## MIDNIGHT FLOWERS

Founded in 1994, Marni is recognized as one of the most artistic, colour-savvy, life embracing and off-beat fashion brands of today. Renowned for its subversive collections, Marni has consistently challenged the traditional codes of fashion and the seriousness of dressing up, celebrating individuality through its distinctive approach to materials and colours, combined with a unique taste for prints and shapes.

Marni's quirky elegance is a range of possibilities, a lifestyle with an avant-garde spirit that holds a constant dialogue with the world of art, finding ultimate expression in special collaborations and capsule collections.

“Marni is a brand appreciated for its distinctive approach to materials and colours, our irreverent attitude to mixing different prints and forms creates a language that is unique to the brand, and one that is evident in this tableware collection at a single glance. Despite the apparent dissonances in bringing to life a ready-to-wear collection and a tableware series, there are in fact many subtle touch points. Both leave space to dialogue, materiality, tactility and sensorial emotions, and by anchoring the new line to these notions, we translated Marni's creativity through a new mean of expression.” Francesco Risso

## MIDNIGHT FLOWERS — TABLEWARE

Encompassing 123-pieces of hand-illustrated porcelain plates, dishes, cups, saucers, teapots and glasses, this botanical-inspired collection interprets the Marni universe through a new medium, highlighting an avant-garde approach that holds a constant dialogue with the world of art. Envisioned by Creative Director Francesco Risso, this sophisticated yet offbeat tableware collection embodies Marni's dynamic essence, with the intention to reawaken the tablespace with its playful energy and quirky elegance.

With a range of different-sized plates, dishes and bowls, teapots, cups and saucers in slightly asymmetrical forms, the shape of each piece materialises the importance of the hand touch and emphasises the quality of the porcelain. Embellished with colourful hand-illustrated botanical depictions, the collection's nature-inspired motif presents a gentle palette of mauve, teal and rose with notes of lime, reminiscent of the floral patterns ever present in Marni's ready-to-wear collections. With each piece intended to be freely composed to welcome an alternative visual narrative, the liberal amalgamation of these delicate designs draws a parallel between discipline and creative chaos and fosters an infinite alternative affinity.

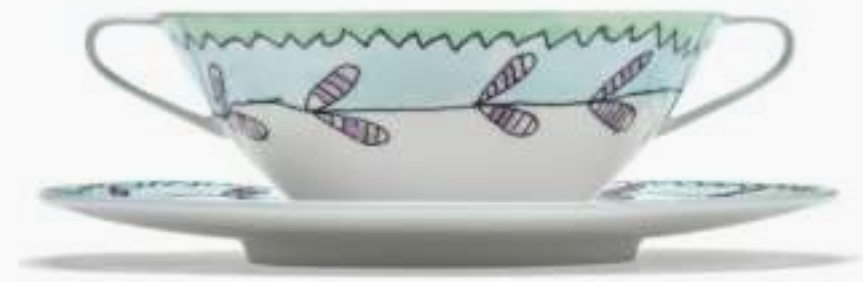

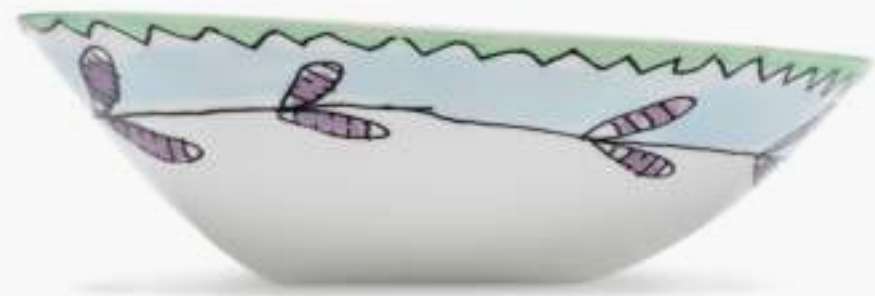

#### MIDNIGHT FLOWERS — GLASSWARE

Besides a porcelain dinnerware and coffee set, Midnight Flowers also comprises 5 refined glasses: a water glass on a small base, a champagne coupe and flute, and wine glasses. Each glass features a laser-engraved flower motif. These patterns are directly connected to the inspiration of the painted patterns of the tableware. This labor-intensive process is repeated three times for an optimal effect. Finally, the glass is finished with an oil-based polish to enhance the subtle transparency of the engraved motif. The result is an artistic set of glasses worthy of the renowned fashion house.

**MIDNIGHT FLOWERS**

Founded in 1994, Marni is recognized as one of the most artistic, colour-savvy, life embracing and off-beat fashion brands of today. Encompassing 120-pieces of hand-illustrated porcelain plates, dishes, cups, saucers and teapots, this botanical-inspired collection interprets the Marni universe through a new medium, highlighting an avant-garde approach that holds a constant dialogue with the world of art. Envisioned by Creative Director Francesco Risso, this sophisticated yet offbeat tableware collection embodies Marni's dynamic essence, with the intention to reawaken the tablescape with its playful energy and quirky elegance.
