rolled to an even thickness throughout and to the exact size required, via measurements on the surface of the rolling pin. Discs - dishwasher safe. Rolling pin - hand wash only.



Simply unscrew ends to change discs

Adjustable Rolling Pin - Multi-colour
**(20085)**

## Index™ Bamboo

Folding chopping board with non-slip feet

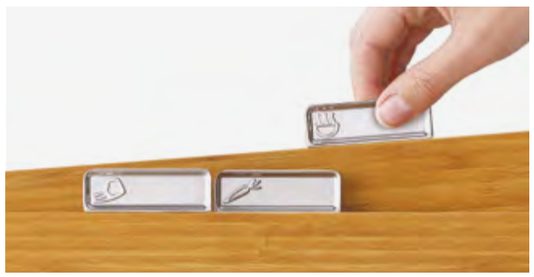
Design registered

Designed to reduce cross-contamination of different food types, Index™ Bamboo comprises three food-specific chopping boards with a sturdy metal storage stand. Each board is made from tough, natural bamboo and features an index-style tab indicating which food type it should be used for – raw meat, cooked food or vegetables. Each board slots securely onto the metal stand which also features non-slip feet.

Chopping boards - Wash by hand and wipe dry (do not soak). Storage stand – wipe clean with a damp cloth.

Tough bamboo surface resists marking and is more hygienic than other wood

Metal base holds each individual board securely and has non-slip feet



Index-style tabs on each board indicating its specific function

## Cut&Carve™ Bamboo
Multi-function chopping board

Design registered

This heavy-duty chopping board is made from tough, natural bamboo and features an integrated food grip for holding meat, vegetable and bread whilst cutting. It has an angled cutting surface - to help catch meat juices and breadcrumbs - and easy-pour corners. Handle recesses on the sides make carrying easy and non-slip feet on the base help keep it in place whilst cutting. Its beautiful natural finish is complimented with an etched stainless-steel badge set into its front edge.

Wash by hand and wipe dry (do not soak).

Central food grip for holding meat, vegetables or bread whilst cutting

Easy-pour corners

Handles for transferring from kitchen to table

Angled cutting surface catches meat juices and bread crumbs

**Dimensions** 40 x 30 x 3.5 cm (15.4 x 12 x 1½ inches)

## Chop2Pot™ Bamboo
Folding chopping board with non-slip feet

Design registered

Our ever popular Chop2Pot™ folding chopping board design is reimagined using high-quality bamboo. As well as providing a beautiful natural look, the hard-wearing properties of bamboo make it ideal for all types of food preparation tasks.

A single silicone hinge down the middle makes it easy to fold and pour food to a pan, and it features non-slip silicone feet on the base. Available in two sizes.

Wash and dry by hand.

# Index™
## Hygienic chopping board sets

Design by Damian Evans
Design registered

Since its launch in 2008, Index™ has been a worldwide bestseller, helping reduce cross-contamination of food with a simple-yet-effective, colour-coded system of boards. Whilst the original concept has always remained the same, the range has undergone a series of design refinements and product extensions over the years, culminating in this latest range of iconic products.

**Index™ Regular & Large**
This latest variant features the same key benefits of the original, but with an updated case design. As before, the knife-friendly boards feature easy-grip tabs with food-type icons, non-slip feet on both sides and sloping edges to catch crumbs and liquids. The storage case also has a non-slip base.

Chopping boards – dishwasher safe.
Storage case – wipe clean with a damp cloth.

### Index™ Compact

Index™ Compact is the latest variant in the range and features the same key benefits of the original, but with a design that is specifically tailored to smaller kitchens. Firstly, the upright case design takes up less room on the worktop and secondly, its open sides mean that the boards can be easily taken out, even when stored underneath cupboards. As before, the knife-friendly boards feature easy-grip tabs with food-type icons, non-slip feet and sloping edges to catch crumbs and liquids. The storage case also has a non-slip base.

Chopping boards – dishwasher safe. Storage case – wipe clean with a damp cloth.

## Nest™ Chop

Set of 3 nesting chopping boards

Design by DonaldWentworth
Design registered

This compact set of chopping boards includes three sizes of board each with a curved profile at one end. The unique design feature provides two useful functions. Firstly it allows the three boards to be neatly stored together as a freestanding unit on a kitchen worktop. Secondly, it creates a handy chute down which chopped food or food waste can be easily guided. Each board also features a textured, knife-friendly cutting surface and non-slip feet.

Dishwasher safe.

## Pop™

Set of 3 chopping mats

Design registered

This colourful set of chopping mats are perfect for a range of food preparation tasks and conveniently snap together for easy storage. Each board has a double-sided, knife-friendly cutting surface and is clearly colour-coded, making it easier to keep specific mats for specific tasks. The 'hole' detail is designed to allow the mats to be joined by simply pushing together, and it also provides the perfect hanging point.

Dishwasher safe.

