HAIL EUROPE

AMENITIES

STONE PAPER

Stone Paper is a tree-free paper that consists mainly of mineral powder (80%) bounded with (20%) of non-toxic HDPE (a clean plastic). Because it's tree-free, thus protects our forests, our environment and above all has similarities to traditional wood pulp paper in regard to its elasticity and tear-resistance in a ratio of 1:1 and 2:1.

We now use the stone paper bags for:

- **Wash cloth** - Made of cotton
- **Shoe mitt** - Made of cotton
- **Vanity kit** - With paper sticks
- **Showercap** - Ecopure additive
- **Sewing kit** - In paper safety sachet
- **Sleeping mask** - Made of cotton
- **Shoehorn** - Ecopure additive
- **Loofah spon**s - Made of a plant
- **Earplugs**

AMENITIES

ECO LABELS

NO PLASTIC PACKAGING

Because it is stuck tight and only opened word to break through the tear, it is clear to check whether the product has been used or not. As a result, an unopened product could be reused and plastic around the packaging is unnecessary.

SOY INK

Soy ink is a kind of ink made from soybeans. As opposed to traditional petroleum-based ink, soy-based ink is presumed to be more environmentally friendly, might provide more accurate colors, and makes it easier to recycle paper

100% TREE FREE

Stone Paper commits to the reduction of, among others, paper packaging to unburden our forests and fragile nature. We strive to a progressive awareness of doing business business with the collective wish to protect our environment for the future generation.

- Take responsibility
- Preserve the environment
- Lower CO2 exhaustion
- A win-win situation for all

BIODEGRADABLE

Biodegradable items can break down into natural materials in the environment without causing harm.

MORE TO

ENJOY

There are more products from **wheat straw**, such as the new cosmetics line from The Spa Collection Bergamot. Available in 30 ml tubes and 400 ml bottles. The Bergamot line has also a nice oatmeal soapbar. Oatmeal soap has been proven beneficial not only when consumed but also when used as part of a skincare regimen.

The flipflops are made of cotton. They can be made in various designs.

The loofah spon is made from the loofah fruit which is related to the cucumber. Thanks to its fibrous nature, loofah is very suitable as a natural scrub sponge. Dried loofah also exfoliates your skin wonderfully soft and shiny.

All the products can be made as a **private label!**
