Crafting beautiful dining experiences

UNIQUE TABLETOP CREATIONS

Our love for life, family, friends, and healthy food has inspired us to create fine stoneware collections that combine quality and design with the best techniques in ceramic craftsmanship. We produce innovative and sustainable stoneware, made from the best natural resources in Portugal.

As a chef or restaurateur, you take pride in crafting unique dishes that reflect your personality and style. The presentation of your culinary creations says as much about you as the food itself.

At COSTA NOVA, we understand this and take pride in curating tabletop collections that are as unique as they are beautiful and functional. Our collections are designed for restaurants that appreciate innovative tabletop solutions. Our European handcrafted stoneware products combine enticing design, functionality, and durability to make COSTA NOVA a unique brand in the hospitality industry.

More information about COSTA NOVA around the world at costanovaprofessional.com

As seen in the most beautiful clubs, hotels and restaurants, COSTA NOVA offers a variety of styles that fit formal and casual environments.

1. Pearl collection photographed at Caché Comporta Restaurant in Comporta, Portugal. 2. Elements collection photographed at Tasca in Dubai, United Arab Emirates. 3. Aparte collection photographed at Selva in Paris, France. 4. Friso collection photographed at La Padrona Restaurant in Boston, Massachusetts, United States.

Sustainable stoneware Sustainable industry

«One of the key decisions that Chefs, hotels, and restaurants can make is to source from suppliers with a strong commitment towards protecting the environment.»

Miguel Casal, Founder and CEO at COSTA NOVA

At COSTA NOVA we are committed to making stoneware more sustainable.

Our products are guaranteed to be **eco-friendly, reusable, and recyclable**. They are crafted with non-toxic, lead-free materials.

We manufacture in Portugal, using the best local natural resources, which minimizes our ecological footprint. Our single-fired production saves energy and reduces emissions into the atmosphere. We save water, carefully treating and reusing it for internal cleaning processes or reintroducing it in our production processes. In addition, we reuse the heat from our kilns to other equipment.

Our original formula results in a unique ceramic body with a special bonding between the clay and the glazed surface, making our products more durable – as they are resistant to both thermal and mechanical shocks. This means our stoneware doesn't chip or scratch easily, and it can withstand high temperatures. It also means it has a longer lifespan, compared to more fragile ceramics, reducing the frequency of replacement and the associated resource consumption.

For more information about our sustainable mission: costanovaprofessional.com

Ecogres®

From the earth, for the Earth

At COSTA NOVA we are committed to making stoneware even more sustainable. In partnership with the University of Aveiro (Portugal), we developed Ecogres®, a new raw material created by collecting, recycling, and reusing clays and glazes from our operations, along with waste materials from nearby industries.

The result is Ecogres® (ecogres), a reinvented clay made entirely from recycled materials.

Eco-design

Our designers play a key role in promoting sustainability in stoneware manufacturing. We minimize the environmental impact of our products by considering form, ergonomics, aesthetics, and durability, while optimizing the use of resources like clay, glaze, energy, and water. All products are made to be eco-friendly, reusable, and recyclable, with minimal waste during production.

Packaging

Our packaging is 100% plastic-free and recyclable, using only non-hazardous dyes. To reduce waste, we developed Ecocard, made from crushed internal cardboard waste, used in 15% of our boxes. Our boxes are FSC* certified (75% recycled cardboard), sealed with recycled paper tape, and designed to be reusable.

*Forest Stewardship Council.

Ethical business practices

We are committed to high ethical standards across all operations, ensuring full compliance with EU regulations. Regular audits, conducted by both official regulators and independent auditors, verify these standards. We also ensure that all employees receive fair wages above the required minimum.

Waste management

The waste we generate is mindfully managed. 99% of our waste is either recycled or reused within our production process. We transform excess materials into new products and recycle waste from our factories back into new stoneware. With Ecogres®, we created a new material made from recycled clays and glazes, as well as waste materials from nearby industries.

Water treatment

In addition to our reducing consumption practices, 100% of our water is carefully treated and reused for internal cleaning processes or reintroduced in our production process. Each one of our factories is equipped with an industrial wastewater treatment plant, complying with EU standards.

Energy efficiency

At COSTA NOVA, we prioritize energy efficiency by harnessing 1180 kW of solar power, enabling our newest factory to run entirely on self-generated energy during daylight. Our other factories use solar and renewable sources. Our kilns are 15% more efficient than the most energy-efficient models, thanks to our closed-circuit system that reuses heat. Additionally, our single-firing process reduces energy consumption and CO2 emissions, and we lead Europe by testing hydrogen-powered firing for utility ceramics.

Collections from page 14 to 143.

high performance

Our high performance collections combine rims with a high degree of chip resistance and glazes that prevent metal marking.