## Chop2Pot™
### The original folding chopping board

Designed by Mark Sanders. Design registered.

Chop2Pot™ is our original, award-winning folding chopping board. Laid flat, it provides a durable, knife-friendly cutting surface for all types of food preparation. But when the handle is squeezed, the sides of the board fold up, forming a convenient chute down which chopped food or waste can be neatly guided.

This latest version of the design still employs the same proven 'living-hinge' technology to achieve its transformation, but also features a textured cutting surface, comfortable soft-grip handle and non-slip feet. Available in three sizes and a variety of colours.

Dishwasher safe.

## Rinse&Chop™ Plus
### Folding, non-slip chopping board with integrated colander

Designed by DesignWright
Patent pending

Fold and lock to rinse

Rinse&Chop™ Plus is the latest version of this hugely popular, folding chopping board, incorporating an improved, curved colander feature and a non-slip base.

When folded and locked, its unique, innovative design creates a small colander at one end enabling food to be rinsed and drained. When opened and laid flat the design becomes a knife-friendly, non-slip chopping board.

Once chopping is complete the board can be folded and locked again to create a convenient chute down which chopped food or waste can be poured. Its non-slip edge prevents the board from sliding if stored upright and the locking hole in the design doubles as a convenient hanging point.

Dishwasher safe.

## M-Cuisine™
### Microwave egg poacher

Design registered

Preparing poached eggs in a pan can be a tricky but cooking them in water usually gives the best results. This can be quickly and easily replicated in a microwave oven with this clever design. Simply fill the poacher with water, heat briefly in the microwave and then break in an egg. Cover with the lid and microwave on full power for the specified time. To serve, simply lift and drain the cooked egg with the integrated colander. Full cooking instructions included.

Suitable for all power ratings in domestic microwaves. The power rating (wattage) specified on the packaging is for guidance only. All microwaves vary so please adjust the cooking time to suit your appliance.

Dishwasher safe.

### Microwave single-serve popcorn maker

Design registered

This fun popcorn maker allows you to make a single 30g (1 oz) portion in one go, so it should put an end to arguments over who's eaten more than their fair share on film nights. What's more, it's made from high-quality, heat-resistant silicone, so it won't melt with the high temperatures created in the microwave when popping corn. It has an integrated measuring guide in the base and lid flaps that conveniently open when the popped corn is done and reaches the top of the maker. With no oil or butter required, it's a great way to make the perfect healthy snack. Available as a 2-pack.

## Microwave 4-piece stackable cooking set

Design registered

Flexibility is the key benefit of this stackable microwave cooking set. With its four inter-changeable pieces, the versatile design allows you to cook anything from a single food right up to a full meal, ensuring everything is ready at the same time. Depending on the dish being prepared, the microwave can be paused and a new element with food added to the stack before the cooking process is resumed. The set comprises a main cooking pot for preparing rice, pasta or potatoes; a steamer basket for vegetables, fish or meat; a griddle for cooking foods such as bacon, and a reversible lid which doubles as a base for the griddle and steamer or as a stand-alone microwave plate. Integrated handles on the cooking pot and lid ensure all pieces can be safely removed from the microwave and carried to the table for serving.

## M-Cuisine™

Microwave popcorn maker with kernel-filtering lid

Design registered

One of the most convenient and healthiest ways to make popcorn at home is in your microwave oven as no oil or butter is required. However, the heat created when the popcorn 'pops' can melt many plastic bowls.

Our M-Cuisine™ popcorn maker solves this problem as it has a silicone insert in its base that can withstand the high temperatures involved. It also features a perforated lid that allows you to shake out any unpopped corns that might be left over after cooking. The spherical design allows any added flavourings to be evenly distributed and it makes the perfect serving and sharing bowl.

Dishwasher safe.

3-piece steaming pod set

Design registered

Most small in-pan steamers only provide a single compartment for cooking food. This can be inconvenient, especially if different foods require different cooking times. Nest™ Steam, however, provides three individual pods that are ideal for small portions of vegetables and other foods. Each pod has a non-slip silicone handle and pan rests, and an integrated hook that suspends it safely from the edge of your pan. After use, the three pods stack neatly inside each other for compact storage.

Dishwasher safe.

Steam different foods separately

Compact, space-saving design

## BarWise™
### Easy-action winding corkscrew

Design by Mark Sanders
Design registered

This easy-action winding corkscrew makes removing corks from bottles an absolute doddle. Simply push the corkscrew down onto the neck of the bottle, grip the sides of the tool and wind the handle to drive the screw into the cork. Continue winding and the cork is removed effortlessly, without the need to lever or pull it out like a conventional corkscrew. Its self-aligning design ensures perfect positioning every time and the non-stick coated thread glides easily into all types of cork. The design also includes twin foil cutters in the tips of its arms.

Wipe clean with a damp cloth.

Push down onto bottle

Squeeze arms and wind handle

Wind in reverse to release cork

## BarWise™
### One-pull waiter's friend

Design by Griffik. Design registered.

