Joseph

Kitchen | Bathroom | Utility
Spring 2019

It all started with a chopping board.

Twin brothers, Antony and Richard Joseph, grew up in a family with a long history of design and manufacturing. Originally set up by their grandfather in the 1930s, the family business specialised in the production of glass components and the brothers spent part of their summers working in the factory.

In 1999, having both trained in product design, the twins embarked on their early careers. As a sideline to their jobs, and with the support of their father, they utilised the capabilities of the factory in Birmingham to develop their own range of contemporary glass chopping boards.

But what started out as a fun project soon became the seed of a new business idea. After early success with their bold, colourful designs their entrepreneurial spirit kicked in and, in 2003, the Joseph Joseph brand was born.

Whilst glass chopping boards were just the start, the brothers were also designing other innovative kitchenware products and this gradually developed into a broader range of housewares.

What quickly became a key foundation of the brand was a simple observation - many tasks around the home could be made much easier and more enjoyable with a little intelligent thinking. It was this problem-solving approach, and the ability to combine it with a distinctive design aesthetic, that created some of their most iconic kitchenware and has made Joseph Joseph one of the world's most progressive houseware brands.

There's something special about a Joseph Joseph product that sets it apart from the competition. First it engages you with its distinctive design; then it captivates you with its functional benefits; finally, it assures you with its high-quality materials and attention to detail.

Joseph Joseph's ability to blend innovative design, contemporary styling and a distinctive use of colour is unique within the industry. While many brands concentrate on just one of these aspects, Joseph Joseph focuses on the whole user experience - creating products that work beautifully and are a pleasure to have around the home.

Since 2003 the brand has expanded successfully into many product areas and it continues to explore new houseware categories. It may have all started with a simple glass chopping board, but Joseph Joseph is now one of the fastest growing companies in the worldwide housewares market and it continues to earn accolades and awards for its unique, innovative designs.

Brilliantly Useful Design

It's often said that *necessity is the mother of invention*, meaning that difficult situations often inspire ingenious solutions.

If that's the case, we have to admit that we do spend a lot of our time thinking about common household problems and how to solve them.

Whether it's looking at ways to prepare healthier food, store items more efficiently in the home or deal with regulatory changes in waste and recycling collection, we apply the same inventive thinking to everything we do.

Our ultimate goal is to create desirable products that enhance everyday life and stay true to our philosophy of creating *Brilliantly Useful Design.*

To that end, we're delighted to share with you our new range for spring 2019. And as you'll see, the new collection includes solutions to some of the problems mentioned above.

For example, we've created Froach Pods™, a brand new gadget that allows you to use up to 95% less oil when frying eggs – perfect for a healthier breakfast.

When it comes to clever storage, our new DoorStore™ range utilises wasted space inside cupboards, creating more room elsewhere in the kitchen. And finally Compo™ 4 is a caddy that makes collecting food waste for composting or recycling more convenient and less smelly.

These are just some of the things that have occupied us this season and we hope you'll find lots of inspiration of your own in the following pages. All that remains is for us to wish you all a happy and profitable 2019.

Antony and Richard Joseph

Froach Pods™
Set of 2 silicone egg rings

Design registered

Froach Pods™ are a totally new and healthier way to cook eggs, combining the principles of both frying and poaching into one revolutionary design. These innovative silicone eggs rings feature a small reservoir on top into which you add a few spoonfuls of water. As the water heats up during cooking, it turns to steam which flows across the top of the egg, cooking it to perfection. Meanwhile, the base of the egg cooks as normal on the hot pan but won't stick due to the presence of moisture from the steam. Apart from a small amount of oil needed around the inside edge of the pod, you only need to add water, which means that Froach Pods™ use up to 95% less oil than with typical frying.

Available as a set of two. Dishwasher safe. Only suitable for use with non-stick pans. Full instructions included.

Crack egg into ring

Add 3-5 tbsp. of water to reservoir

O-Tongs™
Set of 2 egg boiling tongs

Design registered

This simple but effective gadget makes boiling eggs even easier. It features oval tips that securely grip the egg whilst transferring to and from a hot pan and heat-resistant silicone handles that allow it to be hooked on the side of the pan whilst cooking. Not only does this help prevent the egg from breaking in the boiling water, it also makes removing the egg much easier when ready. With two colour-coded tongs in each pack, you can even cook eggs separately for different lengths of time to suit everyone's taste.

Dishwasher safe.

O-Tongs™
(20121)

Dimensions H17.1 x W4 x D4.6 cm
(H6¾ x W1½ x D1¾ inches)

Poach-Pro™
Set of 2 egg poachers

Design registered

This inventive design allows you to cook professional-style poached eggs in water, without the mess. The two-piece design effectively creates a cling-film/plastic-wrap pouch, which neatly holds the raw egg as it cooks, ensuring an even shape and a mess-free pan. What's more, the pouch allows you to infuse your eggs with other flavours, such as herbs and spices, whilst cooking for a delicious alternative to traditional poached eggs.

Dishwasher safe. Cling film/plastic wrap required. Full instructions included.

Allows you to infuse eggs with herbs and spices

Easy-tear teeth allow removal of excess cling film

Holes for flipping over and hooking out of the pan

Square Colander

With easy-pour corners

Design registered

This bestselling, ergonomic colander has several unique features. The single vertical handle leaves one hand free for operating the tap and ensures it remains upright and stable if placed in a sink. Its square corners make emptying food easier and the vertical holes allow liquids to drain away quickly. Along with its square shape, this latest version is now stackable making it even more space efficient. Available in a variety of colours.

Nest™ Colanders

2-piece set with easy-pour corners

Design registered

Nest™ is the ultimate collection of practical, space-saving kitchenware. Each product in the range has been cleverly designed so that the individual elements within each set can be stacked neatly together, thereby occupying the absolute minimum amount of space.

This set of two colanders feature ergonomic vertical handles that leave one hand free for operating the tap and ensure they remain upright and stable if placed in a sink. Their angled corners make emptying food easier and the vertical holes allow liquids to drain away quickly. The two sizes nest neatly together for space-saving storage but also allow you to wash and drain different foods separately.

Helix

Ergonomic food presses

Design registered

Unique twisting action makes crushing easier

Helix Potato Ricer - perfect for mashing a variety of cooked vegetables

RETURN TO CONTENTS

Most hand-held juicers and presses require strong hands to operate and their vertical squeezing action can often be awkward to use. With the Helix range, however, the squeezing force is applied horizontally, which is much more comfortable and utilises the power of the shoulders as well. In addition, the unique, twisting mechanism multiplies the force used, which means you get more squeezing power from less effort. The 2-piece design is made from stainless steel and nylon and can be separated for easy cleaning. The Helix range includes a garlic press, potato ricer and citrus juicer.

Dishwasher safe.

Spiro™
3-in-1 hand-held spiralizer

Design registered

Many spiralizers can be fiddly to use and they often create piles of messy noodles. Spiro™, however, makes spiralizing super neat and easy with its clever, compact design. It comes with two styles of spiralizing blade – coarse and fine – for different noodle thicknesses, plus a handy grating blade. It features a soft-grip lid, for easy turning, and two guide arms that help keep food straight as you twist.

