TABLEWARE

Servizi da tavola

Dinnerware

Le collezioni in ceramica e porcellana firmate Zafferano nascono per offrire prodotti funzionali ed esteticamente originali con cui valorizzare la presentazione del cibo e il servizio in tavola.

La creatività e lo spirito innovativo che sono nel DNA del marchio guidano la ricerca di tecniche produttive e soluzioni nuove trovando a Civita Castellana, in provincia di Viterbo, un prezioso patrimonio di conoscenze e un approccio comune. Attivo dal secolo X a.C., questo distretto applica tecniche artigianali alla produzione contemporanea, senza perdere di vista la bellezza e semplicità che rendono un oggetto unico e "senza tempo".

Da questa visione condivisa nasce una partnership che permette a Zafferano di contare su una produzione "made in Italy", realizzata in esclusiva su proprio disegno.

In queste lavorazioni, lo stoneware è il materiale privilegiato: robusto e compatto, garantisce durezza e impermeabilità, resiste alla lavastoviglie e alle rigature della posateria.

The porcelain collections by Zafferano have been created to provide functional and aesthetically original elements for presenting food.

Creativity and an innovative spirit are in the brand's DNA. In the search for new production techniques and solutions, Zafferano has identified in the village of Civita Castellana, near Rome, a precious wealth of knowledge and a common approach that has allowed to establish an intense collaboration.

Here, the art of ceramics has been practiced since the 10th century BC, applying craft techniques to contemporary production, without losing sight of the beauty and simplicity that make an object unique and "timeless".

This common vision has encouraged Federico de Majo to finalise a partnership with one of the last historic workshops in this district: this venture allows Zafferano to count on a "made in Italy" production, made exclusively on its own design.

In these products, stoneware is the most popular material: tough and compact, hard and waterproof, stoneware is dishwasher safe, and resistant to cutlery scratches.