Waiter's friend corkscrews can be intimidating to use with their two-step action that needs to be reset halfway through. The unique, angled design of our BarWise™ waiter's friend, however, allows you to remove the cork faster in a single, smooth action. It has a non-stick coated screw thread that glides easily into corks, an integrated foil cutter and a magnetic bottle cap opener. Wipe clean with a damp cloth.

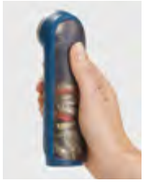
## BarWise™
### Cap-collecting bottle opener

Design by Factorydesign
Design registered

When opening several capped bottles in one go, it can get messy with loose caps dropping onto the table and rolling onto the floor. This ingenious design solves this problem by capturing and collecting the caps as they are removed. After removing, the caps fall inside the body of the unit ready for disposal later through the hinged base. Great for parties and picnics. Holds up to 16 bottle caps. Wipe clean with a damp cloth.

Push down firmly onto cap

Lever down to remove cap



Caps collect inside

Open base and shake to empty

## QuickSnap™ Plus
### Easy-release ice-cube tray with stackable lid

Designed by Graeme Davies.  Design registered.

Similar in style to a conventional ice tray, this innovative design has a unique switch mechanism, which holds the ice cubes securely in place until required. It also includes a flexible lid that enables you to stack additional trays on top of one another in the freezer drawer, helping to prevent water spills and the ice cubes from tainting with any freezer odours.

Fill QuickSnap™ Plus with water just like a conventional ice tray. When ice is needed, simply twist the tray to loosen the cubes and then push each switch on the reverse, in the direction of the arrow, to release one ice cube at a time – effectively snapping each out of its individual compartment.

With QuickSnap™ Plus you only release the amount of ice cubes you really need, whilst the rest remain securely in the tray and can be placed back in the freezer. Perfect for serving ice straight into drinks, without touching the cubes. Dishwasher safe.

Push switch to release one cube at a time

QuickSnap™ Plus - White/Green

## Scoop&Pick™
### 2-piece jar spoon and fork set

Designed by Morph  Design registered

Serve up mess-free antipasti and olives with this handy utensil. The diminutive design is actually two tools in one. Firstly the long-handled slotted spoon ensures that you can scoop and drain from even the deepest jars. Secondly the integrated fork is perfect for skewering difficult to serve foods such as pickles or sun-dried tomatoes. Both tools clip neatly together when not in use to ensure easy storage.

Dishwasher safe.

**(20117)**

## Stretch™
### Expandable silicone pot stand

Design registered

Most conventional pot stands only provide enough space for standing a single hot pan or dish on, meaning additional stands are required if serving food from a variety of hot containers. The unique design of Stretch™ helps eliminate this problem, as its size can be easily adjusted to provide space for more than one pan, or even a large casserole dish.

After use, it folds neatly away for convenient storage. Made from a high-quality silicone-nylon composite, it is heat-resistant up to 240°C/464°F.

Dishwasher safe.

## Nest™ Glass Storage
Compact storage container set

Design registered

Nest™ is the ultimate collection of practical, space-saving kitchenware comprising a unique range of food preparation and storage sets. Their innovative design allows the individual elements within each set to be stacked together, thereby occupying the absolute minimum amount of space, when they're stored.

All the containers in this set are made from tough borosilicate glass, which means they're freezer, oven, microwave and dishwasher safe. The container sizes range from a handy ½ cup (130 ml) size, that's perfect for small portions of vegetables or sauces, right up to an extra-large 10½ cup (2.5 litre) container that's ideal for preparing and storing family-sized meals. Each coloured lid snaps tightly onto its corresponding container and features easy-pull tabs for opening. Best of all, when storing, the lids can be snapped neatly together, which means they're very easy to find when you need them.

Lids – top-rack dishwasher safe.
Containers – dishwasher safe.

Quickly access any size of container or lid

## Podium™
Storage container sets with easy-access stand

Design Registered

Using stackable storage jars can sometimes be a hassle, especially if the one you need is on the bottom of the pile. This smart storage container set, however, features a clever storage stand that allows easy access to any jar, regardless of its position. Each container features a lid with an airtight silicone seal, easy-pour corners and a base that locates securely onto the stand.

The stand has an unobtrusive design that supports each container individually and includes non-slip feet on its base.

Containers and lids – hand wash only;
Stand – wipe clean.

## Nest™ Storage
Compact storage container sets

Designed by Morph
Design registered

Nest™ Storage provides a colourful, space-saving solution to the problem of storing conventional storage containers, which take up precious cupboard space when not in use and require lids and bases to be stored separately. This clever design allows you to store multiple sizes of container in the same space as the largest.

Container bases nest neatly inside each other and lids snap conveniently together making them very easy to find. All sets feature airtight lids and clear colour coding for easy pairing.

All elements are freezer, microwave and dishwasher safe. BPA-free.

