DINNERWARE

Premium Bone Porcelain

Premium Bone Porcelain – fine “Bone China”, considered to be the most precious porcelain of all. Its manufacture requires special technical skill and know-how.

As its name suggests, bone china is a porcelain with a high proportion of bone ash.

The body is practically ‘vitrified’, non-porous and brilliant white. This is the secret which gives bone china its special aesthetic material properties.

- high degree of whiteness
- special reflective quality
- soft lustre
- extreme transparency

In connection with this, there are important practical advantages:

- high mechanical resistance
- dishwasher safe
- microwave-safe

(exceptions: tableware sets with precious metal decoration)

Premium Porcelain

Premium Porcelain has been developed from the classic Vitro-porcelain. Villeroy & Boch have succeeded in combining fine white ceramic body with the excellent characteristics of use of Vitro-porcelain. Due to the practical and aesthetic advantages of this material many of the Villeroy & Boch dinnerware series as well as all the special hotelware series are made of “Premium Porcelain”.

Care instructions

Villeroy & Boch dinner services can safely go in a dishwasher. However, there are a few points to observe when washing items in the dishwasher in order to ensure that patterns and surfaces lose nothing of their brilliance or colour intensity.

- Do not leave very dirty items in the dishwasher for too long
- Use the most delicate programmes possible
- Be sure that the water is decalcified
- Do not place items too closely together
- Open the door as soon as the programme finishes to prevent any remaining steam from settling on the dishes
- Observe the manufacturers’ recommendations regarding washing times and detergent amounts

Precious metal finishes such as gold, silver and platinum are not entirely insensitive to external effects such as mechanical, chemical and thermal influences in the dishwasher. Villeroy & Boch therefore recommends handling this dinner service with the level of care its value and exclusive appeal deserve.

Precious metal décors must not be used in a microwave.

For further information and care instructions, please go to the “Service” column at www.villeroy-boch.com.

CUTLERY

Stainless steel

Stainless steel cutlery from Villeroy & Boch not only looks elegant, but it also has a number of advantages.

Our stainless steel cutlery is made of high-quality 18/10 stainless steel. Except for the knives. A special blade steel is always used for knives to ensure a good cutting ability.

All stainless steel alloys we use are always rust-proof, tasteless and dishwasher-safe.

Care instructions

- Everyday use is the best care.
- Rinse the cutlery quickly before putting it in the dishwasher.
- Follow the dishwasher instructions.
- Put cutlery in the dishwasher basket with the handles pointing downwards.
- Remove the clean cutlery straight after the last rinse cycle and wipe the knife blades dry to prevent limescale deposits.
- To remove stubborn stains, treat the cutlery with a stainless steel cleaner.
- Silver-plated cutlery should be cleaned with a silver cleaner every now and then.

General Conditions of Sale of Villeroy & Boch AG Tableware Division Issue: September 2016

I. General

1. These General Conditions of Sale (hereinafter referred to as “**conditions of sale**”) shall apply to all – i. e. also to future – quotations, supply and other performance by Villeroy & Boch AG including all its branches and group companies (hereinafter referred to as “**we**”, “**us**” or “**ourselves**”), to customers who are not consumers within the meaning of § 13 of the German Civil Code BGB (hereinafter referred to as “**purchasers**”; the purchaser and ourselves taken together also being referred to hereinafter as “**the parties**”).
2. These conditions of sale shall, unless any other provision is expressly made, apply for the entire duration of the business relationship without its being necessary for us to make specific reference to the fact. Business conditions of the purchaser shall not apply unless expressly recognised by ourselves in writing. These conditions of sale shall also apply if we make deliveries to the purchaser unconditionally while aware of conditions of the purchaser which are contradictory to or deviate from our conditions of sale.
3. Any alterations (amendments / additions) to these conditions shall require to be made in writing.
4. Verbal collateral agreements or assurances shall be invalid unless confirmed by ourselves in writing.
5. Sale of the products outside the European Economic Area and Switzerland is not permitted. There may also be further sales restrictions within the European Economic Area and Switzerland.

II. Quotations

1. Unless designated as binding in their text, our quotations shall be non binding and without obligation and shall not place us under any obligation to accept a given order.
2. If, after the conclusion of the contract, modifications are called for by our customers, or if the contract is cancelled wholly or in part, all the costs and expenses and other losses thus far incurred by ourselves or to be incurred in connection therewith (e. g. lost profit) shall be chargeable to the customer. Cancellation will only be possible with our approval. This shall not affect any rights the purchaser may have to rescind or avoid the contract.