2RTP282-AQU

Collections from page 144 to 263.

distinctive design

Our more unique collections are suitable for all hospitality environments yet require a higher degree of handling.

FT301-TRQ

Meet the designers

Carsten Gollnick

Born in 1966 in Germany, Carsten Gollnick has been running his own design studio just outside Berlin since 1997. Although he once considered becoming a chef, his passion for creativity led him down a different path, one that has since shaped his reputation as a celebrated designer. Gollnick's work is driven by a deep respect for what he calls the *"culture of things"*, where every material has a story, and attention is paid not just to how objects are made, but to the people behind their creation and those who will ultimately hold them. Inspired by nature and its quiet beauty, Gollnick finds a unique balance between function and elegance in everything he designs. His portfolio is incredibly diverse, ranging from writing instruments and lamps to interiors and showrooms. He designed the Nótos, Âmbar, Coastland, Resonance, and Escada ceramic collections, and Ramo and Sen cutlery collections.

Torres Euracini

A Portuguese designer, born near the Atlantic, in Póvoa de Varzim, with decades of experience in the ceramics industry and a global portfolio of impactful creations. With a degree in Industrial Design from the School of Arts and Design in Caldas da Rainha (Portugal) and specialized training in ceramics, he began his career in the mid-90s. Over two decades later, his designs are found across the globe, bringing joy and functionality to people's lives. For Torres, the greatest reward is knowing that his pieces are loved and used by so many. His work has contributed to the transformation of the ceramics sector, with focus on innovation, creativity, and sustainability. His inspiration led to the creation of the Roda and Redonda collections.

Christian Tortu

Christian Tortu is a renowned French designer with a deep-rooted love for nature. His journey began in his parents' garden in the Anjou region of France, where he first discovered the beauty of the untamed, natural world. When he moved to Paris, he felt something was missing in the city's meticulously planned parks: real, wild nature. This realization drove him to create designs that captured the freedom and raw beauty of the natural world, much like the landscapes of his childhood. Tortu's work invites people to experience nature in a new way, where plants and flowers are not just objects but living, breathing elements that bring softness and beauty to life. His floral arrangements and scenography have been celebrated globally, from the Cannes Film Festival to fashion shows for Chanel, Dior, and Valentino. Riviera and Marrakesh are among his creations.

resonance

carsten gollnick

PORCELAIN

Resonance, designed by Carsten Gollnick, merges porcelain and stoneware in a harmonious collection that invites you to push the boundaries of table setting creativity. Soft and smooth textures, waving patterns, and innovative shapes make this collection perfect for mix and match.

«Both materials have their own aesthetic and functional qualities. Both materials are assigned very different characteristics and attributes. In the design, I therefore tried to reconcile or harmonize the two material qualities of porcelain and ceramics. My wish was to support each of these individual and "personal" qualities of ceramics and porcelain and not to level them or make them the same.»

âmbar

carsten gollnick

Âmbar strikes a balance between artisanal beauty and the high performance that chefs demand, a perfect canvas for today's sustainable food stories. The material ecogres is both an aesthetic statement and a sustainability highlight.

«Âmbar is a tribute to the circular shapes and soft contours of nature. My first inspiration was stone and ring shapes as found in nature. Amber always has a transparent outer body and inclusions and precious round objects inside. In my design process, I developed a language of forms in which sensual, circular outer contours and edges, concentric and irregular, are arranged in conjunction with each other. This results in exciting relief surfaces that go beyond the familiar.»

Arenito

Handcrafted exclusively from COSTA NOVA's innovative recycled clay formula, ecogres, Arenito seamlessly combines functional design with a deep commitment to eco-consciousness. Arenito showcases a variety of cups (latte, lungo, espresso, and mug), and also dinnerware pieces offered in six soothing colors. Each piece is adorned with an interior matte glaze, retaining its unglazed nature on the underside, a distinctive detail that effortlessly imparts an artisanal aesthetic to the collection.

Brisa

With its organic shapes blended white and blue glazed finishing, Brisa stoneware adds a unique character to any table. This collection, inspired by the ocean, offers an exciting contrast to conventional dinnerware designs. The Brisa glass pieces bring innovation to food presentation, allowing chefs to play with shadows and the textures placed above the glass.

Escada

carsten gollnick

Designed by Carsten Gollnick for hosts who want to offer their guests a distinctive aesthetic experience during buffets, going beyond gastronomic quality. A cork staircase serves as the collection's core, enabling flexible stacking of stoneware elements for innovative presentations. Tilting and positioning these elements vertically allows for the creation of striking backgrounds and visual depth. Escada is designed to offer multiple presentation solutions in terms of height and depth. The various flat and staircase-shaped stoneware pieces can be stacked and positioned freely.