Most importantly, it has a clear base that collects food as you cut – keeping everything nicely contained and your worktop cleaner. After use, the three blades and the lid store neatly together with the base for compact storage.

Dishwasher safe.

Handi-Grate™

2-in-1 mini grater and slicer

Design by Goodwin Hartshorn. Design registered.

This beautifully compact mandoline has razor sharp stainless-steel blades, set either side of its design, for grating and slicing small foods such as garlic, ginger and mini vegetables. The design features an ergonomic handle, a non-slip tip and a sliding finger-guard on one side for added safety when slicing. It also comes with its own protective sheath for safe storage.

Dishwasher safe.

(20049)

Dimensions H28 x W5 x D2 cm (H11 x W2 x D¾ inches)

Handi-Zest™

Mini zester with integrated blade wiper

Design by Goodwin Hartshorn. Design registered.

One of the problems with conventional zesters is that it can be tricky removing all that precious zest from their blades after grating. Handi-Zest, however, comes with its own mini blade wiper that neatly collects any remaining zest from the back of the blade. Using the wiper, simply slide the zest along the length of the blade to the hole at the end where it can be easily removed. The design comes with its own protective sheath for safe storage.

Dishwasher safe.

Prism™
4-in-1 box grater with storage container base & lid

Design registered

This neat box grater combines four types of grating blade into its pyramid-shaped design and comes with a base for collecting grated food and a lid for storage. The sharp stainless-steel blades are perfect for grating a variety of foods such as cheese, vegetables and whole spices or even zesting citrus fruits.

The handy, snap-on lid means that any unused grated food can be conveniently stored in the container for another time and, after use, the entire blade section can be flipped over and placed inside the container for extra-safe storage.

Dishwasher safe

Dimensions H15.5 x W19 x D5.5 cm (H6 x W7½ x D2 inches)

Conveniently grate straight into container

Twist Grater™

2-in-1 etched grater with adjustable handle

Design registered

This versatile grater has been designed to adapt to different grating tasks and foods with ease. Firstly, it has two different styles of etched stainless-steel blade set either side of its grating surface. Secondly, its handle has two different grating positions for maximum convenience.

With the handle locked in the straight position, it's ideal for grating directly over plates and dishes. But when you twist and lock the handle 90° it creates a naturally sturdy shape for resting on the worktop, providing more support when grating larger quantities of food.

It comes with a reversible plastic sheath that protects the blades when stored but can be flipped to allow you to collect and measure grated food. Available in three colours and blade configurations - Coarse & Fine, Extra Coarse & Ribbon and Star & Extra Fine.

Dishwasher safe.

Multi-peel™
Multi-function peelers

Designed by Goodwin Hartshorn
Design registered

Multi-peel™ is a comprehensive range of four highly-effective peelers. Each tool has a high quality stainless-steel blade, multiple added functions and ergonomic, easy-grip handles. The range includes two different straight-bladed peelers for everyday use, a serrated peeler for soft skinned fruit or vegetables and a julienne peeler for more specialised requirements.

So whether you need the perfect blade for preparing potatoes or one for adding the final flourish to culinary masterpieces, the ideal tool is in your hands. All peelers come with a protective blade guard.

Dishwasher safe.

Delta
Ergonomic folding masher

Design registered

Conventional mashers can be awkward to store due to their long handle and mashing head that are fixed at right angles to each other. Delta solves this problem as the head can be neatly folded flat after use. Before using, simply lock the mashing head in position with the small sliding collar located on the shaft. After use, slide the collar back up the shaft and secure it at the base of the handle.

As well as being easier to store, Delta is also more efficient to use. Its curved mashing plate is designed to fit better into the edges of a pan, which means more potato is squashed with each plunge of the masher. Suitable for non-stick cookware.

Dishwasher safe.

More compact when stored

Slide collar along shaft to lock mashing head

Mash right up to the pan edge

Can-Do Plus

Can opener with integrated ring-pull hook

Design registered

Can-Do Plus is a clever, compact opener that makes opening most types of can quick and easy. It has a large, easy-twist mechanism that locks itself on to the lid as you start to twist and an easy-release button for disposing of the lid after removal. It features a single, smooth handle for extra support and has an integrated hook at the end for prising up the metal rings on ring-pulls cans.

Suitable for left or right-handed operation. Wipe clean with a damp cloth.

CanDo Plus
(20098)

Dimensions: H6 x W18 x D5 cm (H2¼ x W7 x D2 inches)

Lid-release button

Integrated ring-pull hook

Can-Do

Compact can opener

Design by Mark Sanders
Design registered

Clever and compact, with an easy-twist handle, this pocket-sized device does away with the cumbersome handles and magnets of other can openers. With the first twist Can-Do attaches itself to the can lid and locks into place, allowing you to open it using the easy-twist mechanism. It works equally well if you're left or right handed and the lid is released with a simple press of the button on the front.

Wipe clean with a damp cloth.

Clean-Press

2-piece easy-clean garlic press

Designed by Goodwin Hartshorn
Design registered

The unique, 2-piece design of this garlic press makes the task of crushing garlic cloves much easier and less messy. Like a conventional garlic press, whole cloves are forced through a pierced extruder plate by squeezing the two levers together. Unlike conventional presses the two levers can then be separated enabling the top one to be used as a handy scraping tool for removing crushed garlic from the front of the extruder plate. The remaining skin or pulp can then be removed with the tip of the lever from the extruding chamber. The unit can be washed under running water where its cone-shaped holes prevent any remaining garlic pieces from being trapped.

Dishwasher safe.

Clean-Press
(20067)

Dimensions H3 x W19.3 x D4 cm
(H1 x W7½ x D1½ inches)

Safe and compact when folded

Mezzaluna

Folding herb chopper with integrated blade guard

Designed by Goodwin Hartshorn
Design registered

Taking its name from the Italian word for ‘half moon’, this traditional utensil for chopping herbs is updated with a design that is both safer and more compact than the original. It has pivoting handles and a sharp stainless-steel blade that slices through fresh herbs and garlic with ease.

After use the handles can be folded back over the blade making it perfect for storing in a drawer.

Wash and dry by hand.

Shred-Line™

Stainless-steel garlic and ginger grater

Designed by Griffik
Design registered

Make authentic homemade garlic or ginger paste quickly and easily with this neat kitchen tool. Its sharp, double-action cutting teeth make short work of cloves and fibrous ginger roots and its smooth surface makes removing the pulp easy. Its versatile design means it can also be used for grating nutmeg and other whole spices.

As it's made from stainless steel, Shred-Line™ can also help remove garlic odour from fingers when washing by hand.

Dishwasher safe.

Makes garlic and ginger paste fast

Rocker™
Garlic crusher

Designed by Goodwin Hartshorn
Design registered

By using downward pressure and a 'rocking' motion, this stylish tool breaks up garlic cloves quickly and easily, forcing the pieces up through the array of small holes in its base. The crushed pieces are then held in the curved design, allowing them to be spooned or scraped conveniently into a pan or bowl.

Additional cloves can also be crushed at this stage before emptying. Rocker™ is easy to clean under running water but is also dishwasher safe.

Available in a range of colours or in brushed metal.

