Casafina, created in 1981, offers a wide range of high-quality sustainable products, from kitchenware, bakeware, tableware, and gifts... Collections that are trend-right today as well as classics that have stood the test of time.

Crafted in Portugal by true artisans, its fine stoneware products are unique, durable, and timeless. The stoneware collections are complemented with handmade glass, cork, oak, linens, and hand-painted collections of terracotta.

All items are designed to be part of the moments that matter...

SUSTAINABLE CHOICE

Casafina sees its products and operations as part of a long-life cycle, and it is committed to taking better care of the community and of the world.

SUSTAINABLE PRODUCTS / SUSTAINABLE INDUSTRY

Our stoneware products are ethically manufactured in Portugal, in our modern environmentally friendly factories. We pair them with thoughtful collections of flatware, glassware, table linens, and other natural or recycled materials such as cork, wood, and leather, manufactured in Europe with the best expertise and resources.

Our choice of partners and of materials reinforces our commitment and aesthetics on bringing unique and elegant alternatives to the table while respecting nature around us.

ECO DESIGN Our designers play a pivotal role in promoting sustainability in stoneware manufacturing. All our stoneware products are manufactured efficiently, optimizing resource usage (clay, glazes, energy, and water) to minimize waste during production. They are guaranteed to be eco-friendly, reusable, and recyclable.

ENERGY EFFICIENCY Casafina has pledged to power its global infrastructure with 100% renewable energy and has made significant investments in renewable energy projects. We utilize 1180 kW of solar panels to harness the energy of the sun. Our four factories operate entirely on our self-generated solar power and green energy sources, which are derived from renewable sources of energy. Our single-fired production reduces the energy consumption and emissions into the atmosphere (single-firing uses 50%-70% less energy than the standard double-firing system). We reuse heat from the kilns to enhance the efficiency of the equipment, but also in a closed circuit, making them 15% more efficient than the most energy-efficient kilns in the market.

WASTE MANAGEMENT The waste we generate is mindfully managed. 99% of our waste is sent for

recycling or valorization processes, becoming by-products incorporated into other industries. We recycle in our own facilities our factory's excess clay into brand new dinnerware, limiting transport emissions. We've developed Ecogres, a new raw material created by collecting, recycling, and repurposing clays and glazes from our own processes, as well as other waste materials from neighboring industries.

WATER TREATMENT In addition to our reducing consumption practices, 100% of our water is carefully treated and reused for internal cleaning processes or reintroduced in our production process. Each one of our four factories is equipped with an industrial wastewater treatment plant.

ETHICAL BUSINESS PRACTICES Casafina is committed to maintaining high ethical standards in its business operations, including transparency, fair treatment of employees, and adherence to laws and regulations. Here are some of our major concerns regarding our employees and community:

- We prioritize a positive work environment based on trust, ethics, and respect for human rights.
- We invest in continuous employee training and ensure safe working conditions.
- We strive for diversity, gender equality, and non-discrimination in our workforce. We employ a workforce of over 1,000 individuals from 14 nationalities across our four factories, with women making up 70% of our staff.
- We actively engage with and support local institutions, contributing to social progress. We annually donate products to nearly 100 associations for fundraising and promote internal solidarity campaigns.

PACKAGING Everything we use to pack our products is recycled and recyclable. Our packaging is 100% plastic-free and dyed with nonhazardous dyes. In our journey to find new and sustainable alternatives to plastic filling we developed a new subproduct, called Ecocard. Ecocard is made of crushed internal cardboard waste, and it is used to fill our boxes. In addition, all our boxes are FCS certified (75% recycled cardboard), sealed with recycled paper tape and are reusable and recyclable.

INTRODUCING ECOGRES

FROM THE EARTH, FOR THE EARTH

In our commitment to creating sustainable solutions for a better future, Casafina is introducing Scotia, a collection that is made from Ecogres, an innovative raw material.

Ecogres® is our proprietary clay composed of 98% recycled materials, and it is entirely eco-friendly. It is produced by collecting, recycling, and reusing clays and glazes from our own operations, as well as other waste materials from neighboring industries.

