

ASSORTMENT 2024

HELLO.

Dear Customer,

At Brabantia we want to make the world a little better - and help consumers do the same. Our dedication to positive change is demonstrated in the B Corp certification we achieved in 2023. More and more of our products received a Silver Cradle to Cradle certification, and we even added Fairtrade cotton to a brand new ironing board cover. Plus, together with WeForest, we have now helped to grow 2.8 million trees- and counting!

We kept and continue to support a sustainable lifestyle, with several new and relevant products. In fall 2023, we released our new food enjoyment extension 'Make & Take' in stainless steel, for healthy meals on the go. The sustainable StepUp pedal bins are now available in 10, 16, and 25 liters in Dark Grey, Jade Green, and Light Grey. The new New Dawn Ironing Boards and Covers are crafted with 100% Fairtrade cotton. And last but not least, the new high-end items in the SinkStyle collection bring organisation and a touch of style to the sink.

Comes Spring 2024, we will be introducing the Refresh & Steam collection. A new laundry care collection with on-trend products and accessories designed for steaming clothes. Our Sort & Go collection for efficient waste separation will be expanded with three built-in bins, and we'll tap into the at-home cooking and meal prepping trend with the new Tasty+ stackable canisters and kitchen tools. And of course, we will also introduce new mood-enhancing colours and covers this next year!

As we aim to keep a sustainable lifestyle accessible for customers and your margins intact, there will be no price increases for Brabantia products in 2024.

All the best,
Jos van Baal
Sales Director Export&China

PS. Amongst all these big introductions, we never lose sight of the important details. Because in the end, it is always the little things that matter. That's why, as always, we're ready to support you with point-of-sale material, digital content packages, consumer advertising, service, and web support. Please reach out to myself or a member of my team, if you would like any assistance.

WELCOME.

WITH LOVE AND CARE.

We love the planet as much as you do, and we want to leave it more beautiful for the next generation. Sustainability is in our nature, and in our products. We are committed to becoming 100% circular in all our designs. It's ambitious, but nothing worthwhile is ever easy.

BEAUTIFUL B CORP

Caring for others and the environment, caring for the earth that nurtures us, the air we breathe and the water that helps us flourish... It's in everything we do and always has been. We create products where beauty meets sustainability. As a family business, we do everything we can to leave a better world for the next generation. That is why we feel strengthened that we are now part of a special community of beautiful, leading and sustainable companies called B Corps. B Corps, Benefit Corporations in full, are recognised for their positive impact on people and the environment. The 2-year certification process was intensive, but it has made us even more passionate about contributing to a more beautiful world. By taking on the little things - and the big.

CRADLE TO CRADLE

We want to do better every year. For an example, we aim to raise the number of products that are Cradle-to-Cradle certified at Silver level. In 2023, we managed to raise the score of our ironing boards from Bronze to Silver level. And there are more of these certificates to come.

The Cradle to Cradle Institute assesses products on Material health, Product circularity, Clean air and climate protection, Water and soil stewardship and Social fairness.

The certificates are reviewed every two years. In order to keep the C2C certificates, we continuously try to improve our products on these points.

2.8 MILLION TREES

With our rotary dryers and drying racks we support WeForest to fulfill its mission – restoring forests for a better climate and planet. Together we are growing more than 2.8 million trees in Africa. Let's plant even more!