Easy-find snap-together lids

Colour-coded dots in each base make finding the right lid easy

## Dot

### Water bottle with counting lid

Design registered

It's a well-known fact that drinking water and staying hydrated is an important part of enjoying a healthier lifestyle. Many of us acknowledge that we should be drinking more water and this innovative bottle helps you do just that, by tracking how much water you actually drink.

The design features a clever lid that automatically counts every time you tighten it after refilling, showing you the number of bottles drunk with a simple column of dots. Each time you close the lid, a new dot will appear in the display window, allowing you to track up to 4 bottles per day.

By setting yourself a goal to drink a certain number of bottles, Dot provides a simple reminder of what you've achieved and gentle encouragement to reach your goal.

Perfect for use around the home, gym or office, Dot is a smart but simple way of improving hydration. Made from impact-resistant Tritan™, it has a leak-proof cap and is BPA free.

Bottle – dishwasher safe.
Lid – hand wash only.
Available in two sizes: 400 ml and 600 ml

Remove top cap to drink

Lid counts every time you refill
1 dot = 1 bottle

## DrawerStore™
Cutlery, utensil and gadget organiser

Design registered

Organise messy utensil drawers with this practical storage solution. This unique tray combines five overlapping compartments for storing cutlery with three deep-sided compartments for holding utensils and gadgets. What's usually stored in two drawers can now be neatly organised into one, creating more space in your kitchen.

Wash and dry by hand.

Stacked compartments for different cutlery

Twin gadget compartments

DrawerStore™
Cutlery, utensil and gadget organiser
**(85127)**

**Dimensions** 39.5 x 11 x 5.7 cm (15½ x 4¼ x 2¼ inches)

## DrawerStore™
Compact cutlery organiser

Design registered

This revolutionary design is such a simple idea, it leaves you wondering why it hasn't been thought of sooner. By angling and layering each compartment on top of each other, it enables you to store a full cutlery set in less than half the space of a conventional cutlery tray. Items can be placed inside either head or handle first, but the design also features handy icons for easy identification. Non-slip feet on the base stop the unit from sliding around in your drawer.

Wash and dry by hand. Suitable for drawers with a minimum height of 8 cm (3¼ inches).

Unique space-saving design

Insert cutlery either way

DrawerStore™

**(85112)**

### Surface™ Stainless-steel sink tidy

Keep your whole sink area neatly organised with this really useful sink tidy. The main compartment is divided into two and has ample room for a detergent bottle and a dish brush. At the front of the unit there's space to store a variety of wet sponges or scourers, which are held in place by an integrated rail. The ribbed, sloping base ensures any excess water or soap suds collect out of sight inside the unit for draining later.

Wash and dry by hand.

**Dimensions** 18 x 12.5 x 12.8 cm (7 x 5 x 5 in)

Separate knife slot area for storing sharp blades

Removable spoon rest

Surface™ Stainless-steel utensil pot
**(85114)**

### Surface™ Stainless-steel knife & utensil pot

Storing knives and utensils has never been easier with this smart, dual function unit. The main compartment is split into two. One side provides ample room for storing a variety of long-handled kitchen tools and the other side contains a series of slots, providing the perfect area for storing sharp blades. Located at the base of the unit is a removable spoon rest, making this a highly practical design for any kitchen.

Wash and dry by hand.

**Dimensions** 18 x 20 x 13 cm (8 x 8 x 5 in)

### Surface™ Stainless-steel cutlery drainer

Drain and organise your cutlery straight after hand washing with this simple, smart design. Its main compartment is divided into three, which allows you to group similar items together as they dry. It also has a separate, shallower section for storing smaller items such as teaspoons, preventing them from getting lost at the bottom of the unit. Its sloping base allows water to collect inside, out of sight, and it has an integrated spout for emptying.

Wash and dry by hand.

**Dimensions** 20.2 x 13.5 x 8.4 cm (8 x 5½ x 3½ in)

Surface™ Stainless-steel cutlery drainer
**(85110)**

Dismantles for easy cleaning

Integrated spout for emptying drained water

Removeable stainless-steel soap bar

Easy to fill and dismantle for cleaning

Surface™ Stainless-steel soap pump & bar set
**(85113)**

**Dimensions** 10.6 x 14.5 x 7.9 cm (4¼ x 5¾ x 3 in)

### Surface™ Stainless-steel soap pump and bar set

This stylish soap pump provides comprehensive hand cleaning and odour removal in one neat design. Firstly, it operates just like a conventional soap pump, dispensing liquid soap by pushing down on the large pump head. However, the stainless-steel top of the pump head is actually a removable soap bar, which can be lifted out and used to help remove strong odours from fingers, often left behind after handling foods such as onion and garlic. The design is easy to fill and also features a drip-catching base and non-slip feet.

Wash and dry by hand.