«Escada is a versatile buffet collection for hotels, inspired by the architectural building traditions of the cities and the wide horizons of the Portuguese countryside. Regional materials that reflect the history of Portuguese artisan culture and nature are an integral part of the concept.»

Pearl

The Pearl collection was inspired by the richness of the 18th and 19th century European ceramics. Round shapes with highly resistant beads were reinvented to create a new classic concept, that is, at the same time very contemporary and versatile. The combination of Pearl items creates a sophisticated event setting. Its dinnerware impacts purely by its appearance, but it is also its global outstanding performance that should be highlighted.

NEW COLLECTION

Rafaela

Bring a sense of fun and relaxation to every dining experience with the Rafaela collection. Featuring hand-applied paint splashes in four bold, vibrant tones, each piece is a one-of-a-kind creation, showcasing the artisan's individual skill. Perfect for hotels and restaurants looking to add personality to their presentations, Rafaela offers dinner and salad plates that instantly transform any table setting. The versatile bakeware transition beautifully from oven to table, making them as practical as they are eye-catching.

RODA

Torres Euracini

Roda is a simple yet significant collection by Torres Euracini. Its organic lines and exceptional glaze finish make it stand out in professional settings. Designed for adaptability and efficiency, each piece offers the freedom to create minimalist and versatile presentations. Inspired by the Latin word "rota", meaning circular movement, "Roda" symbolizes unity. It reflects the idea of bringing people together at the table to share flavors, experiences, and stories in a circle of connection and joy.

«The visual range of RODA offers a broad variety of possibilities to play with the best flavors of all seasons, masterfully created by the artists of fine dining and subtle taste.»

Rosa

Rosa's design, marked by delicate cutouts and graceful silhouettes, evokes a sense of contemporary casual elegance, all meticulously achieved through a manual process. The collection's hand-painted rim and flowing edges breathe fresh life into timeless elements, bringing a touch of pure and simple nostalgia to your dining experiences. Each tableware piece captures preserved memories that enchant and inspire, creating a timeless ambiance at every gathering.

Sardegna

Sardegna reflects the artistry of handcrafted pottery. The collection includes a range of dinnerware and serveware, available in two distinct finishes: a simple, classic glaze and an Italy vintage-inspired pattern. Each piece is hand-finished with a rustic glaze around the rim, adding a unique, artisanal touch that enhances its charm.

NEW COLLECTION

Scotia

In a tribute to the enduring legacy of Scottish yellowware, Scotia stands as a testament to the centuries old ceramic tradition that has found its way to contemporary dining. Crafted with dedication to both aesthetics and sustainability, this collection is made from yellow Ecogres, presenting a curated selection of dinnerware, finished in a transparent and highly resistant glossy glaze. Scotia has been meticulously crafted for visionary chefs and restaurateurs who aspire to create culinary experiences that seamlessly blend tradition and innovation, all while embracing a profound respect for nature.

Vermont

Mixing the identities of handicrafts and urban cosmopolitanism created the Vermont collection. Pure geometry distinguishes its young contemporary look from others and gives the collection an undeniable versatility. A robust look, with strong edges for a perfect resistance to impact, makes this collection the perfect choice for busy environments.

NEW COLLECTION

Vila

Inspired by the intricate floral patterns of 19th-century Portuguese ceramics, Vila brings timeless elegance to professional dining settings. Its softly flowing edges and delicate floral motifs are available in five contemporary colors, along with a classic white design accented by blue filet detailing. Designed for demanding hospitality environments, Vila combines beauty with durability—its high resistance to chipping ensures lasting performance, even with everyday use. Perfect for hotels and restaurants seeking style without compromising on quality.

Augusta

Augusta combines a soft matte beige surface with bold black rims that naturally draw attention to the food. Understated yet elegant, this collection lets the presentation shine. The black rim - always in style - works beautifully in spaces that are as versatile and dynamic as the pieces themselves.

Combination Suggestions.

Metallic holder

Combine the 3 Plate holder (O30189-MET) with:

Pearl Round plate 22 | PEP222-WHI
Friso Round plate 22 | FIP221-WHI
Rosa Round plate 22 | DAP221-WHI

Other options:

Livia Round plate 22 | LNP221-WHI
Nova Round plate 21 | NOP216-WHE
Riviera Round plate 22 | NAP215-TER

Metallic risers

Combine the Low metallic riser 36 (O30125-MET) with:

Rect. cov. baker 40 | WMH402-CRB

Other options:

Rect. tray 36 | GRR361-BKL

Combine the Low metallic riser 20 (O30129-MET) with:

Square cov. baker 30 | WMH302-CRB

Other options:

Rect. tray 36 | GRR361-BKL

Combine the High (O30126-MET) and/or the Low metallic riser 28 (O30127-MET) with:

Rect. tray 36 | GRR361-BKL

Combine the Low metallic riser 20 (O30129-MET) with:

Round plate 34 | DP331-CSB

Combine the High metallic riser 20 (O30128-MET) with:

Round plate 34 | DP331-CSB

Please note, these are just examples. Many other variations are possible.