III. Prices and deliveries

1. If the parties have not agreed any other price, the price shall be determined according to our price lists as valid at the time when the contract is concluded. Unless the parties have agreed anything different, the purchaser shall, in addition to all prices in accordance with the price lists, bear the costs of packaging and shipment and the turnover tax and any other public fees.
2. Deliveries shall be made under the contractually agreed conditions. Unless the parties have expressly agreed anything else, deliveries shall be made ex works.
3. The delivery dates or periods stated in the order confirmation shall be estimated dates or periods and shall therefore be non-binding. They shall only be binding if confirmed as such in the order confirmation.
4. Unless any other contractual agreement has been made, the delivery period shall begin on receipt of written confirmation of the order.
5. A delivery period or date shall be deemed to have been met if the goods leave our works or warehouse or, as the case may be – if they are to be collected by the purchaser – are ready for collection prior to expiry of said date or period.
6. If a non-binding delivery date or period (referred to here below in Section 6 as “non-binding delivery period”) is

not met, we shall be deemed to have defaulted thereon when a grace period has expired and a reminder been received from the purchaser, unless we can prove that we were not responsible for our failure to meet the non-binding delivery period or effect delivery during the grace period.

The length of the grace period shall be 1/5 of the non-binding delivery period. The grace period shall begin on the first working day that follows the end of the delivery period. If the length of the grace period is not an exact number of full days, weeks or months, it shall be rounded off to the nearest full number of days (example: non-binding delivery period 27 days, $1/5 = 5.4$ days, grace period = rounded off to 5 days).

The non-binding delivery period shall be calculated in accordance with Section III. 4.

7. If a delivery period or date is not met for reasons for which we are not responsible, in particular in cases in which we ourselves have received a late or incorrect self-delivery or deliveries, the delivery period shall be extended by a reasonable period.

If we are, furthermore, unable to render our performance within said reasonably extended delivery period for reasons for which we are not responsible, we shall inform the purchaser of the fact without delay. In such cases we shall have the right to rescind the contract within a period of two weeks beginning from the moment when we inform the purchaser. Having exercised said right of rescission we shall reimburse the purchaser without delay for any counter-performance that he may already have rendered.

For the rest, the statutory rights and entitlements of the parties shall remain unaffected.

IV. Packaging

1. Unless any special packaging has been agreed, the goods shall be packaged at our discretion in accordance with the standard commercial methods.
2. The costs of transport packaging (e. g. euro containers, cardboard boxes or crates) shall be invoiced to the purchaser. If goods are shipped in reusable containers a rental charge or circulation fee will be invoiced. The reusable containers are to be returned immediately to the pool via the return shipment logistics system. Costs incurred by non-fulfilment of this obligation shall be invoiced to the customer. Packaging units will be taken back within the framework of and as governed by the respective statutory regulations.
3. Loading costs are to be borne by the purchaser as shipment costs. If goods are loaded on pooling pallets, we shall accompany the loading procedure at the roadside in direct pallet exchange with the haulage contractor. If haulage contractors or customer's vehicles are used, the purchaser must supply intact exchange pallets. Missing pallets will be invoiced to the purchaser.

V. Shipment

1. Goods will be shipped at the expense and risk of the purchaser.
2. The risk shall pass over to the purchaser when the articles to be delivered are handed over to the transport company or to the purchaser himself.
3. Insurance shall only be taken out at the wish and expense of the purchaser.
4. Transport damage is to be reported to the haulier for inspection without delay. The purchaser must ensure that the complaint is noted in the shipment record. The shipment record provided for such cases is to be sent to us without its being necessary for us to request that it be sent.

VI. Terms of payment

1. Unless any other agreement has been made, our claims shall fall due for payment in full as soon as the invoice has been received. The definitive date in determining whether or not payment has been made in due time shall be the date on which payment is actually received.
2. If it becomes apparent to us after conclusion of the contract that there is a risk that the orderer may not be in a position to fulfil his performance obligations, we shall have the right to insist that outstanding deliveries be effected only against advance payment or the provision of securities. If said advance payments have not been made or securities not provided after the expiry of a reasonable period set by ourselves, we shall be entitled to rescind all or any of the contracts affected thereby or any part thereof. The period shall be regarded as reasonable if it is at least 10 calendar days, though the purchaser shall also have the option of showing that the period was not reasonable in a given individual case. We shall in particular be entitled as above if it comes to our knowledge that the purchaser has drawn cheques not covered by sufficient funds, if bills of exchange or cheques of the purchaser's are protested, if an application is made for the institution of insolvency proceedings or if insolvency proceedings are actually instituted: the above notwithstanding our entitlement to assert further rights.
3. Bills of exchange and cheques will only be accepted following special agreement and in all cases only as conditional payment. Discount charges, collection fees and all other costs shall be chargeable to the purchaser.