To crush, rock back and forth over clove pressing firmly

Scoop into pan

Easy to clean and dishwasher safe

Milltop™

Non-spill salt & pepper mill set

Design registered

Conventional salt & pepper mills often create mess by leaving excess grounds on surfaces when placed down. The simple, elegant design of Milltop™ avoids this problem as the grinding mechanism is at the top of the mill, which means any excess grounds fall back inside the unit after use. The innovative design also does away with a long central spindle for the grinding mechanism, which increases its capacity and makes it much easier to fill. To use, simply invert the mill and twist the base to grind. To adjust the grinding size, simply rotate the stainless-steel top.

Wipe clean with a damp cloth.

Simply twist base to grind

Adjust grinding size by twisting stainless-steel top

Easy to refill - simply unscrew base

Flavour infusing spoon with herb stripper

Design registered

Adding extra flavour to soups, stews and casseroles is now even easier with this handy kitchen utensil. Load the bowl with fresh herbs or whole spices, close the lid and simply stir the flavours in as you cook.

Ideal for recipes using whole spices such as cinnamon sticks, dried chillies and cardamom pods that need to be removed before eating. Gusto is also perfect for flavouring pitchers of hot and cold drinks with herbs and spices. Suitable for all types of cookware.

Dishwasher safe.

Separate up to 6 egg yolks from their whites

Pouring spout

Flip lid for space-saving storage

YolkCatcher™

Egg-yolk separator with collecting base

Design registered

Separating egg yolks when baking can be messy and time consuming. This clever design, however, allows you to quickly and easily separate multiple yolks from the "white", saving you valuable preparation time. It separates up to 6 eggs at once and includes an integrated egg cracker and a collecting base to catch the egg white. Simply flip the lid after use for space-saving storage.

Dishwasher safe.

(20115)

Dimensions W13 x H7.1 x D13.5 cm (W5 x H3 x D5¾ inches)

Dimple™
Non-drip ice-cream scoop

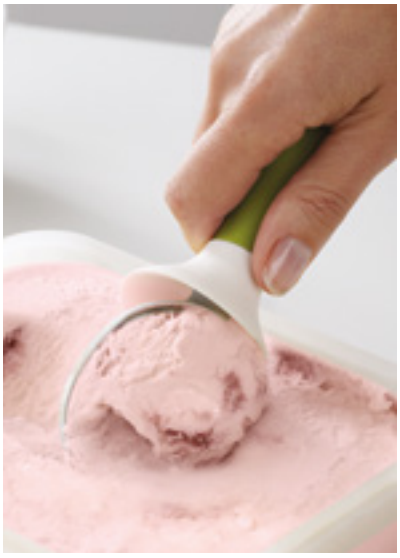
Design by Griffik
Design registered

Create less mess when serving ice cream with this thoughtfully designed scoop. Firstly, it has a plated zinc-alloy head with a faceted surface which helps release scooped ice cream more easily. Secondly, the tip of its weighted handle is flat which means it can be stored upright between scoops, rather than placed down on the worktop or stuck into tubs.

Lastly, it has a flexible silicone collar that catches any melted ice cream and drips before they run down the handle, leaving you free to enjoy your favourite dessert without sticky hands or worktops.

Dishwasher safe.

Collar catches drips when stood upright



Easy-release scooping head

Flexible cup catches pips

Catcher™
Citrus reamer with pip catcher

Design by Graeme Davies
Design registered

Ensure you get the whole juice and nothing but the juice with this innovative citrus reamer. With conventional hand reamers, the extracted liquid needs to be strained before use to remove any unwanted pips and fruit pulp. The design of Catcher™ helps eliminate this problem with its soft rubber cup underneath the reaming head, which catches any debris whilst allowing precious juice to drain through.

More comfortable to use than a horizontal hand juicer, Catcher™ is perfect for all kinds of citrus fruit.

Dishwasher safe.

Utensils

Elevate™

Kitchen tools with integrated tool rests

Concept by Gillian Westley
Designed by Derek Roberts
Design registered

The Elevate™ range of kitchen tools has been specifically designed to improve hygiene and minimise the mess made by placing utensils onto kitchen surfaces during use. Each tool has an innovative, weighted handle with an integrated tool rest, ensuring that when an Elevate™ utensil is placed down, its head is always raised from the work surface.

The Elevate™ range comprises a variety of essential kitchen tools - including spoons, turners, tongs and spatulas - in a host of materials such as nylon, steel and silicone. Available individually, in sets or with a rotating carousel.

Utensil head is always raised from the work surface.

Twist™
2-in-1 silicone whisk

Design registered

reddot design award
winner 2012

This innovative product incorporates two essential whisks in one stylish design.

As a flat whisk, Twist™ is ideal for mixing sauces in low pans or for making gravy in roasting trays. Its silicone-coated steel wires are suitable for non-stick cookware and are perfect for combining ingredients together, preventing them from burning on the bottom of a pan.

With a simple turn of the handle, Twist™ also becomes a highly effective balloon whisk, allowing egg whites to be whipped into perfect peaks. Twist™ can be easily dismantled for cleaning and, after use, can be closed flat for convenient storage in a drawer. Its silicone-coated wires are heat-resistant up to 270°C/520°F.

Nest™ Utensils Plus

Compact kitchen tool set with magnetic storage stand

Designed by Studio17 Design
Design registered

Nest™ is the ultimate collection of practical, space-saving kitchenware comprising a unique range of food preparation sets. Their innovative design allows the individual elements within each set to be stacked together, thereby occupying the absolute minimum amount of space, wherever they are stored.

Nest™ Utensils Plus is the latest update to this range. Comprising five essential kitchen tools, this innovative design now comes with a separate storage stand which holds any utensils that aren't in use. When nested together, each tool is held securely in place by small magnets in the handles. This colourful set not only looks great, but its compact design eliminates the need for an additional utensil pot.

All utensils are heat-resistant up to 200°C/392°F and are dishwasher safe.

LockBlock™
Self-locking knife block

Design registered

For parents with young children, safety around the home is paramount. And when it comes to sharp kitchen knives many people feel happier hiding these items away in a drawer. But then the drawer needs to be secured, the blades can be easily damaged and the knives can be dangerous to take out when needed.

LockBlock™, however, provides the perfect solution. The innovative design locks knives safely inside the block and requires an adult-sized hand to operate it, meaning that most children aged 5 and under will be unable to remove any knife*. As each knife is placed inside a knife slot, its blade is held securely by the unique Cam-lock™ mechanism. Pulling on a knife only increases the force of the grip so knives cannot be simply forced out of the block.

To remove a knife from LockBlock™ the release button, situated on either side for left and right-handed operation, needs to be firmly pressed. But due to its position and the force required to press it, only someone with an adult-sized hand can do this. The mechanism inside won't damage expensive knife blades as it has a smooth rubber surface so it holds the knife blade without scratching. LockBlock™ includes a set of 6 high quality knives that are made from Japanese 420J2 stainless steel and have precision, taper-ground edges for effective use. Their ergonomic handles have a textured, non-slip grip and a large bolster to help protect fingers. They are also colour-coded to match their corresponding knife slot.

Knives - wash and dry by hand.
Block - wipe clean with a damp cloth.

*In tests 96% of children aged 5 and under were unable to remove knives. This product is not a substitute for adult supervision. Always keep knives away from children and never leave a child unattended.

Rota™

Folding knife sharpener and honer

Design by Studio17 Design. Design registered.