Features and Benefits.

- Includes all the essential items for different buffet moments.
- Risers add height and dimension while maximizing space.
- Includes matching table signs for added detail.
- Black glazed stoneware is resistant to metal marking, perfect for busy buffets.

coastland

carsten gollnick

This collection is designed to offer creative combinations for professionals. Tall plates can double as lids, while wooden trays become plates or lids for bowls. Flat plates paired with matching wooden ones create new ways to present casual dining dishes. These combinations open fresh possibilities, like bento-style setups, aperitif presentations, relaxed brunches, and sharing experiences.

«Coastland was inspired by the aesthetics of landscapes between sea and land. The material aesthetic responds to the material beauty of the coasts, beaches, and dune landscapes. The magical area in between, full of soft natural colors, nuances, and strong contrasts. Between the vastness of the sky above the sea and the intense beauty of the hinterland. An imaginary walk from the sea to the land.»

Cristal

The Cristal collection draws its inspiration from the intricate patterns of exquisite crystal craftsmanship, as its name aptly suggests. Crafted with both tactile and elegant sophistication, Cristal transcends the ordinary, making a captivating statement on every dining table. Its remarkable reactive finish draws inspiration from the natural and refined hues of seashells found along serene coastlines. As a chef or restaurateur, you'll appreciate the beauty and quality of this collection, elevating your dining experience with timeless elegance.

Grespresso Collection

COSTA NOVA's Grespresso collection was designed to elevate the coffee experience, offering a diverse selection of sizes, colors, textures, and styles. These cups, crafted intentionally without handles, are perfect for serving the world's favorite beverage. But beyond their main purpose, the Grespresso collection proves its versatility. Thanks to its design and range of options, these cups are ideal for professional settings, easily adapting to serve multiple functions. Whether used for espresso shots, small desserts, or unique presentations, they go beyond coffee service. First introduced in 2018, the Grespresso collection expanded in 2022 with Grespresso Ecogres, incorporating eco-friendly materials. We are now excited to broaden the collection further, offering more colors, materials, and designs.

«At COSTA NOVA, we understand the importance of creating memorable experiences in hospitality, where coffee often takes center stage.»

(Miguel Casal, Founder and CEO at COSTA NOVA)

Grespresso

The Grespresso collection draws inspiration from the rhythmic flow of ocean waves, boldly brought to life through a captivating reactive glaze adorning the edges of each cup. This range boasts an impressive palette of eleven colors, ranging from the serene soft pink to the bold and vibrant red, as well as the timeless sophistication of black. These colors are carefully curated to infuse your daily coffee service with a distinctive sense of energy and beauty.

Grespresso Ecogres

Made of recycled stoneware, Grespresso Ecogres presents itself as a sensorial and sustainable collection of espresso cups. Inspired by World's craft and cultures, the hand-finished patterns featured on each cup emphasize the tactile and artistic nature of the collection. This collection not only pays tribute to coffee's history but also aligns with our sustainability commitment. In an era where global coffee consumption is on the rise, we place a growing emphasis on making it more environmentally responsible.

Grespresso Nature

This eco-friendly trio of coffee cups was designed with sustainability in mind. Grespresso Nature features three espresso cups and three lungo cups, each beautifully presented in three colors. What sets these cups apart is their unique combination of unglazed and glazed surfaces. Two of these cups are made of ecogres, while the third is made from stoneware, recognized as one of the most sustainable ceramics globally.

Lagoa Ecogres

Lagoa Ecogres combines contrasting finishes: a matte dark grey exterior and a durable black or white glaze on the interior. Its imperfect shapes and natural textures blend artisanal craftsmanship with modern design.

Marrakesh

*Christian
Tortu*

Designed by French floral artist Christian Tortu, the Marrakesh collection harmoniously blends sustainable craftsmanship, nature's essence, and Moroccan mystique. Inspired by the enchantment of the Majorelle Gardens, the collection's delicate floral forms invite diners on a sensory journey. Infused with the vibrancy of Moroccan markets, the distinctive interplay of speckled glazes and sandy, unglazed textures adds a unique touch to your culinary creations. Made of ecogres, Marrakesh isn't just an aesthetic choice; it's an invitation to showcase your dedication to sustainability.