In 2023, with a focus on reducing the environmental impact of tableware production, our company opened the Ecogres factory, in Aveiro, Portugal. Considered a factory ahead of all ceramic factories, Ecogres presents one of the most advanced energy-efficient industrial facilities in the world.

DISCOVER BEAUTY *in* SIMPLICITY

This year's catalogue is an ode to Alentejo, a region nestled in the heart of Portugal, where time unravels slower than in any other place in the world.

Amidst its timeless landscapes, we captured the essence of some of our beloved collections in evocative photoshoots that truly came to life.

Alentejo reminds us that beauty is mostly found in simplicity, and that life's true richness lies in the connections we forge with the land, its people, and the stories they share.

Monte do Corvo: a traditional "Monte Alentejano" beautifully restored by Architect Francisco Aires Mateus.

THIS SUN-KISSED LAND, ADORNED WITH ROLLING GOLDEN PLAINS AND TIMELESS OLIVE GROVES, HOLDS THE TRADITION OF THE COUNTRY WHILE EMBODYING THE ESSENCE OF CONTEMPORARY LUXURY.

The breeze in Alentejo carries the delicate whispers of wildflowers, while sun-soaked vineyards yield the finest of the nation's wines. Amid the landscape, white-painted houses nestled under cork trees, create an enchanting scene.

Alentejo is a voyage through both time and emotion. It is a realm where gastronomy is elevated to an art form, where every dish tells a story of generations past, and where the time spent preparing a meal and sharing it at the table holds profound significance.

FATTORIA

The quintessential farmhouse look is the foundation of the Fattoria collection. A variety of cooking and serveware pieces like bakers, mixing bowls, 3-size canisters, generous pitchers... transport lovers of a traditional Italian kitchen look to a more contemporary approach without losing its inherent country charm.

All Fattoria items are available in white, while a subset of pieces can be purchased in a pale grey.

POTERIE

Casafina takes a modern approach to vintage culinary French pottery with its collection Poterie.

Inspired by the timeless gems of “Poterie en Grès”, the collection pairs unique kitchenware and dinnerware pieces with different shapes, textures, and dramatic finishes, welcoming a casual look to any home.

Vintage mixing bowls come in 3 sizes and showcase a spectacular reactive glaze on the interior, contrasting with a darker, matte glaze on the exterior. The collection also includes a generous oval platter, pitcher, cruet, and spoon rest.

SCOTIA

Scotia embraces the legacy of Scottish yellowware. Originating in Scotland during the late 1700s and later finding its way to England, yellowware emerged as a kitchen essential renowned for its utilitarian forms and robust craftsmanship. Crafted with dedication to both aesthetics and sustainability, this collection is made from Ecogres. With an eye on tradition and an embrace of the contemporary, our skilled artisans have created a range of kitchen essentials that celebrate both heritage and innovation.

The selection of glazes and colors, featuring both a glossy white and a transparent glaze, contributes significantly to the overarching narrative. The transparent glaze reflects the simplicity of bygone days, while the white glossy glaze introduces a layer of contemporary refinement, seamlessly merging tradition with modern sophistication.

IMPRESSIONS

Classic French country shapes are the foundation of the Impressions collection. We've added texture with both a hand-sponged glaze and an antiqued border.

TABLE / IMPRESSIONS

Impressions brings back the classic and timeless style, in an unconventional glaze finish.

MADEIRA HARVEST

We've breathed new life into our 25-year-old classic, the Madeira Harvest collection, through a new approach to table design. Set against the backdrop of a traditional Alentejo countryside house meticulously restored with care and respect for its original spaces, materials and atmosphere, this collection shines.

TABLE / MADEIRA HARVEST

The collection is available in a beautiful glossy vanilla color.

The dinnerware is also available in a matte black finish that brings a more sophisticated look to the collection.

TABLE / MADEIRA HARVEST

Originally designed for elegant entertaining, it has also proven itself perfect for daily use, thanks to its timeless design and exceptional durability. Each piece of this collection carries a unique handcrafted allure, creating a classic and charming look that's equally fitting for sophisticated gatherings and more relaxed, casual occasions.