VII. Retention of title

1. We shall reserve ownership of the delivered goods until such time as all payments arising from the existing business association with the purchaser have been received; said reservation refers to the acknowledged balance.
2. The purchaser shall have the right to resell goods subject to retention of title in the normal course of business, but only under retention of title. The purchaser may neither pledge the goods subject to retention of title nor transfer title of them as security. The purchaser hereby now assigns to us as collateral all claims which accrue to him from the resale in the amount of the final invoice of our claim (inclusive of turnover tax). We hereby accept the assignment. The claims thus assigned to us in advance by the purchaser also relate to the acknowledged balance and, in the case of insolvency of the purchaser, to the existing causal balance. The cover limit of the assigned claims shall be 110% of the realisable value of the goods subject to retention of title sold and delivered in each respective case. The purchaser shall be empowered to collect the claim. Said empowerment to collect and authorisation to resell may be revoked by us if the purchaser is in breach of any of his material contractual obligations (e. g. default in payment).
3. The purchaser shall inform us without delay of any attempts by third parties to take possession of the goods delivered under retention of title, doing so if possible at an early stage, when such attempts are still imminent. He shall inform third parties attempting (or intending to attempt) to take possession of the goods that the latter are our property. Any costs of interventions (e. g. § 771 of the German Code of Civil Procedure [ZPO]) shall be borne by the purchaser if the third party is not in a position to reimburse us for the judicial and extrajudicial costs.
4. If the purchaser is in breach of any of his material contractual obligations, in particular in cases of default in payment, we shall have the right to repossess the purchase object and to visit the premises of the purchaser

for the purpose of so doing. Rescission of the contract is, furthermore, immanent in any such repossession of the purchase object by us. We shall, after repossession, be authorised to exploit the purchase object commercially, whereby the proceeds from such exploitation are to be offset against the liabilities of the purchaser (e. g. damages) – minus reasonable exploitation costs. If the purchaser was culpable in his breach of the obligation that led to the rescission, he shall remit to us lump-sum compensation for the return transport of the purchase object in the amount of 5% of the purchase price. This sum may be set higher or lower if we can prove that the loss or damage was in fact greater, or if the purchaser can prove that it was in fact smaller.

5. We shall, for as long as a claim on our part is outstanding, have the right to request information from the purchaser at any time as to which goods delivered under retention of title are still in his possession, where they are, and to which customers the remaining goods supplied by us have been sold, said information relating to quantity, type and number. We shall also have the right to inspect the goods delivered under retention of title on any of the purchaser's premises, wherever the goods may be at any given time.
6. The purchaser shall be under obligation to treat the purchase object with due care and to carry out any necessary servicing and maintenance work at his own expense, to insure our goods against fire and theft at his own expense, and to furnish us on request with proof that said insurance has been taken out.
7. a) Any processing or remodelling of the purchase object by the purchaser will always be carried out on our behalf. If the purchase object is processed with other objects of which we are not the owner, we shall acquire co-ownership of the new thing in proportion of the value of the purchase object (final invoice amount inclusive of turnover tax) to the other processed objects at the time of processing. For the rest, the provisions governing retention of title shall apply correspondingly to the thing created by the processing.
b) As security against our claims against him, the purchaser shall also assign to us the claims which accrue to him against a third party as a result of his combining the purchase object with a plot of land.
8. If the purchaser can prove that the realisable value of the securities exceeds that of the outstanding claims by more than 10%, we shall release the surplus amount if requested to do so by the purchaser.

VIII. Product characteristics

1. We hereby draw attention to the following:
 - On account of differing materials and manufacturing procedures, a series may feature variations in colour, often also depending on the lighting conditions.
 - For typographic reasons there may be deviations in colour between the illustrations in a prospectus / catalogue and the actual product itself.
 - Acidic and / or caustic cleansing agents may cause damage if improperly used.
 - Goods labelled "seconds" will be inferior in design and quality to goods labelled "1st choice".
2. We reserve the right to produce goods with variations in finish, colour and shape such as are usual in the trade.
3. If the purchaser makes any subsequent changes to the goods supplied by us, in particular decorations or technical modifications, he shall not be permitted to resell them under our trademark unless we have issued our prior agreement to the changes in writing.

IX. Warranty

1. Unless any other provision is made here below relating to the rights of the purchaser in cases of material and legal defects, the statutory regulations shall apply. In

particular, moreover, the special statutory regulations covering final delivery of the goods to a consumer (recourse claims against suppliers in accordance with §§ 478, 479 of the German Civil Code BGB) shall remain unaffected.