«My inspiration comes from everything I've worked on before. It's all about the beauty of gardens and nature. It feels like a journey, crossing the Mediterranean to Morocco. The shapes are traditional, but they're also influenced by the fluidity of water and the grace of eucalyptus trees.»

carsten gollnick

Nótos is a complete, vital hotelware programme great for multiple applications. This signature collection presents a large selection of stoneware items that can be combined with metal, beechwood and cork accessories. With a sophisticated design, Nótos is the ideal choice for different food styles, from casual to fine dining.

«I paid particular attention to the design of the bowls, which are ideal vessels for me in the border area between cooking, serving and eating. The addition of cork, used here in a dark smoked finish, was intended to complement the functional advantages of the material and also to build a 'design bridge' to the material and product culture of Portugal. My secret wish was to promote and support the culture of cooking, eating and communicating together at the dining table through the versatility and aesthetics of the NÓTOS collection. For me, this is what culture at the table means.»

redonda

Toni Emaimi

Redonda is a complete collection of shapes and colors made of the best and most resistant stoneware from Portugal, cylindrical stackable structures suitable for gastronomic experiences, with high resistance and performance values, and touches of elements in genuine and natural cork. Redonda's aesthetic approach offers a great number of combinations with safety and sustainability, to involve the best condiments of all seasons, into creations of knowledge and good taste.

«Redonda is a multifaceted collection prepared to accommodate fish and seafood, meat and vegetables... enabling the excellence of plating that will elevate the flavors and art of great chefs.»

NEW COLLECTION

Silvina

Silvina is a collection that tells a story, beginning with its name. It honors the grandmother of COSTA NOVA's founder and celebrates Portuguese heritage, reflecting the sense of tradition associated with the name Silvina. Drawing inspiration from 16th-century Palissy ceramics, where texture is a defining feature, the collection delivers a sophisticated sensory experience to enhance the guest experience. Its white reactive glaze and craquelé terracotta finish provide a refined contrast, making it suitable for both modern and elegant settings.

Cutlery

At COSTA NOVA, our cutlery is made from premium 18/10 stainless steel. Each piece undergoes a meticulous process that blends ancestral know-how with contemporary innovation. The use of 18/10 stainless steel ensures durability and resistance to corrosion, while the thickness of the material contributes to the robustness and perfect balance of the pieces. **The manufacturing process is meticulous and largely manual, with each piece passing through the hands of expert craftsmen - true artists and sculptors, not just factory workers.** Inspired by COSTA NOVA's brand essence, our cutlery is designed to harmonize with every table setting, creating a relaxed and inviting atmosphere. Each collection blends perfectly with our stoneware, glassware, and linens, yet is versatile enough to complement existing tableware. We offer a variety of styles, exclusive designs, and innovative shapes and finishes, all crafted with attention to detail, transforming every meal into an elegant, memorable experience.

Inside the collection

THE INSPIRATION

Inspired by the terraced vineyards of Portugal's Douro Valley, this collection features wavy, ergonomically shaped handles and a classic, timeless silhouette. Available in polished and vintage brushed finishes, it captures the enduring charm of traditional craftsmanship while remaining effortlessly stylish.

THE PRODUCTION PROCESS

Table knife with hollow handle

Douro's professional table knife is available with two handle options - sleek hollow or robust solid - giving chefs the freedom to choose the feel and balance that suits their style.

Hollow handles are prized for their reduced weight and superior balance, offering comfort and precision in every cut, while their production demands expert craftsmanship - including precise internal shaping, careful engineering for strength, secure blade attachment, selective materials, and meticulous finishing - to ensure both durability and a flawless appearance.

NEW COLLECTION

Douro

Douro's heritage style brings a timeless classic into the contemporary era, embodying the subtle elegance of quiet luxury.

Crafted in Portugal using traditional methods, the collection is available in both polished and vintage brushed finishes.

The table knife is offered with either a solid or hollow handle, with the hollow version specifically designed to meet the demands of professional use.

Polished and Vintage Brushed.

MORE ABOUT
THE COLLECTION

Inside the collection

NEW COLORS

Exclusive tones curated for a fresh palette

Modern and stylish, Mito was designed to upgrade any table setting. With its vegetal resin handle in five different colors and a perfect balance with the steel, this collection appears original and contemporary.

Mito now comes in two new soft colors - Mint and Cloud Grey - adding two perfect shades that pair perfectly with COSTA NOVA tableware collections.

THE PRODUCTION PROCESS

Crafted in Portugal, Mito's production involves a careful manual process that honors craftsmanship and attention to detail. In the production process, the metal is directly injected into the resin handles, creating an exceptionally strong and durable bond between the two materials. Resin, a high-quality mineral fiber, is ideal for everyday cutlery. It is resistant to scratching, chipping, and impact, while maintaining a neutral temperature for a comfortable grip. Its non-porous surface prevents the absorption of water or stains, ensuring effortless cleaning and long-lasting beauty.