The unique, swivelling design of this stylish knife sharpener provides two key benefits. Firstly, when opened out, it creates a safe, ergonomic handle to hold when sharpening. Then, when finished, the handle folds neatly away again, creating a compact unit that stores easily in a drawer. It has coarse and fine ceramic sharpening wheels for maintaining knives with a variety of blade conditions from dull through to damaged edges. Non-slip feet on the base give added stability.

Suitable for most types of stainless-steel knives. Not suitable for serrated or ceramic blades. Wipe clean with a damp cloth.

Prep&Serve™

Multi-function bowl with integrated colander

Design registered

This simple, stylish product combines the functions of a preparation bowl, colander and a serving bowl in one convenient design. Its integrated colander means you can rinse food in the main bowl and then drain off the excess water, without having to tip the contents into a separate colander or sieve.

Once drained the contents can either be tipped into a pan for cooking, combined with other ingredients such as sauces and dressings, or served straight to the table – all using the same bowl. It's ideal for preparing and serving salads and soft fruits or for rinsing rice and lentils prior to cooking. Dishwasher safe.

HouseBeautiful AWARDS 2013
Gold Award

This unique digital scale brings a whole new meaning to the concept of space-saving kitchen gadgets. When open, its three arms provide a stable platform on which to place bowls and other items for weighing. When closed, the unit folds down to an extremely compact size, enclosing and protecting the screen and controls, which makes it perfect for storing in a kitchen drawer. It has an easy-to-read LCD display, touch-sensitive controls and an auto power-off feature.

A convenient 'add and weigh' function also allows multiple ingredients to be measured in the same bowl during recipe preparation. The scale weighs/measures in the following units: g, lbs oz, fl.oz and ml.

Powered by 1 x 3V CR2032 battery (included).

Nest™

Compact food preparation sets

Design by Morph
Design registered

Nest™ is the ultimate collection of practical, space-saving kitchenware comprising a unique range of food preparation sets. Their innovative design allows the individual elements within each set to be stacked together, thereby occupying the absolute minimum amount of space, wherever they are stored.

There are four different sets available with each item in a set having its own individual features. All sets come in stylish packaging and all items are dishwasher safe.

Nest™ 9 and Nest™ 7 sets include mixing bowls with a non-slip base and wide carry handles; the small mixing bowl includes metric and imperial measurements moulded inside for added convenience and a handy spout for mess-free pouring; the sieve has a fine stainless-steel mesh and the colander has large, easy-drain holes. All other elements stack and snap securely together.

Baking

TwistBlade™
Adjustable palette knife

Design by Morph
Design registered

This clever utensil has a flexible, stainless-steel blade that can be rotated 180° at the push of a button, allowing it to be used for two different functions. In the top position, the blade is ideal for icing cakes and spreading jams and fillings. In the dropped position, it's perfect for smoothing food inside dishes and baking tins.

It also features an integrated tool rest to help prevent messy worktops.

Dishwasher safe.

Mix as you sieve

Shake-it™
Self-tapping sieve

Design registered

This simple design makes sifting flour quick and easy with its single-handed operation. As you shake, the sieve handle gently rocks from side-to-side in your hand, stopping sharply as soon as it reaches its furthest point. This movement cleverly simulates the process of tapping the sieve with your other hand, causing the flour to fall. As some recipes benefit from flour being sifted and mixed at the same time, this ingenious design ensures one hand is free for stirring and folding as you sieve. Available in two sizes, it features a fine stainless-steel mesh and the handle can be removed for easy cleaning. Dishwasher safe.

Handle removes for easy cleaning

Dimensions
Large H41 x W20 x D7.5 cm (H16 x W7¾ x D3 inches)

Shake-it™
Large **(20054)**

Fin™
Silicone bowl scraper with integrated foot

Design registered

This flexible silicone bowl scraper is both useful and hygienic. Its curved form is perfectly shaped to fit the sides of mixing bowls and it has an integrated foot that allows it to be placed down during use, preventing the scraping edges and food touching your work surface. The design also includes a hanging hole for versatile storage. All in all, a great baking tool that reduces mess and improves hygiene. Dishwasher safe.

Store upright between uses

(H5 x W1 x D7 inches)

Shaped to fit the sides of mixing bowls

Glaze

Refillable silicone pastry brus

Design registered

When glazing food before baking, it can be time consuming and messy having to keep dipping your pastry brush into a bowl of glaze mixture. This simple, clever design solves this problem as it has a squeezable, silicone base that can be filled with a variety of glazing liquids. Conveniently, this also allows it to stand upright between uses. It comes with two interchangeable heads – one for egg wash and one for sugar glaze or milk – and has flexible, silicone bristles which are hygienic, easy to clean and won't fall out into your food, unlike natural brush bristles.

Dishwasher safe.

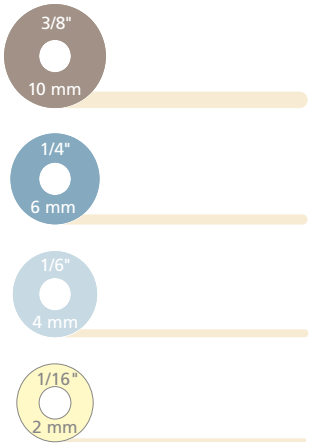
Adjustable Rolling Pin

Design by Damian Evans

This innovative rolling pin takes the guesswork out of preparing biscuit dough, pizza bases and pastry. It comes with four sets of removable discs that raise the rolling surface by different amounts, to create exactly the required pastry thickness – either 2 mm, 4 mm, 6 mm or 10 mm (1/16, 1/6, 1/4 and 3/8 inches).

Now available in a sophisticated new pastel colour palette, this ingenious device also ensures that pastry or dough is rolled to an even thickness throughout and to the exact size required, via measurements on the surface of the rolling pin. Discs - dishwasher safe. Rolling pin - hand wash only.



Simply unscrew ends to change discs

Index™
Food specific chopping board sets

Design by Damian Evans
Design registered

Since its launch in 2008, Index™ has been a worldwide bestseller, helping reduce cross-contamination of food with a simple-yet-effective, colour-coded system of boards. Whilst the original concept has always remained the same, the range has undergone a series of design refinements and product extensions over the years, culminating in this latest range of iconic products.

Index™ Regular & Large
This latest variant features the same key benefits of the original, but with an updated case design. As before, the knife-friendly boards feature easy-grip tabs with food-type icons, non-slip feet on both sides and sloping edges to catch crumbs and liquids. The storage case also has a non-slip base.

Chopping boards – dishwasher safe.
Storage case – wipe clean with a damp cloth.

Nest™ Chop

Set of 3 nesting chopping boards

Design by DonaldWentworth
Design registered

This compact set of chopping boards includes three sizes of board each with a curved profile at one end. The unique design feature provides two useful functions. Firstly it allows the three boards to be neatly stored together as a freestanding unit on a kitchen worktop. Secondly, it creates a handy chute down which chopped food or food waste can be easily guided. Each board also features a textured, knife-friendly cutting surface and non-slip feet.

Chop2Pot™

The original folding chopping board

Designed by Mark Sanders. Design registered.