NEW

## Sink Pod™
Compact self-draining sink tidy

Design registered

Perfect for where space around the sink is limited, this compact sink tidy wraps neatly over the edge of the sink, allowing excess water or soap to drain conveniently away. Three strong suckers keep the unit securely in place and it provides ample space for either two sponges or a sponge and a brush. Dismantles for easy cleaning.

Hand wash only.

Compartments for washing-up brush and sponges

## Y-Rack™
### 2-tier self-draining dish rack

Design registered

With draining space at a premium in most kitchens, Y-Rack maximises what's available by utilising the vertical area above your drainer. Its 2-tier design combines a sturdy base for draining pots and pans or cups and bowls, with a traditional-style rack above for draining up to 15 plates. The large self-draining utensil pot that clips onto the side means you can drain everything for 4 full place settings in a very small space. The base features sloping ribs to allow water to drain freely, a fixed draining spout for emptying into the sink and non-slip feet. The whole unit dismantles for easy cleaning.

Hand wash only.
Assembly instructions included.

Sloping ribs allow water to drain easily and air to circulate

Integrated draining spout

**(85083)**

Y-Rack™ - Grey
**(85084)**

**Dimensions** 35.8 x 30.3 x 28.5 (14 x 12 x 11¼ inches)

## Extend™
### Expandable dishrack with draining plug

Designed by Studio17 Design
Design registered

This versatile dishrack allows you to quickly and easily expand your draining space. When required it can be extended to almost twice its size to accommodate the washing up after either single- or family-sized meals.

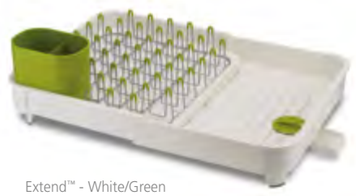
An integrated spout helps to drain away any excess water, but this can be rotated away and closed trapping water inside for draining later. This means that Extend™ can also be used to create draining space almost anywhere. With plated steel prongs and non-scratch tips that make it suitable for all types of glassware and crockery, this versatile drainer can be extended to create additional draining space that's perfect for cups and bowls.

A moveable cutlery drainer allows for flexible use and non-slip feet to ensure that, wherever it's used, the unit will be secure and stable. The steel rack can be removed for easy cleaning.

Wash and dry by hand.

Draining plug can be closed to trap water

Slide to extend



Extend™ - White/Green

## Connect™
### Adjustable 3-piece dishrack

Design by Studio17 Design
Design registered

Made up of three movable components, this highly adaptable drainer can be placed in a number of different ways to make the most of the sink space you have. With widely-spaced spikes that allow for all types of washed items to be dried and an integrated spout that drains excess water, it's perfect for washing up after single or even family-sized meals.

The cutlery holder can be placed anywhere on the rack for maximum convenience, and the non-slip rubber feet will ensure that no matter how you set Connect™ up, it will stay in place.

Hand wash regularly with warm soapy water.

## Flume™
### Folding draining mat

Design by Studio 17. Design registered.

These handy mats provide a soft rubber surface for draining a variety of items and are perfect for creating extra draining space when required. The distinctive parallel ribs prevent water from being trapped in the upturned mouths of cups, glasses and bowls and help direct water to the central channel, from where it can be easily drained. By simply picking up the corners either side of the central channel, Flume™ will naturally fold allowing water to be gently poured away. Updated for Spring, this new design is easier to clean, provides a flatter surface for draining glassware and now comes in a new larger size for even more draining space.

Hand wash only.

## Flip™
### Double-sided draining board

Designed by Studio17 Design
Design registered

This clever, reversible design allows you to drain the washing up virtually anywhere and is perfect for creating additional draining space when required. Both sides of the board have sloping ribs that prevent water being trapped in the mouths of upturned cups and bowls. On one side an integrated spout allows water to be drained directly into the sink, but when the board is flipped the design captures the excess water, trapping it at the opposite end for draining later. Non-slip feet on both sides keep the unit firmly in place on the work surface.

Dishwasher safe.

Flip™

Drains directly into sink

Flip board over

Captures water for draining later

**Dimensions** 39.5 x 37 x 3 cm (14¾ x 14¾ x 1¼ inches)

## Dock™
### Cutlery drainer and organiser

Design by DonaldWentworth
Design registered

A cutlery drainer is an essential sink-side item, however they can sometimes be difficult to clean and don't always provide adequate separation for cutlery and sharp knives. Dock™, however, has been designed with both safety and hygiene in mind. The tiered compartments help you to easily separate different items and the dedicated knife slot keeps sharp blades safe and secure. Excess water collects in the draining saucer in the base which has an integrated pouring spout making it convenient to empty. The unit dismantles for easy cleaning.

Dishwasher safe.

Tiered design separates different types of cutlery whilst draining

## Caddy™
### Sink tidy

Designed by Studio17 Design
Design registered

The washing up has never been so organised, with this highly practical design. The main body of the unit provides ample space for storing a washing-up liquid bottle and brush, and the integrated rail provides hanging and drying space for damp dishcloths. A large draining plate within the base creates a dedicated area for placing wet sponges, and the concealed reservoir beneath the unit collects any drained water ready for disposal. The entire unit can be dismantled for easy cleaning. Available in two sizes.