TX0297-AQU

NEW COLORS

Mito

Mito is a standout collection that blends modern design with versatile style, making it perfect for nearly any table décor.

Featuring resin handles in five contemporary colors, it offers a comprehensive range of items that combine functionality with elegant, everyday sophistication.

High-quality stainless steel with resin handles in five contemporary colors: Black, Cru, Wood, Cloud Grey, and Mint.

Inside the collection

NEW COLORS

Exclusive new finishes

Nau's new antique finish evokes a sense of authenticity, true to the COSTA NOVA spirit. Each piece feels lived-in and full of character, hand-finished with authenticity taking precedence over perfection. Because they are handmade, no two pieces are ever exactly alike - and that is precisely their beauty.

Striking, solid, and full of character, the Nau cutlery design draws inspiration from the Portuguese “nau” ships of the Age of Discoveries.

Like the vessels themselves, this collection embodies both strength and personality. Originally available in four finishes - Brushed, Polished, Copper, and Gold - Nau now introduces two exclusive new ones: antique-inspired, brushed, and gently worn (Antique-Black and Antique-Brown).

NEW COLORS

Nau

The Antique finish has a sense of history. It feels lived-in, experienced, and full of memories. Each piece is finished by hand, where authenticity matters more than perfection.

In the hospitality industry, this almost-forged look and aesthetic adds character to the experience and can enhance the guest experience with added interest.

The vintage look and unfinished aspect are the key features of both these new finishes, which bring new opportunities to hospitality storytelling.

Polished, Brushed, Gold, Copper, Antique Brown and Antique Black.

RAMO BY CARSTEN GOLLNICK

carsten gollnick

Ramo was designed by Carsten Gollnick for COSTA NOVA. Its history and the creative process behind it are worthy of a closer look and appreciation...

“Designing cutlery is a great challenge for me as a designer, and one that I enjoy. It is a pleasure that I savour. It is a fact that cutlery is literally ‘held’ when in use. It is an important extension of the hands and an aesthetic aid in the process of dining.

For me, cutlery is not just a tool, but also an aesthetic instrument that is inextricably linked to the fascinating world of table culture. Many aspects of ergonomics and functionality have to be combined with an inspiring design language.

During this design process, which always begins analogously for me, I thought a lot about natural structures in the plant world.”

Carsten Gollnick, Product Designer

NEW COLLECTION

Ramo

Ramo cutlery combines exclusivity, sculptural design, nature-inspired elegance, and superior functionality.

Designed by Carsten Gollnick for COSTA NOVA, it is available in three finishes - Polished, Brushed, and Black. Its luxurious, sophisticated, and distinctive design makes it ideal for creating striking and aesthetically pleasing table settings.

With a thickness of 5 mm, it is exceptionally solid, offering maximum strength, a luxurious look and feel, and perfect balance in the hand - substantial without being heavy.

While it complements any existing tableware, Ramo was specifically designed to harmonize with COSTA NOVA styles.

Brushed, Brushed Black and Polished.

SEN BY CARSTEN GOLLNICK

carsten gollnick

Sen is a reflection of bold, statement design, with a more expressive look. Designed by German designer Carsten Gollnick, this COSTA NOVA own-design collection elevates the dining experience with a quiet yet memorable aesthetic.

“My design intention for Sen was clear from the outset: I wanted to translate attributes such as minimalist elegance, generosity, shadow effects, and fine surfaces into a three-dimensional form.

I deliberately designed Sen as an architectural and geometric collection. The result is an atmosphere of calm and restraint. For me, cutlery is a partner to tableware and glassware in the context of use. With ‘Sen’, I wanted to design a partner for calm, elegant, minimalist, and material-conscious tableware and glassware.”

Carsten Gollnick, Product Designer

NEW COLLECTION

Sen

Sen is a cutlery collection designed by Carsten Gollnick for COSTA NOVA.

It features a minimalist, architectural, and sensorial design - bold yet delicate, modern, and distinctly geometric.

With a thickness of 5 mm, it provides a luxurious feel, while its perfect balance in the hand ensures exceptional comfort.

Sen is ideal for any setting that seeks to make a statement.

Use & Care

FINE STONEWARE

Not all stoneware is created equally. In fact, there is not a standard, universal definition of stoneware and the word is frequently misused to describe other ceramic products.

At our factories in Portugal, the ancient skills of modeling and decorating are combined with modern technology in a special process that produces high-quality fine stoneware products capable of withstanding everyday use over many years. Manufactured in a single firing system heated up to 1180°C (2160°F) our stoneware is very strong and durable. Its glazed surface is fully vitrified which gives it high resistance to both thermal and mechanical shock.