Set against the serene beauty of Melides, Alentejo, Monte do Corvo provides the idyllic backdrop for our Madeira Harvest collection.

MALLORCA

The Mallorca collection captures the natural landscape of the famous Mediterranean island, a haven of turquoise waters, soft golden sands, and impressive cliffs.

Mallorca shares its DNA with our Eivissa collection, featuring reactive glazes of sand beige and sea blue patterns. Yet, its soft and scalloped edges suggest a more exquisite look. Combine both collections for a casual and eclectic look.

TABLE / MALLORCA

Due to the reactive glazes, the blended patterns of sand beige and sea blue will vary slightly, making each piece one-of-a-kind.

NANTUCKET

Slightly organic in shape, the Nantucket collection features beautiful blue stripes that resemble ocean waves.

The inspiration for this tableware collection comes from the charming Island of Nantucket (USA), where beaches are always perfectly windswept and life meanders at a slower pace.

The collection features serveware pieces and salad plates in two different patterns – stripes and dots – a perfect way to create playful layers on the table. You can also use them as side plates for serving tapas and small appetizers.

SARDEGNA

Sardegna embodies the artistic essence of a potter's craftsmanship. This collection includes generously sized dinnerware, a versatile array of serveware, and accessories that blend remarkable durability with moderate weight. Sardegna now showcases a new decoration inspired by the picturesque landscapes of Italy, featuring a charming floral motif. The collection is further adorned with a rustic hand-painted rim and a speckled white glaze, adding to its unique and inviting character.

THE NUTCRACKER

Tchaikovsky's famous ballet has captivated generations as a beloved holiday tradition.

Casafina brings the spirit to your table with its Nutcracker collection.

The collection showcases original illustrations that capture the ethereal images from the beloved ballet and consists of a variety of dinnerware, serveware and decorative pieces.

TABLE / HOLIDAY / THE NUTCRACKER

This complete collection will delight all family and make the holiday season more meaningful and memorable.

Reminiscent of a childhood memory, The Nutcracker features several patterns of dancing figures, sweets and fairies, pine forests, toy soldiers, the Mouse King, Clara, and, of course, the Nutcracker. The collection's rippled edges and hand-brush rims complement the romantic white glaze.

TERRAZA COLLECTION

HANDMADE & MOUTH-BLOWN GLASS

Casafina glassware collections are hand-finished by some of the world's most talented glass makers in Europe, from Portugal to Poland and Czech Republic, all countries famous for their heritage in glass making.

Passed through several generations, some of the processes, especially mouth-blown glass, continue to evolve ancient skills that bring to life delicate and handcrafted glass.

HANDWOVEN PLACEMATS

In collaboration with a skilled Portuguese artisan partner, Casafina presents Joana — a collection comprising four meticulously crafted handwoven table placemats. Just like the artistry applied to crafting carpets, each table placemat is carefully handwoven using a traditional loom. Grace your table with unique handcrafted textile pieces that evoke an era when each creation held the distinct essence of a masterpiece.

PRODUCT GUIDE

Fine Stoneware

All our stoneware collections are manufactured in Portugal using a single firing system at high-temperature (1180°C / 2160°F).

This original formula creates a unique ceramic body very resistant to both thermal and mechanical shocks.

All stoneware products can be safely used in the oven, microwave, and freezer. As a precaution, you should avoid placing the pieces straight from the oven on a cold surface. Do not use it over a direct flame. Avoid the use of products with craquelée surfaces such as Dori collection in the oven and freezer.

They are also dishwasher safe.

To ensure the items last longer we advise you to make sure that no item can rub or bump against another during the wash cycle, preventing damage. As a precaution, we recommend you wash oversized items and more delicate pieces by hand.

All pieces used for eating and serving purposes, meet the standards established by the U.S. Food and Drug Administration (FDA) with regard to lead and cadmium content. They are food safe.

Gold-rimmed stoneware items:

- Featuring a hand-painted 18-karat gold rim;
- Not microwave safe;
- Hand wash recommended.