Chop2Pot™ is our original, award-winning folding chopping board. Laid flat, it provides a durable, knife-friendly cutting surface for all types of food preparation. But when the handle is squeezed, the sides of the board fold up, forming a convenient chute down which chopped food or waste can be neatly guided.

This latest version of the design still employs the same proven 'living-hinge' technology to achieve its transformation, but also features a textured cutting surface, comfortable soft-grip handle and non-slip feet. Available in three sizes and a variety of colours.

Dishwasher safe.

M-Poach™

Microwave egg poacher

Design registered

Preparing poached eggs in a pan can be a tricky but cooking them in water usually gives the best results. This can be quickly and easily replicated in a microwave oven with this clever design. Simply fill the poacher with water, heat briefly in the microwave and then break in an egg. Cover with the lid and microwave on full power for the specified time. To serve, simply lift and drain the cooked egg with the integrated colander. Full cooking instructions included.

Suitable for all power ratings in domestic microwaves. The power rating (wattage) specified on the packaging is for guidance only. All microwaves vary so please adjust the cooking time to suit your appliance.

Dishwasher safe.

M-Cuisine™

Microwave single-serve popcorn maker

Design registered

This fun popcorn maker allows you to make a single 30g (1 oz) portion in one go, so it should put an end to arguments over who's eaten more than their fair share on film nights. What's more, it's made from high-quality, heat-resistant silicone, so it won't melt with the high temperatures created in the microwave when popping corn. It has an integrated measuring guide in the base and lid flaps that conveniently open when the popped corn is done and reaches the top of the maker. With no oil or butter required, it's a great way to make the perfect healthy snack. Available as a 2-pack.

Dishwasher safe.

M-Cuisine™
Microwave 4-piece stackable cooking set

Design registered

Flexibility is the key benefit of this stackable microwave cooking set. With its four interchangeable pieces, the versatile design allows you to cook anything from a single food right up to a full meal, ensuring everything is ready at the same time. Depending on the dish being prepared, the microwave can be paused and a new element with food added to the stack before the cooking process is resumed. The set comprises a main cooking pot for preparing rice, pasta or potatoes; a steamer basket for vegetables, fish or meat; a griddle for cooking foods such as bacon, and a reversible lid which doubles as a base for the griddle and steamer or as a stand-alone microwave plate. Integrated handles on the cooking pot and lid ensure all pieces can be safely removed from the microwave and carried to the table for serving.

Microwave rice & grain cooker

Design registered

Go seamlessly from packet to table with this specially designed microwave rice cooker. This thoughtful design provides all the tools necessary to measure, wash, cook and serve perfect fluffy rice and grains. It comprises a large 2-litre (2.1 qt) cooking pot with lid; a colander; a measuring cup, and a multi-purpose rice paddle that simultaneously locks the lid closed for cooking and also provides two convenient carry handles.

To use, simply measure the desired quantity of rice or grains into the colander and then rinse and drain. Place the colander into the cooking pot, add the correct quantity of water and then secure the lid on top using the rice paddle. Fluff the rice or grains with the rice paddle before serving.

Microwave popcorn maker with kernel-filtering li

Design registered

One of the most convenient and healthiest ways to make popcorn at home is in your microwave oven as no oil or butter is required. However, the heat created when the popcorn 'pops' can melt many plastic bowls.

Our M-Cuisine™ popcorn maker solves this problem as it has a silicone insert in its base that can withstand the high temperatures involved. It also features a perforated lid that allows you to shake out any unpopped corns that might be left over after cooking. The spherical design allows any added flavourings to be evenly distributed and it makes the perfect serving and sharing bowl.

Dishwasher safe.

Lotus™ Plus

Non-scratch, folding steamer basket

Designed by Graeme Davies
Design registered

The classic, stainless-steel steamer basket design is taken to new levels of practicality and convenience with this striking, contemporary version.

Made from polypropylene, the unit has self-adjusting sides to fit a variety of pans (minimium diameter 16 cm), new heat-resistant side fins, silicone feet and an innovative silicone fi ger guard.

It has a large capacity when fully open, but folds neatly away for storage. The unit is non-scratch and suitable for use with both steel pans and non-stick cookware. Polypropylene parts heat-resistant up to 110°C/230°F; silicone parts up to 270°C/520°F.

Dishwasher safe.

Nest™ Steam

3-piece steaming pod set

Design registered

Most small in-pan steamers only provide a single compartment for cooking food. This can be inconvenient, especially if different foods require different cooking times. Nest™ Steam, however, provides three individual pods that are ideal for small portions of vegetables and other foods. Each pod has a non-slip silicone handle and pan rests, and an integrated hook that suspends it safely from the edge of your pan. After use, the three pods stack neatly inside each other for compact storage.

Dishwasher safe.

Steam different foods separately

Compact, space-saving design

Twist-lock wine stoppers
Set of 2

Design registered

Keep unfinished wine fresher for longer with a simple twist of these neat wine stoppers. Their twist-lock mechanism creates a secure airtight and leakproof silicone seal that helps prevent opened wine from deteriorating too quickly and features a brightly coloured locking indicator confirming when the seal has been made. To release simply twist the opposite way and remove.

Available as a set of two.
Wash and dry by hand.

BarWise™
Compact lever corkscrew

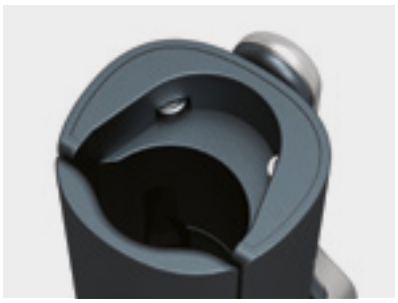
Design by Chambers Design Studio. Design registered

Conventional lever corkscrews are notoriously large and cumbersome to use and store. This BarWise™ compact lever corkscrew, however, packs all the power of a full-sized lever corkscrew in a clever, folding design. It's easy to use, removing corks with a simple lever action, and features twin integrated foil cutters and a non-stick screw thread, which glides smoothly into any cork. After use, the lever can be neatly folded away to allow for easy, compact storage.

Wipe clean with a damp cloth. Full usage instructions and a spare screw thread included.

Powerful lever design removes corks easily

Unique folding design compact when stored



Integrated foil cutters

BarWise™
Easy-action winding corkscrew

Design by Mark Sanders
Design registered

This easy-action winding corkscrew makes removing corks from bottles an absolute doddle. Simply push the corkscrew down onto the neck of the bottle, grip the sides of the tool and wind the handle to drive the screw into the cork. Continue winding and the cork is removed effortlessly, without the need to lever or pull it out like a conventional corkscrew. Its self-aligning design ensures perfect positioning every time and the non-stick coated thread glides easily into all types of cork. The design also includes twin foil cutters in the tips of its arms.

Wipe clean with a damp cloth.

Push down onto bottle

Squeeze arms and wind handle

Wind in reverse to release cork

Cap-collecting bottle opener

Design by Factorydesign
Design registered

When opening several capped bottles in one go, it can get messy with loose caps dropping onto the table and rolling onto the floor. This ingenious design solves this problem by capturing and collecting the caps as they are removed. After removing, the caps fall inside the body of the unit ready for disposal later through the hinged base. Great for parties and picnics. Holds up to 16 bottle caps. Wipe clean with a damp cloth.