Dishwasher safe.

Dismantles for easy cleaning

**Dimensions**

## Sink Aid™
### Self-draining sink tidy

Design registered

This stylish design provides organised storage for a variety of washing-up equipment and, because it sits neatly inside the sink, any excess water or soap drains conveniently away. The design incorporates a rubber dish-brush grip, a sponge-draining compartment and a dishcloth hanging-rail. Perfect for where space around the sink is limited, the whole unit can be dismantled for easy cleaning.

Dishwasher safe.

Dismantles for easy cleaning

Attaches securely inside sink

## C-pump™
### Single-handed soap dispenser

Designed by Chauhan Studio
Design registered

The unique design of this soap pump means that it can be easily operated with the back of one hand, helping to keep the top of the pump head cleaner and more hygienic. Simply place the hand into the C-shaped opening and press down firmly to dispense soap onto the fingers or into the palm of the hand. The unit has a non-slip base, a soap-level indicator window on the reverse and is easy to fill and clean. Suitable for all types of liquid hand soap.

Wash and dry by hand.

Push down gently with the back of your hand

**Dimensions** 8.5 x 8.5 x 19 cm (3½ x 3½ x 7½ inches)

Easy to fill

**Dimensions** 28.5 x 1.5 x 28.5 cm (11¼ x ½ x 11¼ inches)

## SinkBase™
### Sink tidy sets

Design registered

What better way to de-clutter your sink than with one of these sleek, multi-purpose units. Their clean, slimline design makes full use of the narrow space behind most sinks, without compromising on practical features. The 2-piece set consists of an easy-press soap pump, for hand soaps and lotions, alongside an integrated sink tidy with separate compartments for storing a brush and sponge. SinkBase™ Plus is a 3-piece set which also includes a squeezy detergent bottle that can be refilled with your favourite soap liquid. Both units dismantle for easy cleaning.

Hand wash only.

Easy-press soap pump suitable for all liquid and lotions

## SmartBar™
### Refillable stainless-steel soap bar with draining mat

Design registered

SmartBar™ takes hand washing to a whole new level with its multi-layer approach to hygiene. Its sleek stainless-steel case not only looks good but also helps remove odour from fingers and hands by attracting the sulphur molecules deposited by foods such as garlic and onions. Unlike other stainless-steel soap bars though, SmartBar™ can also be filled with liquid hand soap meaning you can have thoroughly clean and fragranced hands in one go. Simply fill the unit with liquid soap and then press the silicone button to dispense a small amount into your hands through the non-drip valve at the back of the product. For mess-free storage, SmartBar™ even comes with its own silicone draining mat.

Hand wash only.

Stainless-steel surface helps remove odour from hands

## Edge™
### Washing-up brushes with integrated sink rests

Designed by DonaldWentworth
Design registered

These distinctive brushes make full use of space around the sink… by conveniently storing inside it! The design incorporates a non-slip resting point that enables each brush to be stored on the inside edge of the sink, thereby saving space and allowing excess water and soap suds to drain neatly away. The dish brush has a non-scratch brush head which is curved to help clean in the corners of trays and an integrated pan scraper for tough food deposits.

Dishwasher safe.

Non-scratch bristles and pan scraper

## Palm Scrub™
### Soap dispensing washing-up brush with storage stand

Design by DonaldWentworth
Design registered

Streamline your sink with this neat, compact design. This sturdy palm-held washing-up brush features an easy-fill washing-up liquid reservoir that dispenses the required amount of soap with a simple push of the top button. Its compact size makes it easy to control and ideal for cleaning pots, pans and dishes. The brush has its own convenient storage stand that allows it to drip dry hygienically and the whole thing dismantles for easy cleaning.

Wash by hand.

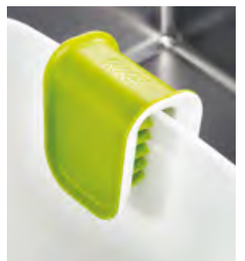
## BladeBrush™
### Knife and cutlery cleaning brush

Design registered

Cleaning sharp knives and cutlery can be a hazardous task, but with this innovative washing-up brush it's much safer. The unique wrap-around design allows you to clean both sides of a utensil at once, whilst keeping your fingers away from any sharp edges. Its tough bristles quickly remove food debris and the textured grip helps prevent your hand slipping. After use the brush can either be stood on a draining board or placed on the side of a bowl to dry.

Wash by hand.

Clean both sides at once



Easy to store

## Wash&Drain™
Dishwashing bowl with straining plug

Designed by Morph. Design registered.

excellence 12

This basic piece of kitchen equipment is given a stylish and practical update with this smart, thoughtful design. It has an integrated plug which means water can be quickly drained away, eliminating the problem of lifting and emptying a heavy bowl. The plug can also be set to strain the water for food particles, allowing them to be easily disposed of and helping to prevent sink blockages.