Oven, freezer and microwave safe

All pieces manufactured in fine stoneware have high thermal shock resistance, withstanding temperature variations between -20°C and 250°C (0°F to 500°F). The maximum thermal variation advised is 180°C (350°F). All stoneware products can be safely used in the oven, microwave, and freezer.

Recommendations:

- Avoid placing pieces straight from the oven on a cold surface.
- Do not use stoneware over a direct flame.
- Avoid using products with **craquelé surfaces*** in the oven or freezer (e.g., Cristal - Nacar, Dori - Nacar, Elements - Algarve, Madeira, Riviera and Silvina - Terracotta).

*Craquelé glaze is always reactive.

Dishwasher safe

All our pieces are easy to clean and can withstand abrasive cleaners due to their high durability and low porosity. Most items are dishwasher safe for daily use.

Recommendations:

- Assure items don't rub or bump against each other in the dishwasher.
- Hand wash oversized or delicate pieces.

*PVD gold-coated (Riviera) stoneware items: Not safe for oven, microwave, or freezer. Hand washing is advised.

*Lagoa metal's glaze should be protected by avoiding prolonged contact with acidic foods.

*Nótos' Mill is not dishwasher safe.

Food safe

All COSTA NOVA products meet international standards, including those set by the U.S. Food and Drug Administration (FDA) for lead and cadmium, securing they are safe for food use.

Craftsmanship

All COSTA NOVA fine stoneware products are hand-finished, giving them a unique character. Any irregularities, color variations, or small imperfections are signs of authenticity.

CUTLERY

At COSTA NOVA, our stainless-steel cutlery is designed to last a lifetime – combining design, functionality, and durability. With proper care, each piece will maintain its beauty, performance, and finish for years to come.

Washing - General care

- Rinse immediately after contact with acidic or salty foods to prevent discoloration or corrosion.

Dishwasher

- Our stainless-steel cutlery is dishwasher safe.
- Place the cutlery in the appropriate holder or compartment within the dishwasher, with handles facing downward and knives separated to prevent scratching.
- Avoid mixing cutlery made from different metals to prevent chemical reactions.
- Remove items immediately after the cycle and dry with a soft cloth to prevent water marks.
- Pieces with hollow handles, and made with wood, fiber/resin or PVD coatings may be placed in the dishwasher. Follow these guidelines:
 - Wash at a maximum temperature of 60°C (140°F).
 - Use detergent containing less than 10% phosphates.

Knives

- Blades are tempered for superior performance but may oxidize if left wet.
- Wash and dry knives immediately after use.
- Store in a knife block, sheath, or dedicated drawer to prevent dulling and damage.

Maintaining Shine & Handles

- To restore shine, soak stainless steel pieces briefly in a solution of 1 part vinegar to 8 parts warm water, then rinse and dry thoroughly.
- Wooden handles (such as maple or rosewood):
 - Avoid prolonged exposure to water.
 - Natural color changes over time are normal and add character.
 - Occasionally apply a small amount of food-safe oil to preserve the wood's tone and texture.

Storage

- Store cutlery in a dry, ventilated environment.
- Use dividers, trays, or protective cases to prevent scratches.
- Keep knives protected to maintain their sharpness and surface integrity.

If Handwashing

- Handwashing is suitable for all stainless-steel cutlery.
- Use warm water and a mild detergent, and avoid abrasive sponges, steel wool, or harsh cleaning products.

Ceramic metal marking cleaner

In hospitality settings, regular use of metal utensils may result in light marks on COSTA NOVA glazed stoneware. These are normal and occur because the metal is softer than the glaze. They are not defects and do not affect the performance or durability of the product. Marks can be easily removed using COSTA NOVA's metal cleaner, ensuring your stoneware continues to look pristine and perform beautifully in every service.

GLASSWARE

COSTA NOVA glassware collections are made from either machine-made glass or handmade glass. Wine glasses, water glasses, and tumblers are dishwasher safe, though hand washing will help extend their lifespan. To maintain their original qualities, we recommend the following care:

- Before dishwashing: Rinse glasses in lukewarm water to remove any residues.
 - In the dishwasher: Place glasses in the appropriate rack to avoid scratches. Set the dishwasher to 65°C (149°F) for washing, with a rinsing phase at 65°C (149°F), and a cycle of 90–120 minutes. Use the correct amount of brightener — too much can cause iridescence; too little may leave water marks. After washing, open the dishwasher door slightly for 5–10 minutes to let steam escape and prevent halos caused by condensation.
 - Hand washing: Wash glasses individually with a non-abrasive detergent, warm water, and a soft sponge or cloth.
 - Drying: Use a microfiber cloth for best results.
- *For oversized or delicate items (decanters, glass domes), hand washing is recommended.