QuickSnap™ Plus
Easy-release ice-cube tray with stackable lid

Designed by Graeme Davies. Design registered.

Similar in style to a conventional ice tray, this innovative design has a unique switch mechanism, which holds the ice cubes securely in place until required. It also includes a flexible lid that enables you to stack additional trays on top of one another in the freezer drawer, helping to prevent water spills and the ice cubes from tainting with any freezer odours.

Fill QuickSnap™ Plus with water just like a conventional ice tray. When ice is needed, simply twist the tray to loosen the cubes and then push each switch on the reverse, in the direction of the arrow, to release one ice cube at a time – effectively snapping each out of its individual compartment.

With QuickSnap™ Plus you only release the amount of ice cubes you really need, whilst the rest remain securely in the tray and can be placed back in the freezer. Perfect for serving ice straight into drinks, without touching the cubes. Dishwasher safe.

Push switch to release one cube at a time

Food Storage

Nest™ Lock
Compact storage containers

Design by Morph
Design registered

The problem with most storage containers is that they take up precious cupboard space when not in use and usually require the lids and bases to be stored separately – which makes finding and pairing bot elements a hassle. With the unique design of Nest™ Lock, container bases nest neatly inside each other and lids clip conveniently together for efficient, space-savin storage. As each element is colour-coded too, it's very easy to match lids with bases when you need them. All products in the Nest™ Lock range work together so you can build your own collection to suit your needs, whether it be for fridge/freezer storage, batch cooking or family lunch boxes. All containers feature lockable, airtight and 100% leakproof lids.

Bases and lids – Freezer, microwave and dishwasher safe (top rack only). BPA-free.

Nest™ Glass Storage
Compact storage container set

Design registered

Nest™ is the ultimate collection of practical, space-saving kitchenware comprising a unique range of food preparation and storage sets. Their innovative design allows the individual elements within each set to be stacked together, thereby occupying the absolute minimum amount of space, when they're stored.

All the containers in this set are made from tough borosilicate glass, which means they're freezer, oven, microwave and dishwasher safe. The container sizes range from a handy ½ cup (130 ml) size, that's perfect for small portions of vegetables or sauces, right up to an extra-large 10½ cup (2.5 litre) container that's ideal for preparing and storing family-sized meals. Each coloured lid snaps tightly onto its corresponding container and features easy-pull tabs for opening. Best of all, when storing, the lids can be snapped neatly together, which means they're very easy to find when you need them.

Lids – top-rack dishwasher safe.

Dot

Water bottle with counting lid

Design registered

It's a well-known fact that drinking water and staying hydrated is an important part of enjoying a healthier lifestyle. Many of us acknowledge that we should be drinking more water and this innovative bottle helps you do just that, by tracking how much water you actually drink.

The design features a clever lid that automatically counts every time you tighten it after refilling, showing you the number of bottles drunk with a simple column of dots. Each time you close the lid, a new dot will appear in the display window, allowing you to track up to 4 bottles per day.

By setting yourself a goal to drink a certain number of bottles, Dot provides a simple reminder of what you've achieved and gentle encouragement to reach your goal.

Perfect for use around the home, gym or office, Dot is a smart but simple way of improving hydration. Made from impact-resistant Tritan™, it has a leak-proof cap and is BPA free.

Bottle – dishwasher safe.
Lid – hand wash only.
Available in two sizes: 400 ml and 600 ml

Surface™ Stainless-steel sink tidy small

Keep wet sponges and dish brushes nicely organised with this sturdy, compact sink tidy. The main compartment is divided into two and has room for a scourer and a brush. At the front of the unit there's also space to store a wet sponge, which is held in place by an integrated rail.

The ribbed, sloping base ensures any excess water or soap suds collect out of sight inside the unit for draining later.

Wash and dry by hand.

Separate knife slot area for storing sharp blades

Removable spoon rest

Surface™ Stainless-steel utensil pot
(85114)
(85136) USA only

Surface™ Stainless-steel knife & utensil pot

Storing knives and utensils has never been easier with this smart, dual function unit. The main compartment is split into two. One side provides ample room for storing a variety of long-handled kitchen tools and the other side contains a series of slots, providing the perfect area for storing sharp blades. Located at the base of the unit is a removable spoon rest, making this a highly practical design for any kitchen.

Wash and dry by hand.

Dimensions H18 x W20 x D13 cm (H8 x W8 x D5 in)

Surface™ Stainless-steel cutlery drainer

Drain and organise your cutlery straight after hand washing with this simple, smart design. Its main compartment is divided into three, which allows you to group similar items together as they dry. It also has a separate, shallower section for storing smaller items such as teaspoons, preventing them from getting lost at the bottom of the unit. Its sloping base allows water to collect inside, out of sight, and it has an integrated spout for emptying.

Wash and dry by hand.

Removeable stainless-steel soap bar

Easy to fill and dismantle for cleaning

Surface™ Stainless-steel soap pump & bar set
(85113)
(85135) USA only

Dimensions W10.6 x H14.5 x D7.9 cm
(W4¼ x H5¾ x D3 inches)

Surface™ Stainless-steel soap pump and bar set

This stylish soap pump provides comprehensive hand cleaning and odour removal in one neat design. Firstly, it operates just like a conventional soap pump, dispensing liquid soap by pushing down on the large pump head. However, the stainless-steel top of the pump head is actually a removable soap bar, which can be lifted out and used to help remove strong odours from fingers, often left behind after handling foods such as onion and garlic. The design is easy to fill and also features a drip-catching base and non-slip feet.

Wash and dry by hand.

NEW

Flip-up™
Adjustable draining board

Design registered

This clever draining board includes a handy pop-up plate rack allowing it to drain up to 6 dinner plates as well as a variety of cups, glasses and bowls. After use, the rack can be folded neatly away for compact storage. The thoughtful design also features a ribbed surface to prevent water being trapped in the mouths of containers, a sloping base that channels water away and an integrated spout for draining directly into the sink. Non-slip feet on the base keep the unit in place during use.

Flume™
Folding draining mat

Design by Studio 17. Design registered.

These handy mats provide a soft rubber surface for draining a variety of items and are perfect for creating extra draining space when required. The distinctive parallel ribs prevent water from being trapped in the upturned mouths of cups, glasses and bowls and help direct water to the central channel, from where it can be easily drained. By simply picking up the corners either side of the central channel, Flume™ will naturally fold allowing water to be gently poured away. Updated for Spring, this new design is easier to clean, provides a flatter surface for draining glassware and now comes in a new larger size for even more draining space.

Hand wash only.

Dock™
Cutlery drainer and organiser

Design by DonaldWentworth
Design registered

A cutlery drainer is an essential sink-side item, however they can sometimes be difficult to clean and don't always provide adequate separation for cutlery and sharp knives. Dock™, however, has been designed with both safety and hygiene in mind. The tiered compartments help you to easily separate different items and the dedicated knife slot keeps sharp blades safe and secure. Excess water collects in the draining saucer in the base which has an integrated pouring spout making it convenient to empty. The unit dismantles for easy cleaning.

Dishwasher safe.