Its steep sides help keep water and soapsuds safely inside and large carry handles mean it can be easily carried, if required. Perfect for use in the sink or for washing dishes anywhere.

Hand wash only.

## Wash&Drain™ Plus
3-piece dishwashing and draining set

Design by Morph. Design registered.

This versatile sink set comprises a compact version of our popular Wash&Drain™ washing-up bowl with a removable dishrack and a cutlery pot. The bowl features a plug which allows water to be easily drained away without the need to lift and tip a heavy bowl. The plug can also be set to strain the water for large food particles as it drains. The removable dishrack and cutlery pot can either be used separately on your draining board or inside the bowl to save space.For convenience, the cutlery pot can also be placed anywhere on the dishrack. Large handles on the bowl make carrying easier and all elements can be stacked together for compact storage.

## Easy-Tear™
Kitchen roll holder with tearing blade

Design by Goodwin Hartshorn. Design registered.

This innovative product makes the task of tearing off paper towels much easier, particularly one handed. The design incorporates an upright tearing blade that provides a convenient edge against which to tear and its heavyweight, non-slip base provides added stability and excellent resistance when each sheet is pulled. Its self-adjusting mechanism fits a variety of kitchen roll sizes and ensures the roll is always held securely in place no matter how many sheets are left. The top of the tearing blade also provides a convenient carrying point, so the unit can be easily transported to wherever paper towels are required.

Wipe clean with a damp cloth.

Align perforations against upright tearing blade and pull firmly

Easy to move and carry

# Titan
## Trash Compactors

Design registered

Titan is no ordinary waste unit. It features a patented, hygienic compaction system that enables it to hold up to 3 times more waste than a similar-sized domestic unit. Because Titan compacts your waste, it doesn't need to be emptied as often, which in turn reduces the amount of liners you use and also the amount of full liners that you have to deal with between collections.

Titan is built to last. Its compaction system and foot pedal have been tested over 100,000 times and are engineered to withstand repeated downward force. It's hygienic and mess-free too. The unique design ensures only the inside of the plastic liner touches the trash whilst compacting, leaving you with clean hands and a clean bin. It also features a replaceable odour filter for any unpleasant smells and a fingerprint-proof stainless-steel coating.

With Titan you can compact with confidence. It has an anti-tear design that won't stretch or pinch the liner and it has its own extra-strong, custom-fit liners for added peace of mind. It's also compatible with standard plastic liners.

A handy lid-stay feature ensures liner changes are quick and hassle-free, and it also includes a handle on the reverse to make moving easy.

Available in a range of sizes and finishes. 10-year guarantee.

## Totem 60
### Waste separation and recycling unit

Design by PearsonLloyd. Design registered.

Totem 60 combines all your waste and recycling requirements in one stylish unit, whilst taking up the same amount of space as a conventional kitchen bin.

It has a 36-litre (9.5 US gallon) general waste compartment at the top, which has a removable inner bucket that takes custom-fit liners or standard bin liners. The bucket includes liner-retaining holes, to prevent messy bag overhang, and breather vents that make removing a full liner easier. A carbon filter inside the lid helps eliminate odours and saves you emptying a half-full bag just because of the smell.

At the base of the unit is a multi-purpose drawer. Offering flexible use, this comes with a removable divider that's perfect for separating different types of recycling and features specially designed hooks that allow you to fix two standard carrier bags inside. Alternatively, custom-fit liners are available for a perfect fit.

Totem 60 also features a removable food waste caddy. This can be stored on a kitchen worktop, in the general waste compartment or in the multi-purpose drawer - whichever suits you best. Custom-fit compostable liners are available as well, which fit neatly inside with no untidy overhang. The caddy is also available separately.

10-year guarantee
Total capacity: 60L (15.8 US Gallons)

## Totem 48
### Waste separation and recycling unit

Design by PearsonLloyd. Design registered.

Totem 48 provides the perfect solution for households requiring less capacity. It features a 24-litre (6.3 US gallon) general waste compartment plus a multi-purpose drawer with divider. Like Totem 60, the respective inner buckets are removable, take custom-fit liners (IW1) and feature liner-retaining holes, breather vents and carrier bag hooks. It also has a fingerprint proof stainless-steel lid with odour filter and a powder-coated steel body.

10-year guarantee
Total capacity: 48L (12.6 US Gallons)

## Totem 58
### Recycling separation unit

Design by PearsonLloyd. Design registered.

Totem 58 brings an alternative configuration to the Totem range, providing additional choice and flexibility. Instead of a single space for waste at the top, it has a split, recycling compartment, with two removable inner buckets inside. These also take custom-fit liners (IW3) or standard bin liners and feature liner-retaining holes and breather vents as before.

With the multi-purpose drawer and divider at the base, Totem 58 provides plenty of space for separating different types of recycling, such as paper, plastic and glass. Like other Totem products, it also has a fingerprint proof stainless-steel lid with odour filter and a powder-coated steel body.