2. § 377 of the German Commercial Code (HGB) shall apply in respect of the inspection of the goods and notification of defects, with the proviso that the period for giving notice of obvious defects shall be two weeks as from delivery, whilst the period for giving notice of defects that are not obviously discernible shall be two weeks as from their discovery.
3. If the goods are defective, we shall at our discretion be entitled either to rectify the defects (rectification of defects) or deliver defect-free goods (replacement delivery).
4. The purchaser shall store and handle rejected goods in the correct and proper manner.
5. We shall have the right to examine rejected goods together with an expert or other third party appointed by ourselves for the purposes of appraisal, and if necessary for the purpose of drawing up cost estimates or similar. If the purchaser fails to make the rejected goods available to us for examination within a reasonable period set by ourselves, our liability for the defects shall cease on expiry of said period.
6. In the course of supplementary performance which we are liable to carry out, we shall neither be under obligation to remove the defective thing nor to install the new thing if we were not originally under obligation to install.
7. Warranty claims on the part of the purchaser such as are oriented toward damages or compensation for futile expenditure may stand as governed in Section X ("Liability"), but shall otherwise be excluded.
8. For goods which have in accordance with their normal intended use been used in a building and have caused said building to be defective, the period of limitation shall be 5 years as from delivery. For all other goods the period of limitation shall be 1 year as from delivery. In cases of intent or gross negligence or if a guarantee has been given (§ 444 of the German Civil Code BGB), and cases such as those quoted in § 479 of the German Civil Code BGB and other special statutory regulations on limitation, the statutory period of limitation will continue to apply.
9. Our liability for defects shall not extend to cover damage caused by normal wear and tear (e. g. metal abrasion or wear caused by abrasive agents), deterioration in surface properties such as was unavoidable according to the accepted engineering standards at the time when the contract was concluded, improper use of the goods, non-compliance with the instructions for cleaning, care or use, or damage caused by the purchaser or a third party or parties.

X. Liability

1. We shall be liable to the purchaser for damages and compensation for expenses, in each case as governed by the statutory regulations, in the following cases (here below in Section X: "Liability"): liability under the German Product Liability Act (ProdHaftG); intent or fraudulent misrepresentation; gross negligence; injury to life, limb or health; cases in which a guarantee has been given by ourselves; cases such as those quoted in § 288 Para. 6 Sentence 1 of the German Civil Code BGB and any other cases of statutorily compulsory liability.
2. We shall also be liable to the purchaser for damages in case of culpable breach of material contractual obligations as governed by the statutory regulations. Material contractual obligations within the meaning of this clause are all obligations the breach of which jeopardises the achievement of the object of the contract and all obligations without the performance of which the contract cannot properly be fulfilled and in compliance with

which the purchaser may routinely trust. Having said that, if a material contractual obligation is breached in a way that involves only ordinary negligence, entitlements of the purchaser to claim for damages shall, as regards the amount, be restricted to typical foreseeable loss or damage.

3. If we default on or fall behind with our performance, the purchaser shall be entitled to claim against us on the basis of that default if his claim is for a contractual penalty or lump-sum compensation incurred within a supply chain in another contractual relationship in that supply chain, but only if he informed us expressly about the risk of such loss or damage prior to the conclusion of the contract. If not, the purchaser shall be entitled to claim for a contractual penalty or lump-sum compensation owed and paid by him as loss or damage caused by default only in the amount of a maximum of 5% of the net value of our order. The above shall apply correspondingly if the purchaser makes a claim against us for indemnification in respect of such contractual penalties or lump-sum compensation.
4. For the rest, there shall be no entitlement of the purchaser to claim for damages for whatever cause in law.
5. If our liability is restricted or excluded in accordance with the above provisions, the same shall apply to the personal liability of our legal representatives, employees, non-managerial staff and vicarious agents.
6. The entitlement of the customer to claim for damages shall fall under the statute of limitation within the statutory periods of limitation, the statutory regulations also applying as regards the beginning of said periods.

XI. Offset, right of retention

1. The purchaser shall only be entitled to offset against due claims which are uncontested or have been established as legally established as final.
2. The purchaser shall only be entitled to a right of retention in respect of legally enforceable or uncontested claims.

XII. Industrial property rights

All industrial and intellectual property rights relating to our products, shapes, illustrations, installation instructions, reports, data and other records and documents shall remain the property of ourselves or, as the case may be, our respective licensors. No rights of use or exploitation shall be granted to the purchaser relating to said industrial or intellectual property rights.

XIII. Applicability of German law, place of jurisdiction

1. The law of the Federal Republic of Germany shall apply, there being no recourse to the UN Convention on Contracts for the International Sale of Goods (CISG).
2. If the purchaser is a businessman who concludes the contract in the context of a commercial transaction, a legal entity under public law or a separate asset under public law, the place of jurisdiction for all disputes arising from or in connection with the contract shall be the registered office of the Villeroy & Boch group company which concluded the contract. If that company does not have a general jurisdiction venue in the Federal Republic of Germany, the place of jurisdiction shall be the registered office of Villeroy & Boch AG.