Y-Rack™

2-tier self-draining dish rack

Design registered

With draining space at a premium in most kitchens, Y-Rack maximises what's available by utilising the vertical area above your drainer. Its 2-tier design combines a sturdy base for draining pots and pans or cups and bowls, with a traditional-style rack above for draining up to 15 plates. The large self-draining utensil pot that clips onto the side means you can drain everything for 4 full place settings in a very small space. The base features sloping ribs to allow water to drain freely, a fixed draining spout for emptying into the sink and non-slip feet. The whole unit dismantles for easy cleaning.

Hand wash only.

Extend™
Expandable dishrack with draining plug

Designed by Studio17 Design
Design registered

This versatile dishrack allows you to quickly and easily expand your draining space. When required it can be extended to almost twice its size to accommodate the washing up after either single- or family-sized meals.

An integrated spout helps to drain away any excess water, but this can be rotated away and closed trapping water inside for draining later. This means that Extend™ can also be used to create draining space almost anywhere. With plated steel prongs and non-scratch tips that make it suitable for all types of glassware and crockery, this versatile drainer can be extended to create additional draining space that's perfect for cups and bowls.

A moveable cutlery drainer allows for flexible use and non-slip feet to ensure that, wherever it's used, the unit will be secure and stable. The steel rack can be removed for easy cleaning.

Wash and dry by hand.

Titan
Trash Compactors

Design registered

Titan is no ordinary waste unit. It features a patented, hygienic compaction system that enables it to hold up to 3 times more waste than a similar-sized domestic unit. Because Titan compacts your waste, it doesn't need to be emptied as often, which in turn reduces the amount of liners you use and also the amount of full liners that you have to deal with between collections.

Titan is built to last. Its compaction system and foot pedal have been tested over 100,000 times and are engineered to withstand repeated downward force. It's hygienic and mess-free too. The unique design ensures only the inside of the plastic liner touches the trash whilst compacting, leaving you with clean hands and a clean bin. It also features a replaceable odour filter for any unpleasant smells and a fingerprint-proof stainless-steel coating.

With Titan you can compact with confidence. It has an anti-tear design that won't stretch or pinch the liner and it has its own extra-strong, custom-fit liners for added peace of mind. It's also compatible with standard plastic liners.

A handy lid-stay feature ensures liner changes are quick and hassle-free, and it also includes a handle on the reverse to make moving easy.

Available in a range of sizes and finishes. 10-year guarantee.

Totem 60

Waste separation and recycling unit

Design by PearsonLloyd. Design registered.

Totem 60 combines all your waste and recycling requirements in one stylish unit, whilst taking up the same amount of space as a conventional kitchen bin.

It has a 36-litre (9.5 US gallon) general waste compartment at the top, which has a removable inner bucket that takes custom-fit liners or standard bin liners. The bucket includes liner-retaining holes, to prevent messy bag overhang, and breather vents that make removing a full liner easier. A carbon filter inside the lid helps eliminate odours and saves you emptying a half-full bag just because of the smell.

At the base of the unit is a multi-purpose drawer. Offering flexible use, this comes with a removable divider that's perfect for separating different types of recycling and features specially designed hooks that allow you to fix two standard carrier bags inside. Alternatively, custom-fit liners are available for a perfect fit.

Totem 60 also features a removable food waste caddy. This can be stored on a kitchen worktop, in the general waste compartment or in the multi-purpose drawer - whichever suits you best. Custom-fit compostable liners are available as well, which fit neatly inside with no untidy overhang.

The caddy is also available separately.

Stack 4

Food waste caddy with odour filte

Design by PearsonLloyd. Design registered.

This clever caddy has been carefully designed to help reduce the smell from collected food waste. It has a unique, ventilated design that allows air to enter and circulate inside the caddy, which helps to reduce moisture - the main cause of unpleasant odours from decomposing food.

In addition, it features a replaceable odour filter in the lid that works in tandem with the fresh air to help trap any smells that do occur. It has an easy-clean polypropylene body, a flip-top lid and a sturdy stainless-steel carry handle. A liner-retaining hole inside ensures any liners stay in place and the rim of the removable lid hides any untidy bag overhang. Perfect for storing on a kitchen worktop. Custom-fit, compostable liners (IW2) are available separately for the perfect fit.

Total capacity: 4L (1 US Gallon).
Wash by hand with hot, soapy water.

Compo™ 4

Easy-fill food waste cadd

Design registered.

This slimline food waste caddy has been specifically designed to make collecting food scraps easier. It features a convenient flip-up lid and an extra-wide aperture, ideal for capturing food waste scraped directly from plates. An adjustable air vent in the lid can be opened to allow moisture to escape – thereby reducing odour build up – or closed to provide a barrier to insects in hotter climates. The slender design is perfect for storing on the worktop or inside a cupboard and it comes with its own bracket for mounting on a cupboard door. Suitable for use with Joseph Joseph IW2 custom-fi liners.

Wash and dry by hand.

Bathroom

Bathroom

Small space. Big challenge.

Bathrooms can easily become messy, disorganised environments and there's no shortage of products available to help.

But do any of these items really address the problems or merely add to it? For example, many toothbrush holders can be impractical, cumbersome or difficult to clean. Sometimes they can be all three.

At Joseph Joseph we don't just design products for the sake of it. Everything we create has to have a real, practical purpose that makes something easier, quicker or more enjoyable. For us, if it's not brilliantly useful, it's useless.

Our research in the bathroom category showed us quite quickly that the most common problem areas were:

- Storage & organisation
- Cleaning & hygiene
- Waste & recycling

With this in mind we set about creating a range of products that would provide some truly innovative solutions to these challenges.

RETURN TO CONTENTS

SOAP DISHES
Space inefficient; messy; ha d to clean
TOILET BRUSHES
Clog with dirt; drip on the floor; ine fective
WASTE BINS
Not designed for recycling; unsightly

Flex™
Toilet Brush

Design registered

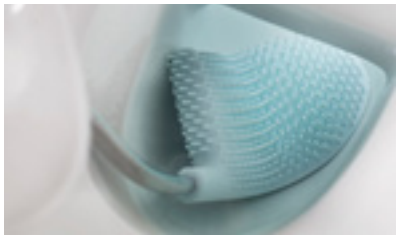
Conventional toilet brushes hold dirt and liquid, making them messy and unhygienic to use and clean. Also their bristles can distort and wear, meaning they need to be replaced regularly. Flex™ is a revolutionary toilet brush designed to solve all these problems. It features a flexible, D-shaped head that reaches all areas, even under the rim. It has widely spaced bristles that prevent dirt clogging, allow liquid to drain quickly and are more durable than conventional-style bristles.

Flex™ is available in two versions. The first comes with a slimline holder for neat, hygienic storage; the second - Flex™ Plus - features a holder with a discrete, storage caddy, for keeping cleaning products or aerosols out of sight.

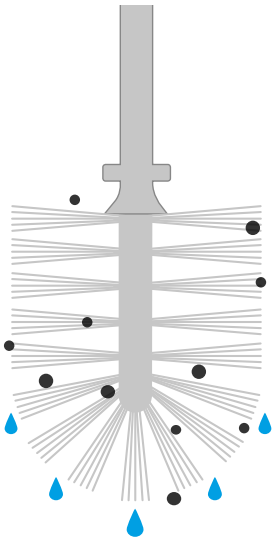
Brush and holder - clean with bleach or hot soapy water.