10-year guarantee
Total capacity: 58L (15.3 US Gallons)

### Food waste caddy with odour filter

Design by PearsonLloyd. Design registered.

This clever caddy has been carefully designed to help reduce the smell from collected food waste. It has a unique, ventilated design that allows air to enter and circulate inside the caddy, which helps to reduce moisture - the main cause of unpleasant odours from decomposing food.

In addition, it features a replaceable odour filter in the lid that works in tandem with the fresh air to help trap any smells that do occur. It has an easy-clean polypropylene body, a flip-top lid and a sturdy stainless-steel carry handle. A liner-retaining hole inside ensures any liners stay in place and the rim of the removable lid hides any untidy bag overhang. Perfect for storing on a kitchen worktop. Custom-fit, compostable liners (IW2) are available separately for the perfect fit.

Total capacity: 4L (1 US Gallon).
Wash by hand with hot, soapy water.

# Bathroom

## Small space. Big challenge.

Bathrooms can easily become messy, disorganised environments and there's no shortage of products available to help.

But do any of these items really address the problems or merely add to it? For example, many toothbrush holders can be impractical, cumbersome or difficult to clean. Sometimes they can be all three.

At Joseph Joseph we don't just design products for the sake of it. Everything we create has to have a real, practical purpose that makes something easier, quicker or more enjoyable. For us, if it's not brilliantly useful, it's useless.

Our research in the bathroom category showed us quite quickly that the most common problem areas were:

- Storage & organisation
- Cleaning & hygiene
- Waste & recycling

With this in mind we set about creating a range of products that would provide some truly innovative solutions to these challenges.

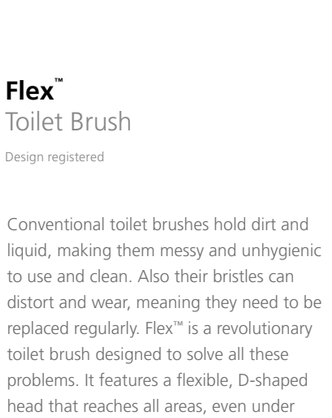
# Flex™
## Toilet Brush

Design registered

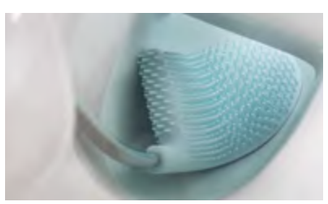
Conventional toilet brushes hold dirt and liquid, making them messy and unhygienic to use and clean. Also their bristles can distort and wear, meaning they need to be replaced regularly. Flex™ is a revolutionary toilet brush designed to solve all these problems. It features a flexible, D-shaped head that reaches all areas, even under the rim. It has widely spaced bristles that prevent dirt clogging, allow liquid to drain quickly and are more durable than conventional-style bristles.

Flex™ is available in two versions. The first comes with a slimline holder for neat, hygienic storage; the second - Flex™ Plus - features a holder with a discrete, storage caddy, for keeping cleaning products or aerosols out of sight.

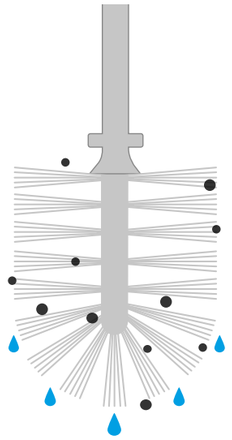
Brush and holder - clean with bleach or hot soapy water.



More hygienic. Reaches all areas.
Effective cleaning.

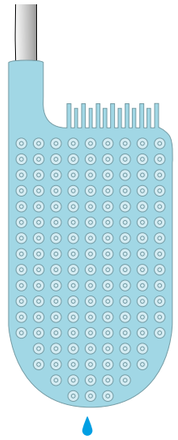


**Conventional** Toilet brush



- Hard to reach all areas
- Drips between cleaning and storing
- Clogs easily and hard to clean
- Bristles distort over time

**Flex™** Toilet brush



- Unique flexible design reaches all areas, even under the rim
- Anti-drip: less dripping between cleaning and storing
- Anti-clog: wide bristle spacing ensures dirt rinses off easily
- Durable bristles

# Merchandisers

Removable inner bucket

## Split™ 8

Recycler

Design registered

In the UK alone, 16 million plastic bottles that could be recycled end up going to landfill and many of these bottles originate in the bathroom. Split™ 8 is a dedicated bathroom bin that's designed to make it much easier to separate bathroom waste.

Many bathrooms have limited space, so having a separate bathroom bin for recycling is rarely an option. Split™ provides the perfect solution as it's divided into two compartments, allowing you to separate recyclable and non-recyclable waste within one compact design. The smaller compartment has a removable bucket for easy emptying and can be used with or without a plastic liner. Total capacity 8 litres (2 US Gallons).

Wash and dry by hand.