Terracotta (Earthenware)

Made in Portugal by artisans, Casafina's ceramics are handmade and handpainted. It is normal to expect slight design and color variations from piece to piece.

Earthenware is low-fired and has a tendency to "craze" (form minuscule lines) with repeated use. This crazing is the nature of earthenware products and does not have any significant effect on the ceramics.

Most terracotta/earthenware items are dishwasher safe, provided they are handled carefully as with any other handmade product. However, hand washing will prolong the life of the product. We do not recommend use in a microwave or freezer.

Cork

Our cork collection and our Ensemble collection cork trays are made in Portugal from 100% natural cork.

Keep your pieces as new with only two tips: for daily cleaning we recommend you use a damp cloth to remove impurities; when necessary you may use a cloth moistened with water and mild soap. Store protected from sunlight, moisture, and heat sources. Avoid strong alkalis (dissolves cork). Although food contact safe, to avoid smoke smell, and taste transfer, do not place food directly.

Flatware

Made from high-quality stainless steel (18/10), Pacifica flatware collection in a brushed finish is crafted for exceptional durability and sustainable for everyday use. To maintain the original qualities of all pieces we advise some extra care:

- Remove all the residues after each use, in order to avoid prolonged contact with cutlery pieces;
- For manual washing use hot water, a neutral detergent, and a soft cloth/sponge;
- Do not use abrasive or mechanical aggressive agents;
- Cutlery should be placed in the dishwasher's basket or tray; knives separate from other cutlery;
- After each dishwasher cycle, it is highly recommended that cutlery must be removed from the basket and well dried with a soft cloth;
- There should be special care with the knives and the blades, due to their extra sharpness. As they are more susceptible to oxidization, they should be carefully dried after each wash.
- In order to recuperate the original shine and remove lasting stains from a lesser quality washing, a soft cloth with drops of lemon juice can be used;
- Do not keep your flatware in humid places.

PRODUCT GUIDE

Glassware

Made in Europe, our glassware collections can be safely used in the dishwasher. However, hand washing will prolong the life of the products, especially the more delicate ones.

To maintain the original qualities we advise some extra care:

- Before placing glasses in the dishwasher it is advisable to rinse them in lukewarm water to eliminate any residues;
- Washing glassware by hand: hand wash glasses individually with a non-abrasive detergent, warm water, and a soft sponge or cloth;
- In the dishwasher: place glasses in the appropriate rack to avoid scratches. The washing temperature for the dishwasher should be 65°C (140°F) with a rinsing phase at 65°C (149°F) and a washing cycle of approximately 90/120 seconds. Carefully dose the brightener, an excess amount may cause iridescence on the glass surface, and a poor amount leaves water drop marks on the bowl. At the end of the washing program, open the door and leave it ajar for 5-10 minutes to vent steam and avoid the formation of halos on the glass due to condensation;

- Dry with a microfiber cloth.

Glass chargers, Glass Domes and Glass drink dispenser w/ stand

Each dome is mouth-blown glass, a fascinating handmade process which ensures that each piece is one-of-a-kind.

To maintain the original qualities we advise some extra care:

- Wash before first use;
- Dishwashing is not recommended;
- Wash after each use with a non-abrasive sponge;
- Dry with a soft towel to avoid spots.

Kitchen and Table Linens

Made in Portugal of high-quality European cotton and linen, our kitchen and table linen collections are easy to use and care for. They can be machine washed and iron according to the specifications of each fabric.

Metallic stands

Our painted metallic stands are made in Portugal.

When necessary we recommend to clean them with a moistened cloth.

Wood

Our wood boards, lids, baguette (Pacifica collection) and kitchen utensils are handcrafted in Portugal of premium quality European oak. All pieces are coated with food safe oil.

Fattoria and Poterie paper towel holders are made in Europe of beech wood. They are not coated.

Natural variations in the wood's tone and grain make each piece unique.

Handwashing is highly recommended. Wipe the wood pieces with a damp cloth. Do not soak. You can use mild dish detergent when necessary. To maintain the original qualities of all pieces, occasionally rub them with food-safe mineral oil.