RETURN TO CONTENTS

More hygienic. Reaches all areas.
Effective cleaning.

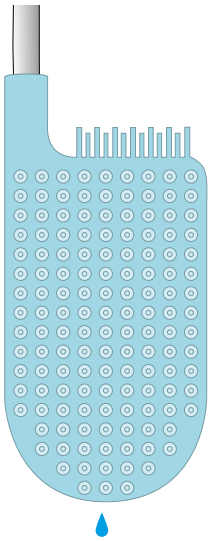


Conventional Toilet brush



- Hard to reach all areas
- Drips between cleaning and storing
- Clogs easily and hard to clean
- Bristles distort over time

Flex™ Toilet brush



- Unique flexible design eaches all areas, even under the rim
- Anti-drip: less dripping between cleaning and storing
- Anti-clog: wide bristle spacing ensures dirt rinses off easily
- Durable bristles

Flex™ Plus

Flex™
D8.7 x W12.3 x H43.1 cm
(D3½ x W4¾ x H17 inches)
(70506) Blue
(70515) Grey

Flex™ Plus
D13 x W14.9 x H45.7 cm (D6 x W5 x H18 inches)

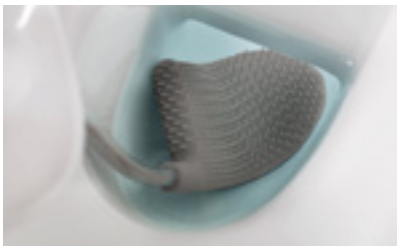
Flex™Steel
Toilet brush

Design registered

Flex™ Steel comes with a slimline stainless-steel holder with a fingerprint proof coating.

Holder – Wipe clean with a damp cloth. Do not use abrasive cloths or strong chemical cleaners. Brush – clean with bleach or hot soapy water. If using bleach, avoid prolonged contact with stainless-steel shaft.

Cleans under the rim



Flexible head

Slimline storage holder

Flex™ Steel toilet brush
(70517)

Dimensions H42.8 x W12.5 x D8.9 cm
(H17 x W5 x D3½ inches)

EasyStore™
Toilet paper stands

Design registered

These freestanding toilet paper holders feature a clever dual-purpose storage shelf. The stainless-steel top provides a convenient surface for placing small items, such as a mobile phone or book, whilst the curved base conceals a secret storage compartment that's perfect for keeping sanitary items conveniently within reach, but discretely out of sight. A silicone strip on the main roll holder provides resistance when tearing and prevents the paper from unravelling too quickly. A weighted base ensures good stability and a fingerprint-p oof coating on the stainless-steel shelf helps keep this free from marks.

The design comes in two versions; the first provides space for storing up to 4 toilet rolls and the second features a Flex™ Steel toilet brush, which stores neatly in the base.

Wipe clean with a damp cloth. Assembly instructions and allen key included.

EasyStore™ Toilet paper stand holds up to 4 rolls

Shelf for small objects

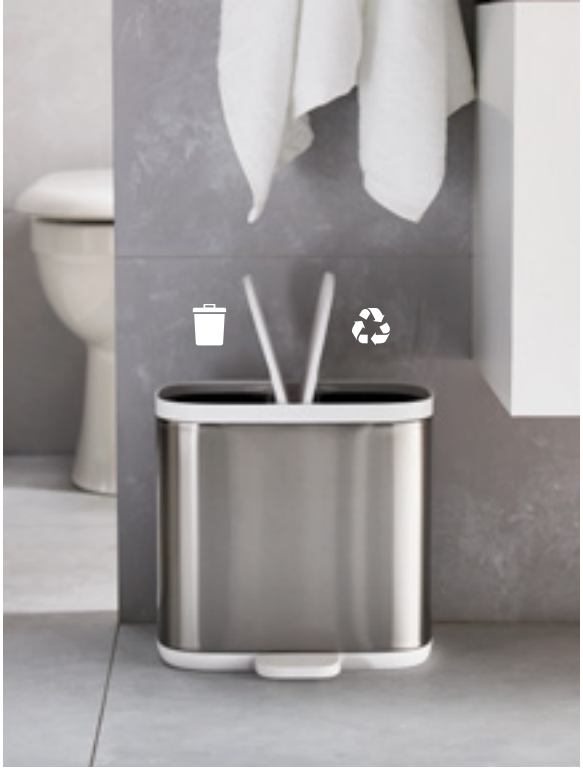
Discrete compartment for storing sanitary items

Friction-grip roll holder prevents unravelling

EasyStore™ Toilet paper stand
H68 x W16.5 x D22.5 cm
(H26¾ x W6½ x D8⅞ inches)
(70518)

EasyStore™ Plus toilet paper stand with Flex™ toilet brush
H76 x W17.5 x D23.5 cm
(H29⅞ W6⅞ D9¼ inches)
(70519)

EasyStore™ Plus toilet paper stand comes with a Flex™ Steel Toilet brush



Split™ 6 Steel
Recycler

Design registered

Many bathrooms and bedrooms have limited space, so having a separate bin just for recycling is rarely an option. Split™ 6 Steel provides the perfect solution as it's divided into two compartments, allowing you to separate recyclable and non-recyclable waste within one compact design. The unit features hands-free pedal opening, soft-close lids and a fingerprint-proof stainless-steel body. It also has removable buckets for easy emptying with liner-retaining holes that prevent the liner from slipping during use. The deep rim of the lid also helps to hide any messy liner overhang. Suitable for use with standard 3-litre liners.

Total capacity 6 litres (1.6 US Gallons).

Main body – Wipe clean with a damp cloth. Do not use abrasive cloths or strong chemical cleaners. Buckets – wash with hot, soapy water.

Dimensions H27 x W28.4 x D18 cm
(H10½ x W11 x D7 inches)

Compact space-saving design

Fits standard 3-litre liners

Liner retaining holes to keep plastic liners in place

Split™ 6 Steel Recycler
(70520)

CONTENTS

Removable inner bucket

Split™ 8
Recycler

Design registered

Split™ 8 also features two compartments for seperating waste. The smaller compartment has a removable bucket for easy emptying and can be used with or without a plastic liner. Total capacity 8 litres (2 US Gallons).

Wash and dry by hand.

Split™ 8 Recycler
(70505) Blue
(70514) Grey

Dimensions W21 x D21 x H28 cm
(W8¼ x D8¼ x H11 inches)

Slim™
Compact Soap Pump

Design registered

With space at a premium around most sinks, the narrow footprint of this stylish soap pump means it takes up less room without compromising on capacity. It features a non-drip nozzle and an easy-push pump head and holds up to 350ml (12.3 fl oz) of liquid soap

Wash and dry by hand.

Slim™ Compact Soap Pump
(70503) Blue **(70512)** Grey

Dimensions W6.2 x D9.1 x H14.1 cm (W2½ x D3½ x H5½ inches)

Slim™
Compact Soap Dish

Design registered

Conventional soap dishes are difficult to keep clean and take up a large amount of space around the sink. This clever, compact design features an angled base, which means it can hold a full-size soap bar in less space. It also allows excess water and soap suds to drain neatly out of sight. It features a ventilation hole for quick drying, a non-slip base and can be dismantled for easy cleaning.

Wash and dry by hand.

Ventilated for quick drying

Dismantles for easy cleaning