Note: Recycled glassware may have natural imperfections, which are part of the manufacturing process and add to its unique character.

LINENS

Made in Portugal from high-quality natural fibers, our linen collections are durable, easy to use, and simple to care for. They can be machine washed and ironed according to each fabric's specifications. While some 100% linen items recommend a gentle washing cycle, they can safely withstand a regular cycle -this precaution helps preserve the fibers. All items display a “no dry cleaning” symbol, though they can tolerate gentle professional cleaning if needed; this guidance is included because harsh solvents can damage the fabric.

BIO-BASED FAUX LEATHER

Contains 30% renewable plant-based content and incorporates copper nanoparticles with antibacterial properties.

LEATHER

Handcrafted in Portugal, our leather accessories are vegetable-tanned using one of the oldest and most eco-friendly methods. This process results in durable leather that ages beautifully over time. To maintain the original qualities, we advise some extra care:

- Wipe clean with a damp cloth.
- For maintenance, occasionally rub with appropriate oil.

CORK & CORK/RECYCLED EVA

COSTA NOVA cork collections are crafted from either 100% cork (Nótos, Redonda and Cork collections) or a blend of 20% cork and 80% recycled EVA (Cork collection). Cork acts as a natural insulator, retaining temperature, while recycled EVA is an eco-friendly material made from production waste. To maintain the original qualities, we advise some extra care:

- For daily cleaning, use a soft, dry cloth to remove impurities.
- When needed, use a moistened cloth, but do not soak.
- Store away from sunlight, moisture, and heat sources.
- Avoid strong alkalis, as they can dissolve cork.
- Although food contact is safe, avoid smoke odor and taste transfer.
- Do not place food directly on the surface.

WOOD

COSTA NOVA wooden accessories are handcrafted in Portugal from premium quality woods. Natural variations in tone and grain make each piece unique. To maintain the original qualities, we advise some extra care:

- Handwashing is recommended.
- Wipe wood pieces with a damp cloth; do not soak.
- Use mild dish detergent when necessary.
- To maintain the wood's original qualities, before first use rub with food-safe mineral oil.
- Use boards and boxes for dry food only.
- Re-treat wooden items over time with food-safe wax or oil. Avoid scented oils, as it can go rancid. Walnut oil, flaxseed, coconut oil, and linseed oil are good options.

Additional care:

1. Never place wooden accessories in the dishwasher or leave them soaking in water.
2. If edges become fuzzy after contact with water, lightly sand with fine-grit sandpaper and moisturize with wood oil or wax.

OTHERS

1. **Metal:** Clean with a moistened cloth when necessary; dry immediately after cleaning to prevent moisture damage.
2. **Horn napkin rings:** Clean with a moistened cloth.
3. **Teapot infusers and handles:** Dishwasher safe, but hand washing is recommended. Rinse immediately after use to remove tea leaves, and wash as soon as possible. Avoid using harsh cleaning agents. Dry immediately after washing and store in a dry place.

ABOUT THIS CATALOG

- Environmentally friendly ECF paper, FSC-certified, with 25% recycled material. 100% biodegradable and recyclable.
- Optimized printing sheet format to minimize resource use and reduce waste.
- Efficient page layouts.
- Plastic-free cover.

PROFESSIONAL WEBSITE: **COSTANOVAPROFESSIONAL.COM**

Discover our exclusive website for the hospitality sector. Hotels, restaurants, cafés, and catering companies can easily browse and request quotes for COSTA NOVA's tabletop solutions.

Features included

- **Wishlist:** Allows users to request quotes through a simple form.
- **Product Filters:** Narrow down the product portfolio by selecting attributes such as shape, size, capacity, color, and material.
- **Sensory Experiences:** Explore dining concepts and tabletop presentations through a dedicated menu.
- **Inspiration:** Discover hotels and restaurants that have selected our products for their table settings.
- **Blog:** Stay updated on the latest news, product launches, upcoming shows, and trends.
- **Brochures:** Access detailed information, including technical specifications, catalogs, and project highlights.

The website is optimized for all browsers and mobile devices.

Explore our professional Instagram account **@costanovaprofessional**, where we highlight a selection of hotels and restaurants that have chosen COSTA NOVA for their tabletop solutions

B2B PLATFORM: **PRO.COSTANOVA.PT**

Create your account to access our B2B e-Shop, where you can conveniently order products anytime, anywhere, and from any device. Request your login via the access form available at www.costanova.com.

MEDIA BOX

We created Media Box Professional specifically for our hospitality clients. This platform provides access to sales and product guides, high-quality images, product suggestions, catalogs, and detailed information about COSTA NOVA. Please contact your Market Manager to request your account login credentials.
